Department of Reclamation

Dear Sirs,

Could we please inquire about the status of "Proof of Beneficial Use" on our well here in Power County; NE $\frac{1}{4}$ of Sec. 21, T56 S., R 33 EBM..

The permit was issued and the well dug in 1955. The well digger was A. J. Schoonover of Burley. In the summer of 1957 the application for Proof of Beneficial Use was started with Gregg Potvin of American Falls acting as our attorney. To the best of our knowledge, everything was in order at that time. However, we hadn't received any word by late winter so we approached Mr. Potvin about it. He said that he would check into the matter and file some sort of "proof of filing".

We still haven't heard anything about this and are quite anxious. If the thing is in the machinery and moving OK, please let us know. If it appears necessary to you, please send the proper forms and information so that we can initiate the proceedings over again.

Thank you, Sincerely,

Seth I. Neibaur
