State of Idaho
License and Certificate of Water Right

Water License No. G-24315

Amount 1.64 c.f.s.

Water District No.

Priority July 18, 1953

THIS IS TO CERTIFY that LELAND J. MORRISON
of Downey, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 18, 1953; that Permit No. G-24315
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.09 second feet, was issued thereunder on November 11, 1958, showing that said works
were completed on the 12th day of June, 1958; and that on the 12th
day of June, 1958, LELAND J. MORRISON

of Downey, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean, for the purpose of Irrigation
, under Use Permit No. G-24315 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6513, on the 11th day of November, 1958;
The right hereby confirmed dates from July 18, 1953;

The Point of Diversion is located
in the SW 1/4 NW 1/4, Sec. 18, Tp. 11 S., R. 37 E., B. M. County Bannock
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.64 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT 29-2337

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32106
Permit No. G- 24315
District No.

Anderson & Anderson
Attorneys at Law
Box 327, Pocatello, Idaho

1. Name of Applicant: LELAND J. MORRISON
Postoffice address: Downey County: Bannock State: Idaho
2. Quantity of water claimed: 4 second feet
 (a) Rate of withdrawal in cubic feet per second. or Idaho
 Miners' inches 200 or gallons per minute.
 (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Well
4. Location of point of diversion or well is in the SW 1/4 of the NW 1/4 of Section 18
 Twp. 11 S., Rge. 37 E., B.M., County of Bannock
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, ditches and pipes
8. Estimated cost of works: \$ 6,000.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is one years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 2 feet
 Portneuf Marsh Valley
 - (a) 4 (cubic feet per second, ~~inches or gallons per minute~~) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

G 24315

October 2, 1958

Re: Permit No. G-24315

Mr. Leland J. Morrison
Downey
Idaho

Dear Mr. Morrison:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24315 shows that the well is capable of producing $154\frac{1}{2}$ miners inches of water, of which 82 miners inches (1.64 c.f.s.) is put to beneficial use for irrigation of 82 acres.

Upon receipt of the statutory fees, totalling \$15.00, we will issue the Certificate of Completion of Works for the diversion of 3.09 second feet ($154\frac{1}{2}$ inches) and the License and Certificate of Water Right confirming the right with priority of July 18, 1953, to the use of 1.64 second feet of subterranean water, with point of diversion in the $SW\frac{1}{4}NW\frac{1}{4}$ of Section 18, Township 11 South, Range 37 East, B.M., for irrigation of 82 acres in the $W\frac{1}{2}NW\frac{1}{4}$ Section 18, Township 11 South, Range 37 East, B.M. and the $W\frac{1}{2}SE\frac{1}{4}$, $SE\frac{1}{4}SE\frac{1}{4}$ of Section 12, Township 11 South, Range 36 East, B.M.

The statutory fees, mentioned above, are five dollars for the Certificate of Completion of Works and ten dollars for the license--based at the rate of two dollars for each 40-acre subdivision.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-24315

This proof is for C/W & Beneficial Use In Water District No.

1. Name of applicant Leland J. Morrison - Downey, Idaho

2. Source of water supply: Well

3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 18

T. 11 S. R. 37 E. County of Bannock

4. Describe works as they exist, giving dimensions and capacities of same: Drilled well equipped with vertical gear driven pump and tractor. Pipe line and earthen ditch distribution system.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Township 11 South, Range 36 East

Section 1: NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 12: NW $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 13: N $\frac{1}{2}$ NE $\frac{1}{4}$

Township 11 South, Range 37 East

Section 18: Lots 1 and 2 Total acres: 345

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Morrison aided in making the August 21 '58 examination and operation, but had other engagement which prevented him being present during the beneficial use examination. He appeared to understand that all of his land would be entitled to a right of 1 miners inch of water - both that irrigated and that which is not irrigated. It developed that relatively a small amount of his land is actually being irrigated with the water from the well.

This examination was made on the 21 day of Aug, 1958

(Signed) James S. Marx

Dear Mr. Morrison:

This acknowledges the depositions of Holder and two Witnesses and the Affidavit of Publication in The Downey Canal in proof of completion of works and beneficial use under Permit No. G-24315.

Before a permit can be licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to accompany him.

Very truly yours,

GEO. N. CARTER

Permit No. G-24315

Proof of Application of Water to Beneficial Use

Deposition of Holder and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Leland J. Morrison Downey, Idaho Farming

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Same as above

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24315 7-28-53

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well is located on Lot one, south end. It is a ~~Payne~~ & Bowler, 10 in. Column & is equipped with 60 ft. 12 inch pipe. Will handle 4 sec. ft. water. There are 3 Valves to turn water into ditches. One at the well, one about middle way of pipe & one at end of pipe. These ditches carry water to ground described in question no. 6.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well - Depth 80 ft. - casing 16 inch - 32 ft. to water

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation at : NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 1; NW $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{4}$ SE $\frac{1}{4}$ Section 12; NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 13: Township 11 South, Range 36 East B. M.: and lots 1 and 2 section 18; Township 11 South, Range 37 East B. M. making a total of 225 acres. 65 acres are in natural meadow - 15 acres of waste - 145 acres cultivated - All cultivated and natural meadow land is the result of the use of said water.

P 24315

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation purposes only

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 175 Miner's inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Irrigation It will deliver 4 sec. ft or 200 miner inches. I will use it to water ground described in question 6.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water

(Sign) John J. [illegible]

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Downey County of Bannock

Permit No. G-24315

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ursel Steed Age 32 Downey, Idaho Farming

Ques. 2. Are you acquainted with Leland J. Morrison, the holder of Permit No. G-24315? How long have you known him and where does he reside?

Ans. 20 Years - Downey, Idaho

Ques. 3. Have you read or heard read said Permit No. G-24315, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion and describe works for conveying water from point of diversion to place of use.

Ans. Well on the South end of lot 1 -

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Will safely conduct 175 Miner's inches - I have seen 112½ Miner's inches of water

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 112½ Miner's inches - I was in attendance at the time they were measuring same.

P 24315

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation at: NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 1: NW $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 12: N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 13: Township 11 South, Range 36 East B.M: and Lots 1 and 2 section 18, Township 11 South, Range 37 East B. M. making a total of 225 acres. --- 65 natural meadow - 15 acres of waste - 145 acres Cultivated - All cultivated and natural meadow land is the result of the water.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Some of the land had been farmed and some broke up, water required is the amount now being used or 175- miner's inches.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1957 raised potatoes from the use of said permit on 10 acres of said land put under cultivation by said permit.

(Signed) W. C. Tud

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Downey, County of Bannock, State of Idaho, on this 12th day of June, A. Ans. Water is used for irrigation at: NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 1; NW $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 12; N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 13; Township 11 South, Range 36 East B. M.; and Lots 1 and 2 section 18, Township 11 South, Range 37 East B. M. a total of 225 acres. - 65 natural meadow - 15 acres of waste - 145 acres cultivated - All cultivated and natural meadow land is the result of the water

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Some of the land had been farmed and some broke up, water required is the amount now being used or 175 miner's inches.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have watched the cultivation of said land from 1954 to the present time, since my land is next to the said land covered under said permit.

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Downey, County of Bannock, State of Idaho, on this 12th day of June, A. D. 1958.

Re: Permit No. G-24315

Mr. Leland J. Morrison
Downey, Idaho

Dear Mr. Morrison:

We are returning your Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-24315, for additional information.

It will be necessary that you answer in detail, Question (4), giving the source of water supply and give the exact location of the point of diversion or the location of the well, by 40 acre sub-divisions, section, township and range. Under Question (5), it will be necessary that you describe your works more thoroughly. You have described your well in detail, however, you have said nothing about your pump, pipe line and ditches, which should be stated in full. Please also answer Question (10), stating to what extent and to what amount of water that your pump will deliver.

Please correct and return to this department.

Very truly yours,

E. N. HUMPHREY
Deputy State Reclamation Engineer

RE: Permit No. G-24315

Date May 1, 1958

Leland J. Morrison
Downey, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24315 are due not later than July 28th, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-24315

Mr. Leland Morrison
Downey, Idaho

Dear Mr. Morrison:

We have your letter received in this Department today, stating that you are prepared to make proofs of Completion of Works and Beneficial Use on your Permit No. G-24315.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this Department together with Form 11 which is your authorization for us to have the Notice published at your expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by yourself and two disinterested witnesses in making these proofs.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Very truly yours,

MARK R. KULP

RE: Permit No. G-24315

Mr. Leland Morrison
Downey
Idaho

Dear Mr. Morrison:

This department received a letter from you which stated a request for a form for a permit to file on water for beneficial use. No address was given in your letter, therefore it has been pigeon-holed until recently. However, we find in looking over our records that you have made other filings in this department and we find your address to be Downey, Idaho.

We are at a loss to know whether the request was for a blank form on which to file an application for permit to appropriate more water, or if you wish to complete your Permit No. G-24315 by making proof of completion of works and beneficial use.

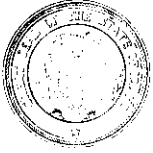

We note on Permit No. 24315 that you have an extension for making said proofs to show July 28, 1958. Kindly write us in detail explaining what you wish to do, whether you wish an application to file on addition water or if you wish to complete your proofs.

RE: Permit No. G-24315

Mr. Leland Morrison
Downey, Idaho

Dear Mr. Morrison:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24315 to be made on the 12th day of June at 10:00 A.M. before Sam Robinson, Notary Public.

As of this date we have mailed the Notice to the Downey Comet with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, on the date, at the place and before the Notary as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each, and, that all depositions (Holder and two Witnesses) are being returned. Also, be sure to enclose the Affidavit of Publication.

Re: Permit No. G-24315

To Mr. Deland J. Morrison
Downey, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G-24315 to appropriate the Public Waters of the State of Idaho, have not been complied with as to Completion of works July 28, 1955

you are hereby notified in compliance with Sec. 42-311, Idaho code that said Permit No. G-24315 is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from date of this notice why said Permit should not be cancelled.

Said Permit No. G-24315 claims the use of four cubic feet per second of the waters of a well with point of diversion located in the SW 1/4 NW 1/4 Section 15, Township 11 South, Range 37 East, E. A., and was approved July 28, 1953

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the 4th day of October, 1955

Pocatello, Idaho

Dear Mr. Anderson:

We acknowledge receipt of your letter of July 17, 1953, enclosing application of Leland J. Morrison to appropriate four (4) second feet of water from a well accompanied by your check for the \$5.75 filing fee.

In checking the application with the sketch map, we note the following discrepancy:

Question 12 of the application described forty (40) acres in the NW 1/4 SW 1/4 Section 1, Township 11 South, Range 36 East; but, the sketch map shows the NE 1/4 SE 1/4 of said section.

As both of these descriptions are entirely separate from the rest of the land described, we are not sure which is correct so we return the application for necessary corrections.

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10:00 A. M., on the 12th day of June, 1958, at Downey, County of Bannock, State of Idaho, before Sam Robinson, Notary Public, proof will be submitted of the completion of works for the diversion of 4.0 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24315 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit Leland Morrison, Downey, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4.0 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.0 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 18, Twp. 11 S., Rge. 37 E.

5. The place where said water is used is Lots 1 & 2 Sec. 18, Twp. 11 S., Rge. 37 E.; SE $\frac{1}{4}$ SE $\frac{1}{4}$; NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 12; NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 1 Twp. 11 S., Rge. 36 E.

6. The date of priority which said user is prepared to establish is July 18, 1953.

MARK R. KULP

State Reclamation Engineer
