

APR 30 2001

State of Idaho
License and Certificate of Water Right

Water License No. G-24013 Amount 1.76 c.f.s.
Water District No. _____ Priority April 11, 1953

THIS IS TO CERTIFY that W. A. BARFUSS
of Downey, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated April 11, 1953; that Permit No. G-24913
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.76 second feet, was issued thereunder on December 26, 1956, showing that said works
were completed on the 7th day of February, 1955; and that on the 7th
day of February, 1955, W. A. BARFUSS

of Downey, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~xxxprimaryxxx~~ subterranean flow, for the purpose of Irrigation
, under Use Permit No. G-24013 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5892, on the 26 day of December, 1956;
The right hereby confirmed dates from April 11, 1953, 19 ;

The Point of Diversion is located
in the NE 1/4 SE 1/4, Sec. 28, Tp. 11 S., R. 37 E., B. M. County Bannock

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.76 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	37 E.	28	NE $\frac{1}{4}$ SE $\frac{1}{4}$	40	15

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31789
Permit No. G- 24013
District No.

1. Name of Applicant: W. A. BARFUSS
Postoffice address: Downey County: Bannock State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. Three or Idaho
Miners' inches 150 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Well (subterranean flow)
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 28
Twp. 11 S. , Rge. 37 E. , B.M., County of Bannock
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well drilled, cased and pumped with motor.
8. Estimated cost of works: \$2,500.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Two (2) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
(See Permit No. 23469 on E $\frac{1}{2}$ SE $\frac{1}{4}$)
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Agent.

Corrected application received:

State Reclamation Engineer.

Re: Permit No. 29-2332

Mr. Woodrow W. Sorensen
Swan Lake, Idaho 83281

Dear Mr. Sorensen:

We are enclosing a new application for you to file on additional water from your well. This will give you a second right and will carry a later priority. This new permit should show the same point of diversion and include only the new lands you intend to use.

If we can be of further assistance, please let us know.

Very truly yours,

M. RUSSELL BOSCH
Administrative Assistant

MRB:mjl

Enclosure

Department of Reclamation
Mr. Russell Bosch.

Dear Sir:

I would like to use additional water
from this well - permit no. 29-2332 - on section
28-T11S-R37E. on and additional 140 acres. I am
watering this land now with same pump and all - except
a new plastic main line - which is much more efficient.
But I need a new priority so I can use more water if
the need arises. If I had priority for another 1.76 c.f.s.
I would be plenty. - Hoping to hear from you soon

Very truly yours
Woodrow W. Freeman
Swan Lake, Idaho

RE: Permit No. 29-2332

Stephen A. Meek, Ass't. Manager
Federal Land Bank Association
P. O. Box 386
Preston, Idaho 83263

Dear Mr. Meek:

Our records indicate that a water license has been issued for use on the Southeast Quarter of Section 28,, Township 11 South, Range 37 East, B.M.

The license number is 29-2332, priority date of April 11, 1953, amount 1.76 c.f.s., for the irrigation of 127 acres. This license has been issued to a Mr. W. A. Barfuss. There is no restriction in the area of this well, however, if Mr. Sorensen decides to use additional water from this well to irrigate new lands, he will be required to file a new permit which would carry a later priority.

Very truly yours,

M. RUSSELL BOSCH
Administrative Assistant

Re: #138457-Woodrow W. Sorensen

Gentlemen:

Woodrow W. Sorensen of Swan Lake, Idaho, has made application to us for a loan. He claims to have a license on a Well located in the SE $\frac{1}{4}$ of Section 28, Township 11 S, Range 37 ERM.

We are wondering if you could give us the license number, priority, and the number of cfs he is authorized to use. We are also wondering if there are any restrictions which would prohibit Mr. Sorensen from irrigating additional lands other than those identified in his application for license from this well.

Thank you very much for your help in this matter.

Very truly yours,

RE: Permit No. G-24013

Mr. W. A. Barfuss
Downey
Idaho

Dear Mr. Barfuss:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-24013 which shows that your well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 28, Township 11 South, Range 37 East, B.M. will deliver 88 inches or 1.76 second feet of water which has been used to irrigate 127 acres of land in the SE $\frac{1}{4}$ Section 28.

A Certificate of Completion of Works and License can, therefore, be issued for 1.76 second feet of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$8.00 license fee, or a total of \$13.00.

Very truly yours,

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 1:00 p. m., on the 7th day of Feb., 1955, at Downey, County of Bannock, State of Idaho, before Elvin Christiansen, Notary Public, proof will be submitted of the completion of works for the diversion of 3 cubic feet per second of the waters of a well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24013 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are W. A. Barfuss, Downey, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 3 cubic feet per second.

4. The place where said water is used is SE $\frac{1}{4}$ Section 28, Township 11 South, Range 37 East B. M. and the well is located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

5. The date of priority which said user is prepared to establish is April 11, 1953.

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W.A. Barfuss---Downey, Idaho-----Farmer P.O. Downey, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24013 April 23, 1953. April 11, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The supply of water is from a well and the location of this well is NE 1/4 of the SE 1/4 of section 28 Twp. 11S. Rge. 37E. B.M. County of Bannock.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The depth of this well is 132 ft. and is cased all the way with a 18 inch casing. Water is pumped from the well into a main-line and from there it goes into 4 quarter mile laterals with a total of 132 heads and each head will discharge 10.2 #G.P.H. at a pressure of 50 lbs. are a total of 1347 G.P.H.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used for irrigation on the SE 1/4 of Section 28, Twp. 11S, Range 37 E. This farm has a total of 130 acres and all of it is under irrigation from this well. This land is all fenced and cultivated.

24013

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. ~~This water has been used since April 11, 1955 for irrigation of a 130 acre farm at the rate of about 1350 G.P.H.~~ This water has been used since April 11, 1955 for the irrigation of all of the 130 acres on this farm at the rate of about 1350 G.P.H.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

(Sign) *J. H. Bayless*

Permit No. 974013

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Hugh Brady, 62 years, Virginia, Idaho, farming
Virginia, Idaho

Ques. 2. Are you acquainted with W. A. Barfuss, the holder of Permit No. 974013? How long have you known him and where does he reside?

Ans. I have known Mr. Barfuss for thirty years
He lives in Downey, Idaho.

Ques. 3. Have you read or heard read said Permit No. 974013, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water supply comes from drilled well. Location - NE 1/4
of S.E. 1/4 of Sec. 28, T. 11 S., R. 37 E. B.M. - Bannock County. Conveyed by
main line through sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3 second feet

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 1350 gallons per minute or 132 heads @ 10.2 gal. per minute.

974013

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on SE 1/4 of Sec 28, T11S - R37E3M.
all ground is cultivated. Improvements, fence & well.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Clay loam with some gravel. Full amount of
three feet is required.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been employed as fieldman for Franklin County
Idaho Co. and have closely observed this farm for the past
year

(Signed) Hugh L. Brady

Gentlemen:

We have carefully checked the copy of your issue of December 30, 1954, and do not find the notice on Permit No. G-23640 of Kenneth C. Sorensen sent you on December 20. We very much regret this as it will now be too late to start publication in time to allow four publications prior to January 15.

Please commence publication with your next issue without fail and change the date for making proof to January 29, 1955. This will allow four publications, January 6, 13, 20 and 27.

Also, be sure to commence in your January 6 issue notice sent you on December 28 for W. A. Barfuss' Permit No. G-24013.

Very truly yours,

MARK R. KULP

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 1:00 P. M., on the 7th day of Feb., 1954, at Downey, County of Bannock, State of Idaho, before Elvin Christiansen, Notary Public, proof will be submitted of the completion of works for the diversion of 3 cubic feet per second of the waters of a well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24013 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are W. A. Barfuss - Downey, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 3 cubic feet per second.

4. The place where said water is used is SE¹/₄ Section 28, Township 11 South, Range 37 East B.M. and the well is located in the NE¹/₄SE¹/₄ of said Section.

5. The date of priority which said user is prepared to establish is April 11, 1953.

MARK R. KULP

State Reclamation Engineer

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date).....Dec. 27, 1954.....

(P. O.).....Downey, Idaho.....

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
.....The Downey Canal..... of McCannon, Idaho..... published in
the county in which the works are situated.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

RE: Permit No. G-24013

Mr. W. A. Barfuss
Downey
Idaho

Dear Mr. Barfuss:

We have your letter of December 20 enclosing relinquishment of Permit No. 23469 and requesting the forms for making proof on Permit No. G-24013.

We have partially filled out the notice for publication in connection with this proof. Please complete both copies by setting the time and place and naming the Notary Public before whom the proof is to be made.

The proof may be made at Downey or any place convenient for you and your two witnesses but the time must be set far enough ahead to allow for the four weeks publication prior to making the proof.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two witnesses in making the proof.

Very truly yours,

RECEIVED
DEC 23 1954
Department of Reclamation

Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Sir:

In reference to your letter of Dec. 15th I am signing the relinquishment of permit No. 23469 and returning it to you because I feel that if it will not jeopardize my rights in the well which is covered by permit No. 24013 there will be no need of completing proof on both permits.

As for completing proof on permit No. 24013 I have used the water to irrigate all the 130 acres for the last two seasons and according to your letter I can make full proof at any time now. If this is the case you may send the necessary papers as soon as possible to complete this proof.

Hoping to hear from you soon I remain

Yours Truly,

W. A. Barfuss
Downey, Idaho.

December 15, 1954

Permit No. G-23469 - G-24013

Mr. W. A. Barfuss
Downey
Idaho

Dear Mr. Barfuss:

Reference is made to your letter of December 1, in regard to the above numbered Permits.

It is not likely that anyone from this department will be in your vicinity soon and it will not be necessary for you to make a special trip to Boise as we think the matter can be handled by correspondence.

Relinquishment of Permit No. G-23469 will not jeopardize your right to the well since this same well is included in your Permit No. G-24013, but it would make a little difference in your priority for the 50 inches applied for in Permit No. G-23469.

If irrigation from the well is completed and all land you wish to irrigate from the well has been irrigated at least once, you are in position to make full proof on both Permits.

In such case, you can get all the water in one license under Permit No. G-24013 with a priority of April 11, 1953, or you can get two licenses, one for 50 inches under Permit No. G-23469 with a priority of December 22, 1952 and the balance of the water under Permit No. G-24013 with a priority of April 11, 1953.

In case you wish the two licenses, it will be less expensive to ask for an extension of time on G-23469 and then advertise the two together.

If you will advise us which course you wish to pursue, we will send you the necessary forms, either an application for extension or the forms required in order to make proof on Permit No. G-23469.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Chief Clerk

Downey, Idaho
Dec. 11, 1954

RECEIVED
DEC 14 1954

Department of Reclamation

Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Sir:

In regards to your letter of Dec. 10th you asked that I set a date for making proof on Permit No. G-24013. I understand that this should be made two years from the date the permit was issued, which will be April 23, 1955, but as far as I am concerned the project is complete and would like to make this proof as soon as possible.

As to the relinquishment of my right to Permit No. G-23469 I was wondering if this would jeopardize my rights in this well. You understand this is the same well in both permits but due to the fact that it produced more water than first anticipated I was able to water not only the 50 acres called for in Permit No. G-23469 but also for another 80 Acres making a total of 130 acres which the Permit No. G-24013 calls for. If this permit covers all of this land then I will gladly sign and return.

I would like to talk this matter over with you. If you are coming down this way could you let me know then I can make arrangements to meet you. If not could I make a date to meet with in Boise.

Advise me what to do on these matters I remain

Yours Truly,
W.A. Barfuss
Downey, Idaho.

December 10, 1954

RE: Permit No. G-24013

Mr. W. A. Barfuss
Downey, Idaho

Dear Mr. Barfuss:

We have your letter of December 9 in which you state that it is Permit No. G-24013 on which you wish to make proof on Completion of Works and Beneficial Use.

This Permit is for 3 second foot of water from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 28, Township 11 S., Range 37 E., B. M. for use on the SE $\frac{1}{4}$ of said Section. With priority of April 11, 1953.

Proofs on this Permit are not due until April 23, 1955 and the notice sent you was in connection with Permit No. G-23469, it was for 1 second foot of water from the same well for use on 50 acres on the E $\frac{1}{2}$ of SE $\frac{1}{4}$ of said Section 28 and the proofs are due on this January 5, 1955. This Permit ~~which~~ carries a priority of December 22, 1952.

Your letter indicates that Permit No. G-24013 is intended to take the place of Permit No. G-23469. In that case you may sign and have witnessed the enclosed Relinquishment of Permit No. G-23469, and if you will set a date for making proof on Permit No. G-24013 we will prepare the proper notice and send same to the Downey Comet for publication.

Very truly yours,

Downey, Idaho

Dec. 9, 1954

Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

In reply to your letter of Dec. 8, 1954 I find that Permit No. G-23469 is the wrong permit and if you will check with Permit No. G-24013 you will find that it supersedes the Permit in question. This last Permit was issued because of an increase in the amount of land that could be irrigated from this well, but I find that the Permit calls for 3 second feet instead of $2 \frac{3}{5}$ second feet that is on the Notice of Proof that was sent to your Office.

Hopeing to hear from you soon on this matter I remain

Yours truly,

W.A. Barfuss
Downey, Idaho.
