Dear Mr. Denney:

We acknowledge receipt of corrected depositions of yourself and 2 witnesses, also affidavit of publication in the Downey Comet all in proof of Completion of Works and Beneficial Use on Permit No. G-23873.

This completes your proof, but before final action is taken the law requires that a field examination be made by an engineer of this department.

We cannot say just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination in order that you may arrange to show him over the ground.

We return your statement for cost of publication which you will doubtless want to keep for your own files.

POINT OF DIVERSION
Permit No. G-23791

RECEIVED
JAN. 20, 1958
Department of Reclamation

Comes now G. A. Saxton
and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 23791.

That the point of diversion is described in said Permit as being located:

NE 1/4 SW 1/4, Section 32, T 3 N - R 3 W., B.M.

That he now requests that the point of diversion be changed to a point located: #1, SE 1/4 SW 1/4, Sec. 29; #2 NW 1/4 NE 1/4, Sec. 32, T 3 N - R 3 W., B.M.

That the reason for desiring to make such change is as follows:

These are better well sites and the water will distribute more efficiently.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho this 14 day of January, 1958

RE: Permit No. G-23873

Mr. Edward Denney
Downey
Idaho

Dear Mr. Denney:

We acknowledge receipt of the depositions of yourself and two witnesses offered in proof of Completion of Works and Beneficial Use on Permit No. G-23873.

However, none of these permits give the point of diversion or location of the well as called for in Question 4 and we return them for that purpose.

Also, we note that you must have been furnished with faulty copies of Form 17. This form contains a number of questions on the back which is necessary to have answered, and we enclose other copies of Form 17, which please have your witnesses complete and return to this department.

The affidavit of publication should accompany the proofs and if you have not received this from the Downey Comet, we suggest you take the matter up with them at once.

Very truly yours,

MARK R. KULP

RE: Permit No. G-23873

Mr. Edward Denney
Downey
Idaho

Dear Mr. Denney:

We have your letter of August 31, 1953, stating that you are prepared to prove up on Permit No. G-23873.

You, of course, understand that proof of Completion of Works and Beneficial Use must be made at the same time, and before these proofs are made, notice must be published once a week for four weeks in a county newspaper.

The notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made.

Both copies of Form 36 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proofs.

Very truly yours,

Dear Mr. Denney:

We enclose a form of application for permit to appropriate sub-
terranean water from a well together with a pamphlet giving regulations
and instructions in regard to filing same.

When this application is approved, it will be signed by the
proper State Officials and sent you as a use permit under which you
may proceed with the construction of the work described in the appli-
cation.

In order to complete your water right, proofs of completion of
works and application of the water to beneficial use are required. The
time required for making these proofs should be indicated under Question
