Dear Mr. Caldwell:

We acknowledge receipt of your letter of April 28, enclosing application of Ellwood J. Stephens to appropriate water from a well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 8 South, Range 39 East, accompanied by your check for \$18.48.

We note that the application calls for 54.93 cubic feet per second or 274.68 inches. We think the decimal has been misplaced in the original figure as 274 inches of water is only 5.48 cubic feet per second which is one inch per acre for the land to be irrigated or the maximum allowed by statute.

The correct filing fee on this amount is \$6.25 and we return your check for \$18.48 with the request that you substitute for it one for \$6.25.

Very truly yours,
