

State of Idaho
License and Certificate of Water Right

Water License No. 20429

Amount 0.06 second foot

Water District No.

Priority April 26, 1948

THIS IS TO CERTIFY that H. W. MATTHEWS
of Pocatello, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated April 26, 1948; that Permit No. 20429
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.08 second foot, was issued thereunder on June 14, 1948, showing that said works
were completed on the 25th day of May, 1948; and that on the 28th
day of July, 1948,

H. W. MATTHEWS
of Pocatello, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of an artesian
well, a tributary of - - - - - , for the purpose of irrigation, domestic and
stock water, under Use Permit No. 20429 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4480, on the 9th day of April, 1948;

The right hereby confirmed dates from April 26, 1948;
The Point of Diversion is located
in the SW 1/4 NE 1/4, Sec. 12, Tp. 7 S., R. 34 E., B. M. Bannock County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.06 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			SW 1/4 NE 1/4 Section 12, Township 7 South, Range 34 East, B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
9th day of April, 1949.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho ²⁹⁻²²⁷³

APPLICATION No. 28072
PERMIT No. 20429
DISTRICT No.

1. Name of Applicant: H. W. MATTHEWS

Postoffice address: Route 1 South, Pocatello

County: Bannock

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:
(b) Treasury stock:
(d) Other resources:

- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: 4/50 ^{or} 0.08 cubic feet per second.
Plus maximum amount allowable for domestic and stock water

3. Source of water supply: Artesian well which is a tributary of

4. Location of point of diversion: See Remarks feet distant from the
corner of Section , T. , R. , B.M., and is in the SW ¹/₄ NE ¹/₄
of Section 12 , T. 7 S. , R. 34 E. , B.M., County of Bannock

5. Water is to be used for Irrigation, domestic and stock water

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 600.00

8. Kind of works: Drilled well

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Completed years.

13. The time required for the complete application of the water to the proposed use is additional years

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

4. NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF PERMIT TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 23th day of July, 1948, Room No. 211, Dietrich Building at Pocatello, County of Bannock, State of Idaho, before Carl C. Christensen, a Notary Public, proof will be submitted of the application to beneficial use of 4/50 cubic feet per second of the waters from an underground water supply (artesian well) in accordance with the terms and conditions of Permit No. 20429 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are H. W. Matthews, Route No. 1 South, Pocatello, Idaho.

The use to which said water has been applied is for irrigation and culinary and stock purposes.

The amount applied to beneficial use is 4/50 cubic feet.

The place where said water is used, a tract of land in Bannock County, State of Idaho, containing two acres in the Northwest corner of the Southwest quarter of the Northeast quarter of Section Twelve, Twp. 7, South of Range 34, E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is an unnamed underground water supply flowing through an artesian well drilled on said premises.

The right to take water from such works is based upon Permit No. 20429.

The source of supply from which such water is diverted is from an underground water supply through an artesian well.

The date of priority which said user is prepared to establish is April 26, 1948.

MARK R. KULP, 6-24
State Reclamation Engineer.

RE: License No. 20429, A. W. Matthews
License No. G-25350, Robert J. and Glenna A. Field
Permit No. G-27929, A. D. Hillabold

Mr. O. R. Baum
Attorney at Law
Box 570
Pocatello, Idaho

Dear Mr. Baum:

Referring to your letter of the 10th in the subject matter, we have again searched our records but have found nothing new to add to our letter of the 4th (Ralph W. Thomas).

It is possible that your county court records will show contracts or deeds from Matthews and Field to Tech Farms, Wallace or Liebarth, since our records do not reflect ownership changes after permits have been licensed.

The Hillabold permit is still open and due for completion on May 15, 1964, but shows no record of assignment to any other person.

Very truly yours,

CHD. H. CARTER
State Reclamation Engineer

Re: Permit No. 20429

Mr. H. W. Matthews
Route # 1 South
Pocatello, Idaho

Dear Mr. Matthews:

You state that your well drilled under the terms of Permit No. 20429 has not been effected by the wells drilled close by, however you feel that the proposed well to be drilled 1600 feet from your well and a proposed well 150 feet from your well may effect your well.

You have legal protection under the Idaho Statutes - "First in time first in Right". We are enclosing for your information, a copy of the Ground Water Statutes of Idaho, which explains the method of protecting a water right.

Very truly yours,

Re: PERMIT NO. 20429
June 14, 1948

Gentlemen:

Please refer to above permit, granted to the undersigned.

Since receiving this permit for underground rights to Artesian water, there has been 6 wells drilled within 150 to 1600 feet from our well, all about the same depth. So far, none has tapped the artesian water which we filed on and has had no effect on our well.

Now, we are faced with the problem that a large supper club is planning to build approximately 1600 ft. from our well, which will no doubt require much water, and also a neighbor is planning to drill a well approx. 150 ft. from our well.

Would you please advise, if either of these new wells are drilled, and effect or tap our water source, if we have legal protection as holder of this Permit dated June 14, 1948 to protect our water rights.

At the present time we have approximately \$20,000 invested in our home and land, and feel something should be done to protect our rights in so far as losing our source of water supply.

Sincerely,

H. W. Matthews

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 20429

This proof is for Beneficial use

In Water District No.

1. Name of applicant H. W. Matthews, Route 1 South, Pocatello, Idaho

2. Source of water supply: Subterranean from artesian well

3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12

T. 7 S. R. 34 E. County of Bannock

4. Describe works as they exist, giving dimensions and capacities of same: A Drilled Well,

95 feet deep, Cased 85 feet with 6 inch casing; Flow is controlled, and

diverted by pipes to house, lawn, and garden.

Well flows (estimated) two miners inches.

5. Water is used for: Irrigation, domestic and stock watering

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 12, Township 7 South, Range 34 East, B. M.

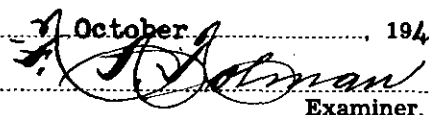

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? None

Remarks:

This examination was made on the 14th day of October, 1948

(Signed)

Examiner.

Pocatello, Idaho

Dear Mr. Matthews:

We have received from Mr. Carl C. Christensen the depositions of yourself and two witnesses, also affidavit of publication in the Pocatello Tribune, all in proof of beneficial use under your Permit No. 20429.

Before final action is taken in the matter the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examination all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Ans. Underground water through a drilled well located approx. 175' South and 70' East of N.W. corner of N.W. 1/4 of S.W. 1/4 of NE 1/4 of Sec 12, Twp 7, South of Range 34 E 13, within Blaine County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Point of diversion is at the well. Operated on land owned and occupied by permit holder. water is distributed directly over land from the well. - all water developed can be so used.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic purposes, for watering garden, trees and lawn on 2 acres described as follows:

A tract of land containing two acres in the northwest corner of the southwest quarter of the northeast quarter of Section Twelve, Twp. 7, South of Range 34, E.B.M., the said area conveyed to include all of the present buildings on said land, and the two acre area to be exclusive of the 25 feet, along a portion of the Westerly Side of said 40 acre tract which is now used for a highway, known as the "Johnny Creek" road, together with all and singular, the tenements, hereditaments and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

Permit No. 20429

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. H. W. Matthews - Route No. 1 South, Peatell,
Idaho, Salesman

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No 20429 dated April 30 - 1948 - Date of priority
April 26 - 1945

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground water through a drilled well located approx.
175' South and 70' East of N.W. corner of NW 1/4 of SW 1/4 of NE 1/4 of Sec 12,
Tract 7, South of Range 34 E 13, within Blaine Co. Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Point of diversion is at the well operated
on land owned and occupied by permit holder -
water is distributed directly over land from
the well - all water developed can
be so used.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic use in Residence located
on land described above

1949

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *Since April 1948 have used water constantly in home, for garden, lawn, culinary and domestic use.*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. *There is no other water right for these premises and no other waters have been used.*

(Sign) *H. W. Matthews*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in *Beaumont*, County of *Banner*,

PERMIT NO. 20429

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George H. Chaffee - 42, 1144 No Grant,
Boeatello, Idaho - Manager Coca Cola Bottling Co.

Ques. 2. Are you acquainted with H. W. Matthews, the holder of Permit No. 20429? How long have you known him and where does he reside?

Ans. About one year - he lives on
Route No. 1 - South of Boeatello, Idaho

Ques. 3. Have you read or heard read said Permit No. 20429, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water comes from a drilled well
located about 175' South and 70' East of NW
Corner of NW 1/4 of SW 1/4 of 46.1/4 of Sec 12, Twp. 7 South
of Range 34 E.B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4/50

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. It is used in Mr Matthews home and for
his lawn, garden, trees and for watering
stock

20429

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Domestic house use -

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land was in sagebrush and will require 450 feet to irrigate all of it.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the place in in the house and have seen water used both for irrigation and domestic use this summer

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

July 17, 1948

Re: Permit No. 20429
H. W. Matthews

Mr. Carl C. Christensen, Notary Public
No. 211 Dietrich Building
Pocatello, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 20429

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 29, 1948, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Pocatello, Idaho before Carl C. Christensen, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK E. RUTH
Commissioner of Reclamation.

Re: Permit No. 20429

Mr. H. W. Matthews
Route #1, So.
Pocatello, Idaho

Dear Mr. Matthews:

We enclose Certificate of Completion of Works issued under Permit No. 20429, authorizing the diversion of 4/50 (or 0.08) of a second foot of water from an artesian well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 12, Township 7 S., Range 34 E. B.M., for irrigation, domestic and stock watering purposes on the same subdivision.

We also enclose Departmental Receipt No. 20676 for the \$5.00 fee in connection with completion of works proof.

Notice of beneficial use proof to be made under this permit at 10:00 A.M., July 28, 1948 before Carl C. Christensen, Notary Public, will be sent to the Pocatello Tribune, with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

We are sending Mr. Christensen the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses; at the time set you should appear before Mr. Christensen with two disinterested witnesses who are familiar with the terms of your permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

Boise, Idaho

Dear Mr. Kulp:

I am returning herewith, your Form No. 6 relating to the water rights of H. W. Matthews under Permit No. 20429, with the changes suggested by you made on this Form. I hope that it now may meet with your approval.

I expect that Mr. Matthews will send to you the \$5.00 fee requested direct, and at the same time advise you of the time convenient for him and his witnesses to submit proof of beneficial use. Any time during business hours is usually suitable for me when I know sufficient time in advance so as not to get other appointments at the same hour, and of course, should my presence be required in the District Court or other places where a change cannot be made, the matter can be continued so in this matter, I will be governed by the wishes of Mr. Matthews.

I am sending him a copy of this letter and assume that he will remit the fee promptly and also advise you as to his convenience relating to the time to be set in the notice.

Very truly yours,

Re: Permit No. 20429

Mr. Carl C. Christensen
Attorney At Law
Pocatello, Idaho

Dear Mr. Christensen:

We acknowledge receipt of your letter of June 1, 1948, enclosing affidavit in proof of completion of works under Permit No. 20429, in the name of H. W. Matthews, which is being returned herewith for correction as follows:

- (1) The point of diversion as described in the Permit is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12, Township 7 S., Range 34 E. B.M. We assume the NE $\frac{1}{4}$ was omitted after the NW $\frac{1}{4}$ SW $\frac{1}{4}$ in Paragraph 3.
- (2) In Paragraph 6 the affidavit fails to state whether the works were or were not completed.
- (3) Paragraph 7 should show the amount the works are capable of conducting to the place of intended use.

There is a fee of \$5.00 in connection with this proof and we are sending a copy of this letter to Mr. Matthews so that he may take care of this fee.

In reply to your request that we fill in a date and hour for submitting proof of beneficial use, any time that is convenient to you and the permit holder is satisfactory with this Department, so if you will advise us we will fill in the notice accordingly.

Very truly yours,

MARK R. KULP

Re: Permit No. 20429

Mr. H. W. Matthews
Route #1 So.
Pocatello, Idaho

Dear Mr. Matthews:

I have your letter of May 17, 1948, enclosing our letter of May 8th.

I think we understand your situation except that you might not want to make your proofs within the three months mentioned in the letter.

Under the permit system which was outlined by the Chief Clerk in our letter of May 8th, we can not consider a priority date earlier than the date of application for permit. The alternate method of completing your water right is to get your right confirmed in the District Court, which you can do and probably get a priority date as of the time you prove the water was put to beneficial use. The cost of the court procedure plus attorney's fees would probably amount to more than the costs of the permit procedure.

Your use through the years of the water probably constitutes a good right, but you might be called on at any time to defend it in court.

The well driller's affidavit would be of use in a court action to confirm your right, but would be of no value in making proofs in the permit procedure.

If you wish to complete your right through the permit method, the proofs, publications and fees as outlined in our letter of May 8th are necessary.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

20429

20429

April 19, 1948

Mr. H. W. Matthews
Route #1, South
Pocatello, Idaho

Dear Mr. Matthews:

We are enclosing a form of application for permit to appropriate the public waters of the State of Idaho and a set of instructions for making the filing.

Water claimed under this application must be appurtenant to some land and the amount can be claimed to the extent of one miner's inch or (1/50 of a cubic foot per second) for each acre to be irrigated with a small additional amount for domestic use.

We do not inquire into the ownership of the land to be irrigated, but enough land to take care of the amount claimed must be listed in the application.

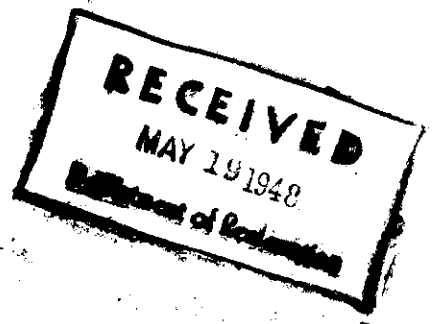

After making out the application it should be sent in to this office with the proper filing fee, and if approved the priority date will be the date of receipt at this office.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20429

Dear Mr. Kulp:

You will recall we wrote you a short time ago, asking for the paper papers in order to file a claim of ownership on an Artesian Well. You understand this well was drilled immediately prior to our correspondence with you and of course the water had never been used .

We just received a letter from your office and signed by the Chief Clerk which we are returning and you can see there is a misunderstanding which must be straightened out.

According to the enclosed letter, all this red tape must be taken care of BECAUSE the water has "been used for a number of years"---that of course is not the case and if necessary, we can have the Well Driller sign an affidavit to that effect.

Now what we want to know - Is it necessary to go through all this business of statutory fees, county newspaper publication, etc., in view of the above explanations?

We are holding the other papers which your Clerk sent and are keeping a copy of the enclosed letter.

Won't you please answer right away? We are very anxious about it.

Thanks for your past consideration.

Sincerely,

H. W. Matthews

May 8, 1948

Re: Permit No. 20429

Mr. H. W. Matthews
Route #1 So.
Pocatello, Idaho

Dear Mr. Matthews:

We enclose herewith Permit No. 20429, also Departmental Receipt No. 20564 for the \$5.00 filing fee.

As your permit states that the works are completed and that the water has been used for a number of years, we have allowed three months or until July 30, 1948 within which to make the proofs required by statute to complete your water right.

The first proof or proof of completion of works is made by executing the enclosed affidavit (Form 6) before a Notary Public and returning to this Department with statutory fee of \$5.00. Upon receipt and approval of this proof a certificate of completion of works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof will be made. The date, of course, should be set sufficiently far ahead to allow for the four weeks publication.

Both copies of the notice are to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send one copy of the notice to the newspaper with instructions in regard to publishing and shall send to the Notary Public the necessary forms of deposition consisting of one for yourself and one for each of two witnesses, so that he may have them in ample time for the proof.

At the time set you should appear before the Notary Public with two disinterested witnesses who are familiar with your permit and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

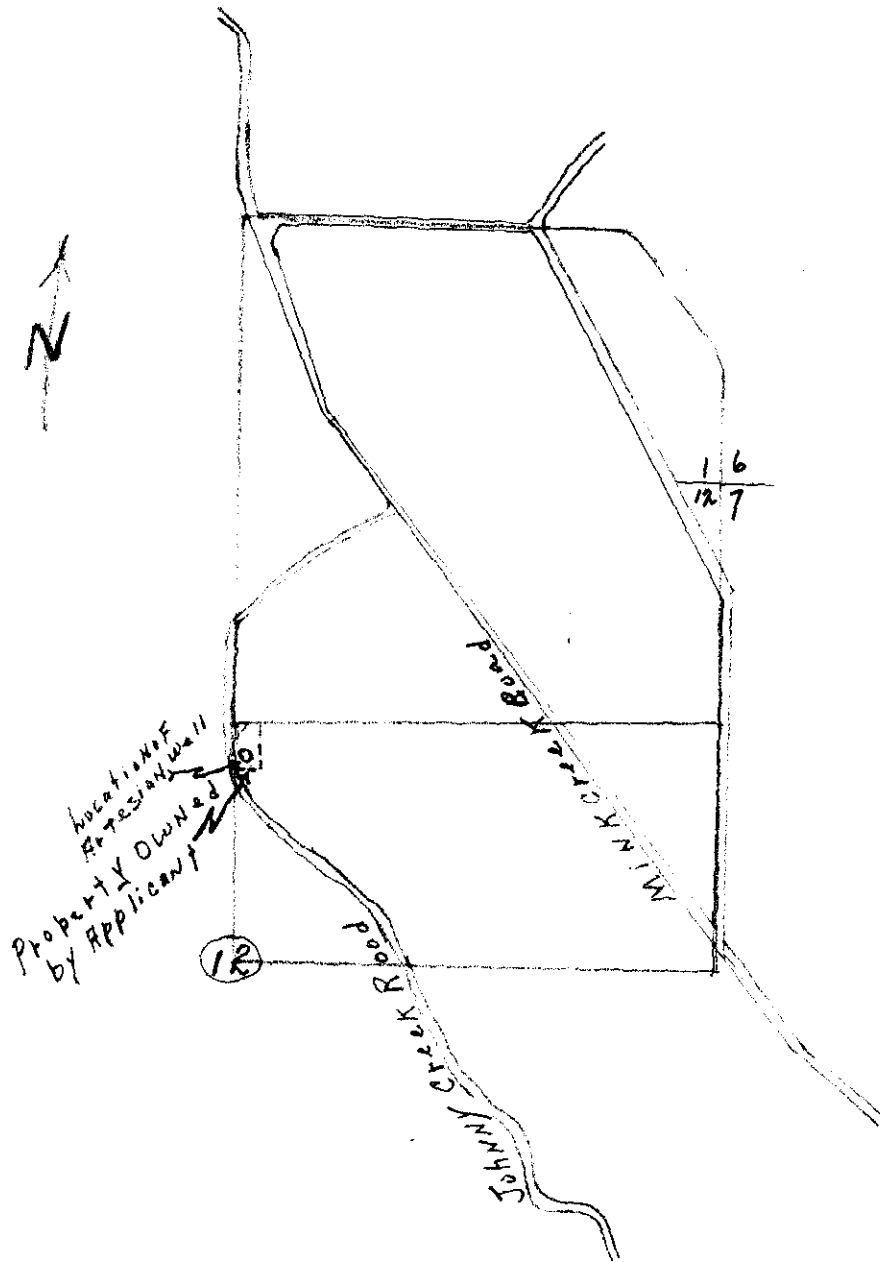

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

We were told to contact you personally to request forms to file a water right.

We've tried both Fort Collins and Blackfoot to get information or forms and have been referred to you.

While having our well drilled, we've hit an Artesian Well and want to file claims on underground and surface waste water. We also want the right to develop the water for domestic and irrigation purposes.

We own two acres that the well is on. Depth of the well is 92 feet. (20429)

Please send any additional
information that we will
need, to file this Claim.

We would sure appreciate
your immediate action
so the claim can be
filed to protect our
interests.

Many thanks.
Sincerely.
