Dear Mr. Gittins:

We have placed on file the depositions of yourself and two witnesses, also affidavit of publication in the McCammon News submitted in proof of beneficial use under your Permit No. 20179.

Before final action is taken in the matter the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Mr. H. Leigh Gittins
McCammon, Idaho

Dear Mr. Gittins:

We acknowledge receipt of your letter of August 30th, enclosing duplicate notice of beneficial use proof to be made under the above numbered permit on September 27th, 1948, and instructions to publish same, at your expense, in the McCammon News.

It is now too late for the statutory four weeks' publication to be made prior to September 27th, so have set a week later, or October 4, 1948, as the date for proof, and have sent a copy of the notice to the McCammon News, with instructions to publish it once a week commencing with their next issue, and to send you the affidavit of publication, together with statement of costs.

However, there is also the proof of completion of works to be made, the form for which was also enclosed in the form letter sent you on July 1st. This proof should be made on Form 6, enclosed, acknowledged before a Notary Public, and returned to this Department, together with the statutory fee for same, of \$5.00/

The beneficial use proof is made by depositions of yourself and two disinterested witnesses, on forms which we shall send to Mr. Hale, Notary Public; and at the time set you should appear before him, with your two witnesses, who are familiar with the terms of your permit, and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

Dear Sir:

Under the terms of your permit No. 80179 you are required to complete your diversion works and make proof of beneficial use on or before September 27, 1948.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public of Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is September 27, 1948, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Dear Sir,

I sent to you some time ago a permit application to pump water from Marsh Creek. At that time I neglected to send a filing fee. Upon hearing from your office I immediately sent in the check for \$5.25. Since then I have heard nothing and no cancelled check has returned to me. I am wondering if you recieved my last letter.

Kindly look up this application and let me know if I can be of any more service to you. I will appreciate an early reply.
