Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William A. Mabey; Bancroft, Idaho; sheepman; Bancroft, Idaho, Route 1.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Nil.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 17002; November 2, 1928 ; October 30, 1928.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed springs; in NE₁NE₄, Sec. 28, Twp. 7 S. R. 38 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. I have cleaned out and developed a cluster of unnamed small springs, have a few small dams which I keep up, then pipe it down to three troughs for the use of sheep and livestock.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Watering sheep, livestock and domestic use. From troughs. No irrigation.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Answered above. No power.

17002

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I water up to 1400 head of sheep and lambs.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Nil.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have used it as early as 1904; I moved away in 1917 and returned in 1924 and have used it every year since then; the extent of use depends on climatic conditions as I range my sheep near there and water the sheep when near enough, probably 30 to 50 days each year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Nil.

(Sign) *William A. Mabe*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Bancroft, County of Bannock, State of Idaho, on this 18th day of November, A. INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Wm. A. Mabey
Bancroft, Idaho

Boise, Idaho,

August 9, 1929

Dear Sir:—

Under the terms of your permit No. **17002**.....you are required to complete your diversion works on or before **Nov. 2, 1929**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

GEO. N. CARTER
Commissioner of Reclamation.
