Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 10953.

Recorded in Book 37 Page 10953 Approved January 18, 1915.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before March 19, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before April 19, 1915.

The whole of said work to be completed on or before July 18, 1915.

Beneficial use of water appropriated in accordance herewith, to be made on or before January 18, 1916.

Witness my hand this 18th day of January, 1915.

Herbert Wing,
Acting State Engineer.

Remarks:

The fact that this is a company ditch accounts for its large size.

One of the springs is located on SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Sec. 28. From this 2/27 sec. ft. of water is taken.

Spring No. 2 is located in the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 28 T. 12 S. R. 37 E. B. M. From this 4/27 sec. ft. is taken.

Both springs are located on government land. 5/18 sec. ft. is the amount taken from Quakenasp Hollow Creek. The point of diversion is indicated under P. 4 above.

Proof of Completion of Works made June 1st, 1915.

Certificate of Completion issued July 7, 1915.

Permit No. 10953.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that Jos. A. Jensen of Downey, County of Bannock, and State of Idaho, the holder of Permit No. 10953, issued upon Application No. 16017, bearing date of priority of January 9, 1915, authorizing the diversion of 1/2 of 1 second foot of the waters of Quakenasp creek and two springs, County of Bannock, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1/2 of 1 second foot of the waters of Quakenasp creek and two springs; that the points of diversion of said waters are as follows; from Quakenasp creek in the SE $\frac{1}{4}$ of SW $\frac{1}{4}$, Sec. 27, T. 12 S., R. 37 E. INSTRUCTIONS
PROOF OF BENEFICIAL USE

Jos. A. Jensen,
c/o Swen F. Johnson, N.P.
Downey, Idaho.

BOISE, IDAHO, **December 28, 1915.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **10953.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On ~~January 9th, 1916~~, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Downey, before Swen F. Johnson, notary public.**
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J. H. SMITH, ~~F. P. KING,~~
State Engineer.

Mr. Edwin Webb,
Downey, Idaho.

DEAR SIR:

.....**Jos. A. Jensen**....., residing at**Downey**.....,
County of, State of**Idaho**....., has requested that
you make examination required under Permit No.**10953**..... Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

J. H. SMITH,

A. E. ROBINSON,

Re Permit No. 10953.

Mr. Jos. A. Jensen,
Downey, Idaho.

Sir:--

In reply to your letter of the 18th would say that it will be perfectly legal for you to appear before the notary public on Monday and make your proof. We were looking at this calendar of January instead of the 1916, hence the mistake. It will not in any way affect your right.

It will also be necessary for us to have the report of some engineer, or other competent person, who can give measurements, capacities, etc. and the amount of land under cultivation. If you can send the name of some one near you to do this work, we will send him the necessary blanks.

Very truly yours,

J. H. SMITH,

State Engineer.

Re Permit 10953.

Joseph A. Hensen,
Downey, Idaho.

Sir:--

We are today in receipt of your notices for final proof under above permit. Notice for publication will be mailed to the Downey Idahoan in time for the required four weeks publication prior to January 9th and deposition blanks will be mailed to Swen F. Johnson, notary public.

If you will send the name of some one near you who can make the examination and report for this proof, the necessary blanks will be furnished him. A licensed engineer is not required but some one who is familiar with such work.

Very truly yours,

J. H. Smith,

State Engineer.

Permit 10953.

Jos. A. Jensen,
Downey, Idaho.

Sir:--

Am just in receipt of your notice for final proof under above permit. In checking same I find that the description of the lands does not agree with the permit. The land given in the permits is the SW4 of the SE4 of section 5, T.12 S., R. 37 E.B.M. Your date of priority is also incorrect, the date of the first receipt of the application being the correct date, January 9, 1915. I am, therefore, returning herewith the notice, together with fresh blanks. The notice should be sent in duplicate.

Very truly yours,

J. H. SMITH,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Joe. A. Jensen,
Downey, Idaho.

Boise, Idaho,

May 17, 1915.

Dear Sir:

Under the terms of your permit No. 10953, you are required to complete your diversion works on or before July 18, 1915. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith,

State Engineer.
