You may not accept this

were nice young men. Leslie

I am writing concerning permit No. 82-7084.
I filed for permits on my own ranch
because a party many years ago told me
any springs not in use might be filed on
by neighbors. At the time we were not
using these springs. They are being used
now for livestock. We also put a mobile
home in an area to use the spring &
sent you pictures of. I thought this might
let you see what was done and not need
an inspection. This spring is still being
used by my daughter's family. I had
intended to put another mobile home
nearby and use some of the water,
but that won't be done now.

RECEIVED

In the Fall months, when the Cattle come into the fields from the mountain range, a water tank is placed near my daughter's home and the Cattle get water there. Later they are moved to other places.

I applied for the permits to protect myself and the water supply on the ranch.

Sincerely
Dolores G. Heisingartner

82-7084

Dear Sir:

I am writing on behalf of Permit No.
82-7084. The application is approved, but
needs proof it is completed.

I was not sure how to prove that this
spring has been developed and is in use.
I decided to send you photographs. The
spring is cemented in and has a cement lid.
It has a fence around it to keep animals
away. The little stream is overflow
from the spring. The mobile home
is the household that uses the water.

MICROFILMED

In the field beyond is some of the Cattle that use the water. I have included a photo of the water tank that catches the water for the Cattles use. This is usually used in the Fall and Winter.

I specified two households because we may put another mobile home at the same site some time in the future.

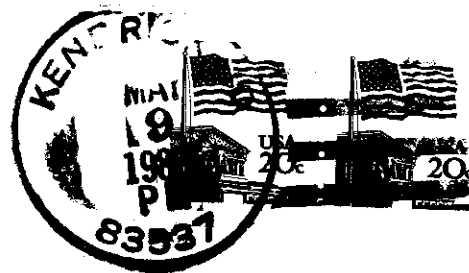

I would like to add some information about this spring. About 40 years ago, the water was piped into a house in the same area. The house was never occupied by people after that and has since been torn down. Our Cattle used the spring in the summer when they were out on summer pasture. So you see the spring has been in use.

If I need more papers to sign, please send them to me.

Sincerely
Deborah L. Heimgartner
