Dear Mr. King:

We received your letter concerning our water right to our well and use of irrigation from the river. I'm not well acquainted with regulations of water permits, but want to reply to your letter.

This August will be the end of the fifth year that we have used our well. It is my understanding that this gives me legal water rights. You are perfectly welcome to come and inspect our well. It is on private land, which we own. In our permit it mentions three dwellings. The reason for this is because when my father filled the form out, he wanted to be sure he and my brother could use our water supply if the spring they depend on for water should run low or dry up in hot weather. We then run a hose from our hydrant to their water line, which is a short distance from our place.

I don't understand what a "license" is that you referred to in your letter. This water use is for private homes only....usually our home use only....and has no business use whatsoever.

Our water from the well is very clear water, and there is an abundance of it. It is somewhat soft and takes very little soap to suds it.

We have never heard of anyone in this area getting a "license". Our neighbors have water rights, but don't know about a "license" either.

We have a drilled well, 90 feet ~~xx~~ deep and fully cased---drilled in solid rock. In it is a submersible pump 220K.

We hope to receive more information clarifying your last letter to us concerning these matters.

Sincerely,

Robert G. Hunter.

Re: 82-7037

Dear Mr. Hunter:

You submitted an application to appropriate water from the Idaho State groundwater system on July 2, 1975. The application was approved and a conditional temporary permit was issued on August 2, 1975. One of the conditions of the permit was that you have the well drilled and the three homes connected to the system prior to August 2, 1980. You submitted a statement that the conditions were met on June 3, 1980.

It is now necessary to have the system examined by myself or another agent of this Department to issue a license to confirm the water right.

If you have any questions, please contact me at this office.

Sincerely,
