AFFIDAVIT OF PUBLICATION

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Joe Swisher, 3609-14th Street, Lewiston, Idaho has on January 31, 1973 submitted Application No. 82-7015 for a permit to appropriate 0.5 cubic feet per second of water from Four Mile Creek, tributary of the S. Fork of the Clearwater River by means of ditch, sluice box, and settling pond within the SW $\frac{1}{4}$ -NE $\frac{1}{4}$, Sec. 17, T. 28N, R. 7E, B.M., Idaho (Unsurveyed), to be discharged into Four Mile Creek at a point in the SW $\frac{1}{4}$ -NE $\frac{1}{4}$, Sec. 17, T. 28N, R. 7E, B.M., Idaho County, to be used from May 15 to Dec. 1 for mining purposes within the SW $\frac{1}{4}$ -NE $\frac{1}{4}$, Sec. 17, T. 28N, R. 7E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Administration, 401 Front Ave., Coeur d'Alene, Idaho, 83814 on or before February 24, 1973.

WATER RIGHT LICENSE

WATER RIGHT NO. 82-07015

Priority: February 1, 1973 Amount: 0.46 CFS 182.5 AFA

This is to certify, that JOE SWISHER
RT. 1 BOX 119
COTTONWOOD, ID 835220000

has complied with the terms and conditions of the permit issued pursuant to Application for Permit dated January 31, 1973, and has submitted proof to the Department of Water Resources on March 2, 1978, that water has been applied to a beneficial use; an examination by the Department indicates that the works have a diversion capacity of .460 cfs of water from:

FOURMILE CREEK tributary to CLEARWATER RIVER, S. FORK

source and that a water right has been established as follow:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>VOLUME</u>
MINING	05/15 to 12/01	0.46 CFS	182.5 AFA

LOCATION OF POINT OF DIVERSION(S): SWNE , Sec. 17, Township 28N, Range 07E
IDAHO County

PLACE OF USE: MINING

TWN RGE SEC

28N 07E 17 NWNE

CONDITIONS/REMARKS:

1. The right to the use of water hereby confirmed is limited to the amount which can actually be beneficially used and is restricted and appurtenant to the lands or place of use and to the purpose herein described, as provided by the laws of Idaho.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. When water used under this license is discharged into the natural channel, settling ponds must be maintained which are capable of reducing the silt load to such a level that the quality of water will not be impaired for other beneficial uses.
5. This right is located in an unsurveyed area.

IN THE MATTER OF REMOVING THE MEASURING)
DEVICE REQUIREMENT FOR PERMIT NO. 82-7015) ORDER
IN THE NAME OF JOE SWISHER)

WHEREAS, on March 2, 1973 the Department of Water Resources issued Permit No. 82-7015 in the name of Joe Swisher with the requirement that:

Measuring devices of a type approved by the Department shall be permanently installed and maintained at the point of diversion and the point of effluent discharge.

and,

WHEREAS, on August 21, 1986 the Department received a request from the permit holder to remove the measuring device requirement; and,

WHEREAS, the Department of Water Resources has determined that measuring devices are not required at this time for a determination of the quantity of water appropriated under the permit;

NOW THEREFORE, the condition of approval on Permit No. 82-7015 requiring that measuring devices be installed and maintained at the point of diversion and point of effluent discharge is hereby REMOVED.

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 82-7014 and
82-7015 IN THE NAME OF JOE SWISHER

ORDER OF REINSTATEMENT

WHEREAS, on January 31, 1973, Joe Swisher filed with the Department of Water Resources two applications to appropriate water from an unnamed spring for 0.14 cubic feet per second and/or 5.00 acre feet per annum within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 16, Twp. 28N, Rge. 7E, Idaho County (Permit No. 82-7014), and water from Four Mile Creek, tributary to the South Fork of the Clearwater River, to be diverted within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 17, Twp. 28N, Rge. 7E, Idaho County, for 0.50 cubic feet per second of the water (Permit No. 82-7015); both permits are to be used for mining purposes; and,

WHEREAS, on March 28, 1973 and March 2, 1973, the applications were approved and the Department issued Permit No's. 82-7014 and 82-7015 with the conditions that proof of construction of works and application of water to beneficial use be submitted to the Department on or before March 1, 1978; and,

WHEREAS, on December 30, 1977, the Department notified the permit holder by certified mail that proof of beneficial use of water was due and instructed the permit holder as to the steps to be taken to make said proof; and,

WHEREAS, on March 1, 1978, Permit No. 82-7014 and 82-7015 automatically lapsed for failure to submit the required proof of beneficial use; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within 60 days from the date of the lapsing; and,

WHEREAS, on March 2, 1978, the permit holder submitted proof of beneficial use of water and therefore, has shown a reasonable cause as to why said permits should be reinstated;

IT IS, THEREFORE, HEREBY ORDERED that Permit No's. 82-7014 and 82-7015 be REINSTATED and the priorities be advanced to February 1, 1973.

Dated this 16th day of March, 1978.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER ADMINISTRATION

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 82-7015, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before March 1, 1978.
- c. Other: Measuring devices of a type approved by this Department shall be permanently installed and maintained at the point of diversion and the point of effluent discharge.
Settling ponds shall be installed which are capable of reducing the silt load in the return water to such a level that the quality of the waters of Four Mile Creek will be impaired for other beneficial uses.
~~2. Denial of said application is for the following reasons:~~
Return water shall be treated to insure that the effluent meets (interstate) (intrastate) stream water quality standards.

Witness my hand this 2nd day of March, 19 73.

CONDITIONS OF APPROVAL

☒ A measuring device of a type approved by this Department shall be permanently installed and maintained as part of the diverting works.

☒ Measuring devices of a type approved by this Department shall be permanently installed and maintained at the point of diversion and the point of effluent discharge.

☐ Use of water under this permit is supplemental to all existing water rights with the same purpose and place of use.

☐ Maximum rate of diversion shall not exceed _____ c.f.s.

☒ Settling ponds shall be installed which are capable of reducing the silt load in the return water to such a level that the quality of the waters of Four Mile Creek will not be impaired for other beneficial uses.

☒ Return water shall be treated to insure that the effluent meets (interstate) (intrastate) stream water quality standards.

☐ Use of water under this permit is subject to control by the watermaster of State Water District No. _____, _____ River.

☐ The proposed well shall not be drilled within _____ feet of another well.

☐ The issuance of this permit in no way grants any right-of-way or easement across the land of another person.

☐ The permit shall not be assigned or sold without first securing the written approval of the Department of Water Administration.

☐ This permit cannot be assigned, mortgaged, or conveyed without complying with Section 42-208, Idaho Code.

Re: 82-7014, 82-7015, 82-7034 and 82-7045

Dear Mr. Swisher:

When I conducted the examination of your various permits, I learned that the required measuring devices were not installed. This fact would invalidate the examinations, unless the measuring device requirement can be waived. I am enclosing waiver requests for 82-7014, 82-7015, 82-7034 and 82-7035. To file these requests, please sign them and return them to this office as quickly as possible.

If the requests are approved and the measuring device requirement is waived, I can recommend licensing of Permit Nos. 82-7015 at 0.46 CFS, 82-7034 at 0.17 cfs and 82-7045 at 0.42 cfs. As for 82-7014, I have attempted to contact you on several occasions concerning this permit. Please call me at 765-4639. The best time to contact me is between 7:00 AM and 8:00 AM, Monday through Friday.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom D. King", is written over the typed name and title.

Cottonwood, Id. 83522

Dear Joe:

I am enclosing the Application for Permit we discussed; it requires your signature and a \$30.00 filing fee. It should not require a measuring device, but I have enclosed a pamphlet which gives instructions for building the weirs required on #82-7014 (spring tributary to Four Mile Creek for mining), #82-7015 (Four Mile Creek for mining), #82-7034 (Five Mile Creek for mining), and #82-7045 (Umatilla Creek for mining).

When you finish the weirs, the roads become passable for a two-wheel drive vehicle, assuming one does not drive into obvious mud holes, and if you again have time to show me around, please contact me and I will make arrangements to visit your area again.

If you need any assistance, please contact me at this office.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You may later change your decision to use this alternative and the fee is needed for the department to conduct the field examination, but you may change to another certified examiner.

NOTIFIED

DEC 19 1988

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Dennis MacMenamin
MacMenamin & Sons Mining
120 S.E. 7th
Grangeville, ID 83530

Dear Mr. MacMenamin:

This is in response to your request for information concerning permits issued to Joe Swisher, Jean Swisher, Del Steiner, Jim Maxwell or the Idaho Mining and Development Co. during the years 1982 to present. In 1983 we received a stream channel alteration application from Maxwell Placers and the Idaho Mining and Development Co. It was determined the activity proposed involved construction of a diversion to take water under a valid water permit, and as such was exempted from the requirements of the stream channel alteration act. As a result no action was taken by the department on that application.

Joe Swisher holds a number of water appropriation permits for different areas. The following is a synopsis of them:

- 82-7014 filed 2/31/73, T28N, R7E, Sec. 16&17
- ✓ 82-7015 filed 2/31/73, T28N, R7E, Sec. 17
- 82-7034 filed 4/3/75, T28N, R7E, Sec. 34
- 82-7045 filed 2/19/76 T27N, R7E, Sec. 3
- 82-7137 filed 10/31/83, T28N, R7E, Sec. 27

I hope this information covers your needs.

Sincerely,

Robert G. Haynes, P.E.
Regional Supervisor

Coeur D'Alene, Idaho 83814

March 21, 1985

Dear Sirs,

I would be interested in finding out some information concerning some Idaho mining claimants and if they had applied and if so, did they receive any dredge permits, or other water orientated mining permits.

I hope this is in line with public information requests, and if not, would you use this letter as my request under the "Freedom of Information Act (FOIA)." I would like copies of their permits, but if that would complicate matters, then just the knowledge of permits would suffice.

The years 1982-present 1985 and the name of the applicant might be Idaho Mining and Development Inc., or Jean Swisher, Joe Swisher, Del Steiner, and Jim Maxwell. If any permits were applied for or received would you list them by name of applicant and year? Thank you.

My apologies for causing this extra work for you, but the information will help in clearing my clouded claims.

Waiting to hear from you,
Sincerely,

Dennis Mac Menamin

PS. also enclosing my dredge permit application.

Joe Swisher
3609 14th St.
Lewiston, Idaho 83501

Dear Mr. Swisher:

Enclosed is a copy of the Order of Reinstatement issued on this permit. The priority has been advanced to February 1, 1973, on Permit No. 82-7014 & 82-7015.

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in **Coeur d'Alene**.

Re: Permit No. 82-7015 & 82-7014

Joe Swisher
3609 14th St.
Lewiston, Idaho 83501

Dear Mr. Swisher:

One of the conditions of approval of your water Permit No. 82-7014, 82-7015 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
