LICENSE OF WATER RIGHT

License of Water Right No. 27455/82-2057 Priority Jan. 31, 1969 Amount 0.02 cfs

THIS IS TO CERTIFY, that D. E. MULCAHY
of Elk City, Idaho, has complied with the terms and conditions of Permit
No. 27455/82-2057 issued pursuant to Application for Permit dated July 3, 1958,
and has submitted proof to the Department of Water Administration on February 11, 1971,
(late proof)
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 0.02 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from an unnamed stream
tributary of Quartz Creek, is hereby confirmed in the following amounts:
Amount 0.02 cfs for Domestic from Jan. 1 to Dec. 31 (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Subject, however, to the condition that no more than 0.02 cfs of water be diverted at
any one time, said waters to be diverted within the _____

SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 12, Twp. 27 N, Rge. 7 E, B.M.

in the county of Idaho; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 1.2 acre feet per year ~~xx~~

~~AREE FOOT PER YEAR.~~

Richard C. Hadd Notary Public
for State of Idaho, residing at Grangeville, Idaho.

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Daniel E. Mulsahy, Oro Grande Route, Box 1000, Elk City, Idaho, has received an approved Permit No. 27455/62-2057 issued by the Idaho Dept. of Water Administration authorizing the diversion of 0.5 cubic feet per second of water from an unnamed stream, tributary to Quartz Creek. The priority to be established under this permit is January 31, 1969, and the permit was approved July 14, 1968. Water is to be diverted by pipeline from a point within the SE 1/4, Sec. 12, T. 27N, R. 7E, B.M., Idaho County, to be used for domestic, mining and milling purposes in the SW 1/4, Sec. 12, T. 27N, R. 7E, B.M.

Proof of application of the water to beneficial use was received by the Department on February 11, 1971. Any protest against the issuance of a license for the above referenced permit must be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho, 83707, within ten days of the last date of publication of this notice.

Application For Permit To Appropriate the Public Waters of the State of Idaho

82-2057

APPLICATION No. 35389
PERMIT No. 27455
DISTRICT No.

D. E. Mulcahy
Box 1000
Orogrande Rt.
Elk City, Idaho

1. Name of Applicant: D. E. MULCAHY

Postoffice address: Elk City

County: Idaho

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.5 cubic feet per second.

3. Source of water supply: Unnamed, first stream on south side of Quartz Creek above junction with Crooked River which is a tributary of Quartz Creek and an adjacent spring.

4. Location of point of diversion: feet distant from the corner of Section , T. , R. , B.M., and is in the Approx. SW $\frac{1}{4}$ NW $\frac{1}{4}$ - Unsurveyed Land of section 11, T. 27 N., R. 7 E., B. M., County of Idaho

5. Water is to be used for Domestic and milling

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T. , R. , B.M., in the Approx. NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section of 10 , T. 27 N , R. 7 E , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to Trib. of Crooked River at a point feet distant from the corner of Section , T. , R. , B.M., in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Approx. of Section 10 , T. 27 N , R. 7 E. , B.M.

7. Estimated cost of works: \$ 3,000

8. Kind of works: Pipe line

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom fee; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe 2 $\frac{1}{2}$ inches; length of conduit 0.5 miles.
Average grade per mile feet.

12. The time required for the completion of such work is 1 years.

13. The time required for the complete application of the water to the proposed use is 1 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

/s/ Daniel E. Mulcahy
Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 3:00 P. M. July 3, 1958

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 27455

Recorded in Book 97 Page 27455 Approved July 14, 1958

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before September 14, 1958

and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before January 14, 1959

The whole of said work to be completed on or before July 14, 1959

Beneficial use of water appropriated in accordance herewith, to be made on or before July 14, 1960

WITNESS My hand this 14th day of July, 1958

Mr. D. E. Mulcahy
Orogrande Rt., Box 1000
Elk City, Idaho 83525

Dear Mr. Mulcahy:

A representative of this Department has made an examination of the works covered by your Permit No. 27455/82-2057 and has found the following:

Quantity of water diverted: 0.02 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 1.2 acre feet per year.

Beneficial use: Domestic purposes from Jan. 1 to Dec. 31 within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 12, Twp. 27N, Rge. 7E, B.M.

Point of diversion: SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 12, Twp. 27N, Rge. 7E, B.M.

Priority date established: January 31, 1969

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

**NOTICE OF EXISTING
WATER PERMIT**

Notice is hereby given that Daniel E. Mulcahy, Oro Grande Route, Box 1000, Elk City, Idaho, has received an approved Permit No. 27455/82-2057 issued by the Idaho Dept. of Water Administration authorizing the diversion of 0.5 cubic feet per second of water from an unnamed stream, tributary to Quartz Creek. The priority to be established under this permit is January 31, 1969, and the permit was approved July 14, 1958.

Water is to be diverted by pipeline from a point within the SE $\frac{1}{4}$ -NE $\frac{1}{4}$, Sec. 12, T. 27N., R. 7E., B.M., Idaho County, to be used for domestic, mining and milling purposes in the SW $\frac{1}{4}$ -NE $\frac{1}{4}$, Sec. 12, T. 27N., R. 7E., B.M.

Proof of application of the water to beneficial use was received by the Department on February 11, 1971. Any protest against the issuance of a license for the above referenced permit must be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho, 83707, within ten days of the last date of publication of this notice.

Notice is hereby given that Daniel E. Mulcahy, Oro Grande Route, Box 1000, Elk City, Idaho, has received an ~~xxx~~ approved Permit No. 27455/82-2057 issued by the Idaho Dept. of Water Administration authorizing the diversion of 0.5 cubic feet per second of water from an unnamed stream, tributary to Quartz Creek. The priority to be established under this permit is January 31, 1969, and the permit was approved July 14, 1958.

Water is to be diverted by pipeline from a point within the SE~~1~~/~~4~~, Sec. 12, T. 27N, R. 7E, B.M., Idaho County, to be used for domestic, mining and milling purposes in the SW~~1~~/~~4~~, Sec. 12, T. 27N, R. 7E, B.M.

Proof of application of the water to beneficial use was received by the Department on February 11, 1971. Any protest against the issuance of a ^{must} license for the above referenced permit ~~must~~ be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho, 83707, within ten days of the last date of publication of this notice.

Dear Mr. Mulcahy:

Enclosed please find a copy of the approved application for amendment for the above referenced permit. Also enclosed is departmental receipt No. 5862 in the amount of \$5.00 covering the filing fee for the amendment.

The legal notice for this permit is to be published in the Idaho County Free Press at Grangeville, Idaho, on April 21 and April 28, 1971. You will be required to submit an affidavit of publication to this office; the affidavit may be obtained from the newspaper upon payment of the bill for publication.

Very truly yours,

Donald W. McEldowney

Enc: amendment

Am late getting this in the mail because the mail comes to me once a week, on Tuesdays and am at the end of the mail week and don't have time to answer any mail until the following week. Think you will find that I already made the correction to Donan Clay - the same as enclosed.

Am enclosing check of \$5.00 for filing fee for amendment although I don't know of any changes or amendments being made. There was a mistake on account of two different government maps that were not clear.

INSTRUCTIONS FOR ADVERTISING

Rules of Practice and Procedure, adopted August 1, 1968, require that a notice be published at your expense by the Idaho Department of Water Administration. The notice will advise that your permit has been issued and give the public an opportunity to protest the intent of the permit.

Attached is a copy of the proposed notice of publication and an authorization for the Department to publish the notice at your expense. Please review the proposed notice and if you agree with its contents, sign the authorization and return the form to this office in order that the Department may cause the legal notice to be published.

If a major discrepancy exists in the proposed notice, please advise this Department by return mail so that we may assist you in clarifying the issue.

Re: Permit No. 27455/82-2057

Mr. Daniel E. Mulcahy
Orogrande Route, Box 1000
Elk City, Idaho 83525

Dear Mr. Mulcahy:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order of Reinstatement which advances the priority under this permit to January 31, 1969.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof of beneficial use.

The enclosed order modifies the above referenced permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department. If you will complete and return the enclosed form, we will cause the notice to be published.

If you have any questions regarding the above matters, please contact us.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 27455/82-2057 }
in the name of Daniel E. Mulcahy }

ORDER OF
REINSTATEMENT

WHEREAS, on July 3, 1958, Daniel E. Mulcahy applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 0.5 cubic feet of water per second from an unnamed stream, tributary to Quartz Creek, to be diverted within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ (unsurveyed), Sec. 11, T. 27 N, R. 7 E, B.M., Idaho County, Idaho, to be used for domestic and milling purposes in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ (unsurveyed), Sec. 10, T. 27 N, R. 7 E, B.M.; and,

WHEREAS, on July 14, 1958, the application was approved subject to the condition that one-fifth (1/5) of the work be completed on or before January 14, 1959, and that proof of application of the water to beneficial use be submitted to the Department on or before July 14, 1960; and,

WHEREAS, proof of completion of works was submitted to the Department on July 14, 1970; and,

WHEREAS, on May 2, 1960, the permit holder was notified that he was required to submit proof of beneficial use and was instructed as to the steps to be taken to make that proof; and,

WHEREAS, proof of beneficial use was not received by the Department on or before July 14, 1960; and,

WHEREAS, on January 15, 1971, the permit holder was notified by certified mail that Permit No. 27455/82-2057 was held for cancellation for failure to submit the required proof of beneficial use, and was ordered to show cause as to why Permit No. 27455/82-2057 should not be cancelled; and,

WHEREAS, the required proof of beneficial use was received by the Department on February 11, 1971; and,

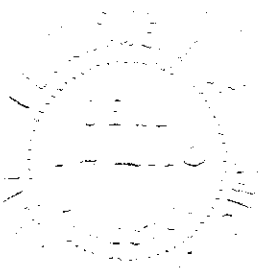

WHEREAS, Section 42-218a provides that in the event that proof of Application to Beneficial use is submitted after the deadline set forth in the conditions of approval, the priority date of such permit shall be advanced the same number of days that said proof is late.

THEREFORE, IT IS HEREBY ORDERED that Permit No. 27455/82-2057 be REINSTATED and the priority be advanced to January 31, 1969.

Mr. Daniel E. Mulcahy
Oro Grande Route, Box 1000
Elk City, Idaho 83525

Dear Mr. Mulcahy:

We are enclosing a copy of permit no. 27455/82-2057 and beneficial use forms and instructions for your use in completing the permit. You may submit the required proof at this time and the Department will probably attempt to examine this system either this summer or in 1972. Once you have submitted the required beneficial use, we can assist you in evaluating whether or not your permit should be amended. If so, we can supply you with the necessary forms and assistance to amend it. We can readily understand the necessity for changes when the area is unsurveyed, such as in your case.

As to your questions concerning Mr. Carl Schmidt, your partner's name does not appear anywhere on the documents and as far as the Department is concerned, this is a project totally controlled by yourself.

If we can assist you further, please contact us.

Very truly yours,

Dorian Clay,

POISE? IDAHO.
DIRECTOR R. KEITH HIGGINSON.

Re: Permit No. 27455 (New No. 82- 2057)

Dear Sir;:

Just received your letter asking why the above permit should not be cancelled.

Since I had a cabin fire and lost the information on this permit would like to have some particular information about it- namely whether the use was for the Pasadena Mine. This would be in section 12 instead of section 11. I may have made it section 12 because I had a poor map.

One Mr. Carl Schmidt was my mine partner at the time the permit (Pasadena) was applied for. He paid for the permit and it was issued to him I think. He has no interest in the property now.

The water project at the Pasadena was completed and has been in use for at least four years. This coming summer am adding about 900 feet of plastic pipe along the line of the iron pipe which has too much friction, to improve the water supply. This plastic pipe is already laid out ~~out~~ on the ground ready to be hooked up.

I am ready to submit proof of beneficial ~~proof~~ of use now or will wait until the new plastic pipe is hooked up in July. The road is not accesible to the mine on account of snow until the

82 205

month of June, what ever you suggest.

I have a cabin at the mine and use the water for domestic purposes also.

Am enclosing a picture of the mill set up at the Pasadena.

From in 1900 am not making any spread records setting things done but am having fun.

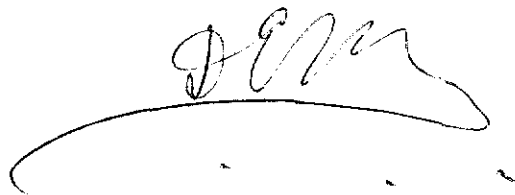

Please advise what I should do to complete the water right if for the Pasadena.

Yours truly,

Daniel E. Mulcahy.

P.S.--

The source of water for the Pasadena Permit is from a small stream and a spring, tributaries to Quartz Creek. They discharge into the drainage into Crooked River.- after use.

The Parachua Mine is about
where the red dot is on this
old map. You need not return the
map. KEM

D. E. Mulcahy
Box 1000, Orogrande Rt.
Elk City, Idaho 83525

Dear Mr. Mulcahy:

It appearing to the Department of Water Administration that the terms and conditions of Permit 27455/82-2057 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit proof of beneficial use of water due on July 14, 1960,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before February 24, 1971, why said permit should not be cancelled.

Permit 27455/82-2057 claims the use of 0.5 cubic feet per second of water, the point of diversion was to be located within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ (approx.-unsurveyed), Sec. 11, T. 27N, R. 7E, B.M. and the permit was approved July 14, 1958.

Re: Permit No. 27455

D. E. Mulcahy
Owygrande Route
Elk City, Idaho

Dear Mr. Mulcahy:

The Certificate of Completion of Works will be mailed to you in the near future.

You should fill in the Forms 10 and 11 as soon as you think you will have the water put to beneficial use by the time you make the proofs.

You should see a Notary Public before completing the time of making the proofs to be sure the Notary Public will be able to take the depositions, also see that you can have two disinterested witnesses at the time.

Remember the notice must be published in four weekly issues of a paper published in Idaho County plus the transit time to this office and from here to the paper. The date should not be less than 40 days after you mail the forms to this office.

Enc. certificate

27455

Elk City, Idaho,
Crossroads Route,
July 12th, 1960.

State of Idaho,
Department of Reclamation,
Boise, Idaho.

Re. Permit No. 27455.

Dear Sir:

I am sort of mixed up on this water permit business so am going to give you the simple facts and you can possibly help me get straightened out.

I have my mill about half or more completed and water piped to the mill. I can put more water in the pipe line but don't need it now except for panning and testing ore, drinking purposes and fire protection. And I am using it for that.

By the end of this month I think I will be able to put all the water available from the little stream into the pipe line and I don't know how much that will be. My guess is about 1/2 cu. ft. per second, or less. The vertical drop or head is, my guess, about two-hundred feet. That I figure would wear an average grade of about 12 feet in a hundred feet. The length of pipe being about one-half mile.

I have a 20 foot length of three inch pipe at the intake and intend to put a 50 gallon drum for that to draw water from as a reservoir. Will have this installed in the next few days.

At the bottom of your letter dated May 2nd, 1960, you mention form 10 - 11 in your letter of May 1st, 1960. I have the two copies for notice for publication and form 11. I will hold these for further instruction.

I have added some information on form 6 which I am enclosing.

I will wait for your suggestion for my next move and hope I'm not making it too difficult.

Thank you.

Yours truly,

D. E. Mulcahy

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

RE: Permit No. 27455

Date May 2, 1960

D. E. Mulcahy
Box 1000, Orogrande St.
Elk City, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 27455 is due not later than July 11, 1960. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a Notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Enc. Form 10 - 11 in instruction s- In our letter of May 1, 1960, we remind you that the Proof of Completion of "orks was not returned to us in corrected form, and until it is these proofs cannot be made. They could be mailed in together however.

July 14, 1959

Re: Permit No. 27455

Mr. Daniel E. Mulcahy
Orogrande Rt.
Elk City, Idaho

Dear Mr. Mulcahy:

Enclosed is the Form 6, Proof of Completion of Works you submitted, with attached receipt for the \$5.00 fee.

You did not answer question seven, amount of water the works are capable of conducting to the place of use. Under remarks you say as much water as the pipe will carry. Your permit claims 0.5 cubic feet per second however the fall would have to be about 50 feet in 100 feet for the 2½ inch pipe to carry that much water. If you will add, under remarks, the amount of average fall per 100 feet along the pipe line, we will compute the amount of water for you.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Re: Permit No. 27455

Boise, Idaho

May 1, 1959

D. E. Mulcahy
Box 1000, Orogrand Rt.
Elk City, Idaho

Dear Sir:-

Under the terms of your permit No. 27455 you are required to complete you diversion works on or before July 14, 1959. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

GEO. N. CARTER

Re: Application for Permit

Mr. D. E. Mulcahy
Orogrande Rt.,
Box 1000
Elk City, Idaho

Dear Mr. Mulcahy:

As per your letter of June 21, 1958, and the information given therein, we have made up an Application for Permit from the information given.

We wish that you would look over the same carefully and if there is any mistakes or corrections to be made, kindly feel free to make them. Please sign on page three and return to this department, together with your money order for the \$5.00 filing fee.

In checking over the maps we have in this department, we find that this territory is un-surveyed, however, on the Forest Service Map and Metzgar Map, that we think Crooked River should be shown one mile east in place of the location shown.

You will also notice that Crooked River is in Township 27 North, Range 7 East, in place of 6 East, as given in your letter, however, at a later time, if you find that the point of diversion and place of use is incorrectly stated in the permit, you can amend same at any time before making proofs.

Very truly yours,

E. N. HUMPHREY
Deputy State Reclamation Engineer

Encls. - Application for Permit
Money Order Attached

Mr. Roy W. Thompson - I think the fact the permit mentions the first stream coming into Quilty creek on the south side is most important. Thank you for your assistance.

Department of Reclamation
Boise, Idaho.

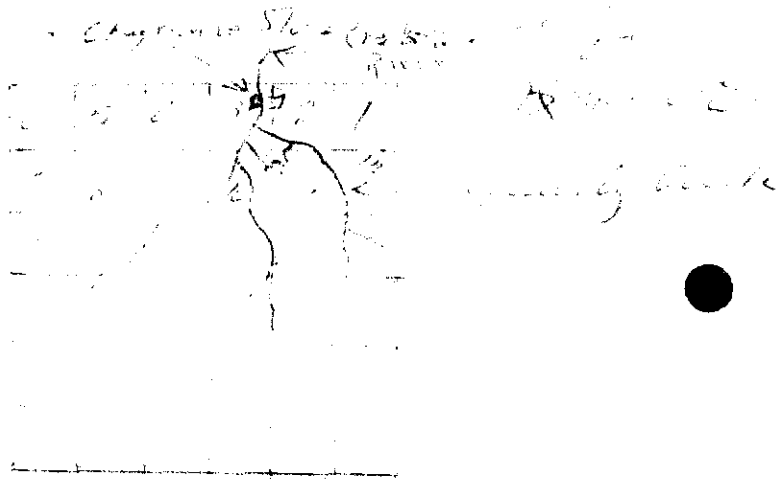

Dear Sir - I am enclosing 5⁰⁰ for application
for water permit on a small unnamed stream
that I will hereafter call "Moon Creek." It is
a very small stream and will not contain more
than $\frac{1}{2}$ c. f. s.

Already I have the water piped from it to the
mining camp $\frac{1}{2}$ mile away through a $2\frac{1}{2}$ inch
pipe. It is the only water available for milling
and domestic ~~use~~ use for the mining operations.

The drainage will be changed from Quarry Creek
to Crooked river.

The source of water will be taken from two
separate sources - the stream plus a spring about
300 feet from the stream.

D. E. Mulcahy
