PERMIT APPROVAL NOTICE

RE: PERMIT NO. 02-07453

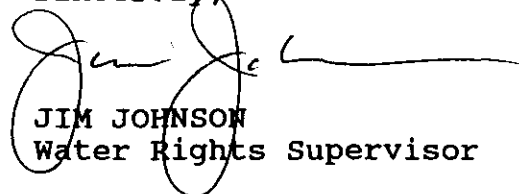

Dear Permit Holder(s):

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled, "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

Note also that water shall not be diverted under this permit unless the flow of the Snake River exceeds established downstream minimum stream flows. In addition, there are many applications for permit for the use of Snake River water that are prior to your permit. These applications have been filed for the irrigation of lands that the applicants are attempting to obtain under the Federal Land laws such as Desert Entry and Carey Act. If these lands are developed, and if the established minimum stream flows are maintained, then no water would be available for this permit. Therefore, you should carefully consider these facts before making any expenditures for the construction of your system.

Sincerely,

JIM JOHNSON
Water Rights Supervisor
