EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

E. NARRATIVE/REMARKS/COMMENTS**FILE:** 02-07448**FROM:** Amanda Folsom**DATE:** October 16, 2000

I conducted the field exam for Bradley Jones on September 26, 2000. Mr. Jones owns lot 9 in the Gridley Island Subdivision, where we met. At this time, there is no house on the lot, however, the Jones' are planning to begin building some time within the next two years. Under the conditions of building on one of the lots in the Gridley Island Subdivision, the occupants use a community well for their homes, which does not allow them to irrigate a lawn. Everyone in the subdivision is suppose to pump from either the Snake River or Riley Creek to water their lawns. The domestic use under this permit is for irrigation of lot 9 in the Gridley Island Subdivision.

Mr. Jones uses a portable 5 horsepower pump to pump from the Snake River. A vinyl hose is attached to the motor and connects to a Nelson sprinkler head on a wheel. I used the Idaho Power Irrigators' Calculator to calculate the gallons per minute, which came to 24gpm. Mr. Jones said that as soon as the home is built, a permanent underground sprinkler system would be installed. The motor and horsepower would remain the same.

I was unable to get a measurement using the Fuji from the system, but by using a theoretical on the pump, and the Irrigators' Calculator, I calculated the system capacity to be 0.05cfs. I am recommending the 0.02cfs for irrigation that was permitted.

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \frac{0.86(4.0)}{2.0} = 3.44$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = 0.02(214)(1.9835) = 8.49$$

FIELD EXAM NOTICE

RE: Permit Number 02-07448

Dear Permit Holder:

This letter is a simple reminder for the field exam that needs to be conducted regarding the above permit. I am requesting that we complete this exam this month, August 2000, as you requested earlier this summer. This permit does allow you to use the water, however it does not give you any senior status in regards to a drought. For your own benefit, an exam needs to be conducted as soon as possible.

Please be advised that you will need to operate your system under normal conditions during the examination.

In order to conduct your exam as efficiently as possible, I ask again that you call this office to schedule a day and time convenient for you as soon as possible.

If there is a problem with scheduling or conducting the examination at this time, please call and other arrangements can be made.

Sincerely,

A handwritten signature in cursive script that reads "Amanda Folsom".

To Whom It May Concern:

I spoke on the telephone with Jim Stanton of the Twin Falls office of the IDWR. Because we have one share of water from the Gridley Island Water Association and our total rate of diversion of 0.02 cfs is less than 0.04, Mr. Stanton was unclear as to whether this license fee was necessary. If it is not, please send it back to:

PROOF DUE NOTICE

RE: PERMIT NO. 02-07448

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1994.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
