Dear Ms. Nanney:

One of the conditions of approval of your water Permit No. 57-7058 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Please be advised that amendments are advertised if they constitute a major revision of the permit, such as a change in point of diversion of some distance. Amendments are also advertised if they are in an area of considerable water problems.

Dear Mrs. Nanney:

During the processing of your application for permit, we have come upon a small discrepancy in your land list, which needs your attention. (items #8b and #11)

The land list under item #8b indicates the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3, Township 6 South, Range 3 East. The map under item #11 indicates the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 3, Township 6 South, Range 3 East. Can you clarify this issue for us please.

It also appears that you are using the Bybee Canal as a means of conveyance. If this is the case, we require some evidence that they have made an easement or use right with you. We will require this information prior to our final approval of the permit, but will continue to process your application in the mean-time.

If we can be of further assistance in this matter, please feel free to contact us.
