License of Water Right No. 02-7124 Priority August 6, 1973 Amount 3.0 cfs

THIS IS TO CERTIFY, that Sand Dunes Project &/or Cletis Austin &/or Geraldine Blanksma
of Boise, Idaho, has complied with the terms and conditions of Permit
No. 02-7124 issued pursuant to Application for Permit dated August 6, 1973,
and has submitted proof to the Department of Water Resources on April 28, 1976,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 23.40 of water from Snake River,
tributary to Columbia River, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>March 15</u> to <u>November 15</u> at <u>3.0</u> cfs and <u>675.0</u> acre feet		
	from _____ at _____ cfs and _____		
	from _____ at _____ cfs and _____		

(both dates inclusive)

Subject, however, to the condition that no more than 3.0 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
675.0 acre feet per year, said waters to be diverted within the Gov. Lot 7 (NW $\frac{1}{4}$ SE $\frac{1}{4}$)

IN THE MATTER OF CHANGING THE MEASURING
DEVICE REQUIREMENT FOR PERMIT NO. **02-7124**

ORDER

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

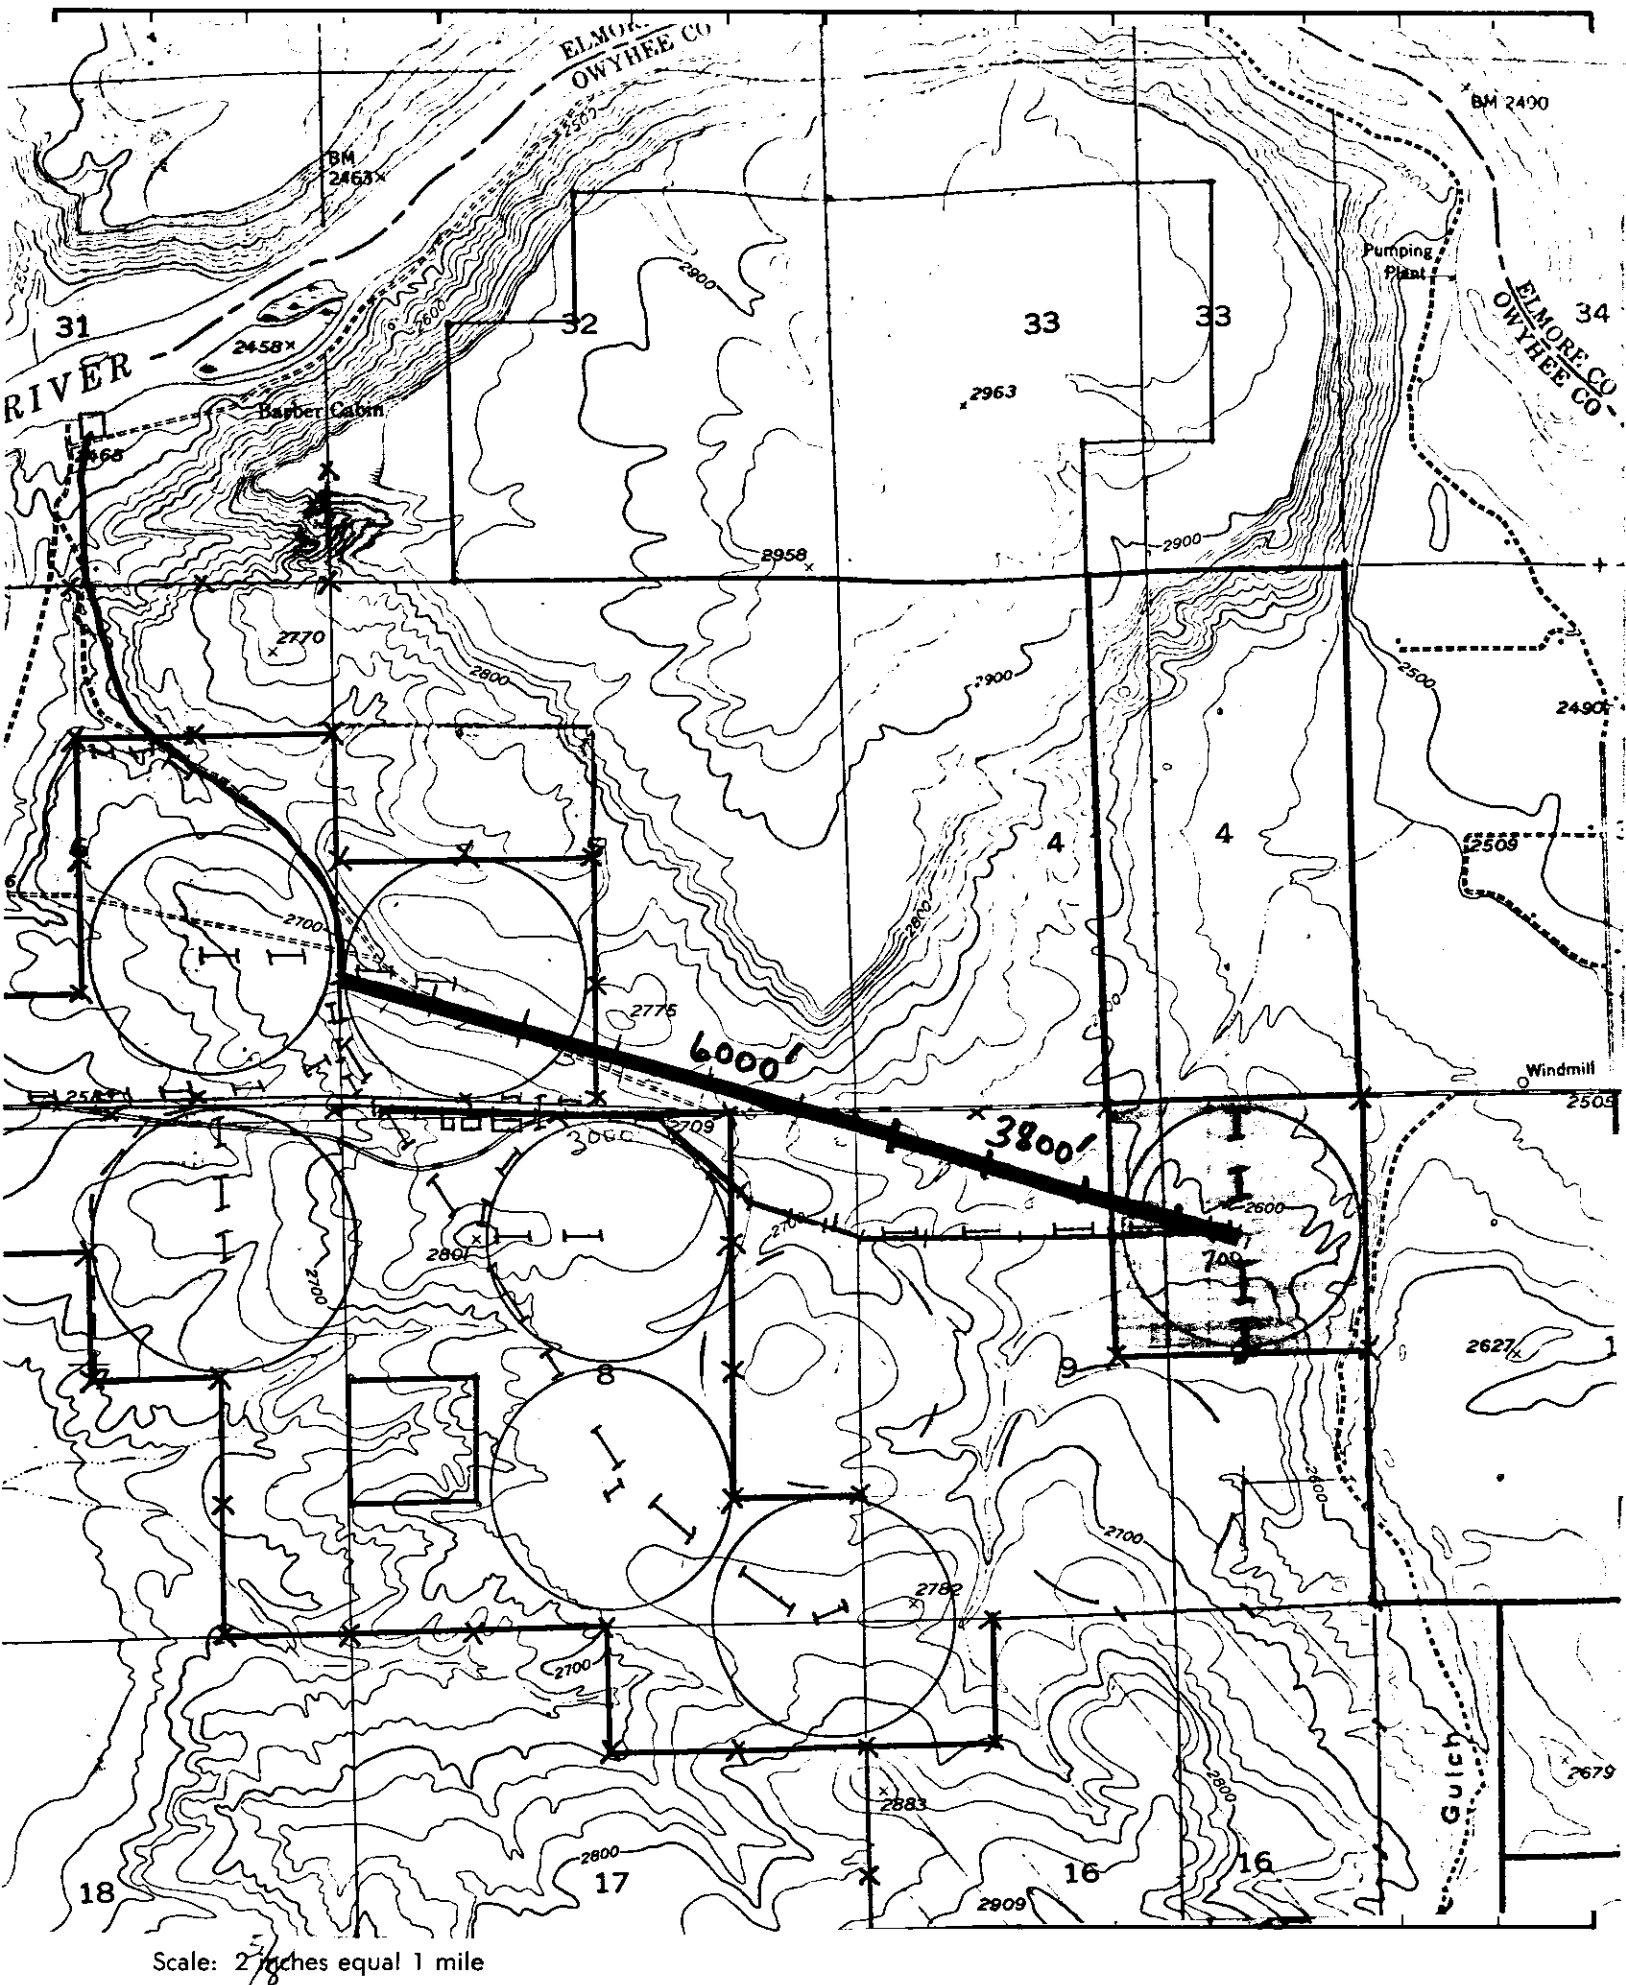

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows: "The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

Dated this 18th day of August, 1978.

Dear Wateruser:

The enclosed Order changes the measuring device condition of approval on your water right permit.

The changed condition is less restrictive and provides you the option to install an access port or have your system measured and certified by a professional engineer. Instructions for access port installation are also enclosed.

If you have questions regarding this matter, please contact the Regional Office nearest to you.

Sincerely,

David R. Tuthill Jr.

Dear Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in **Boise**.

COUNTY CLERK

E A S E M E N T

This indenture, made this 6 day of ~~January~~ ^{February}, 1969, by and between CARL E. JOHNSON, a single man, party of the first part, and CLETIS L. AUSTIN, a single woman, individually and as executrix of the estate of William L. Austin, deceased, party of the second part,

W I T N E S S E T H:

WHEREAS, the party of the first part is the owner of the following described land situate in Owyhee County, State of Idaho, to-wit:

Lot 7, Section 31, Township 5 South, Range
7 East, Boise Meridian; and,

WHEREAS, the party of the second part holds Desert Land Entry I-2097 covering the West half of the East half and the East half of the West half, Section 8, Township 6 South, Range 7 East, Boise Meridian, and being executrix of the William L. Austin Estate which holds Desert Land Entry I-2231 covering the South half of the Northeast quarter and the North half of the Southeast quarter, Section 6, and the Southwest quarter of Section 5, Township 6 South, Range 7 East, Boise Meridian, Owyhee County, State of Idaho; and,

WHEREAS, the party of the first part desires to sell and

convey to the party of the second part a permanent easement and right of way across the first above described real estate.

NOW, THEREFORE, for good and valuable consideration, the party of the first part does bargain, sell, convey, grant, transfer and deliver unto the party of the second part a perpetual easement and right of way to construct, operate, maintain, alter, repair, or remove, and to convey water through, a pipeline or pipelines to be constructed and installed by the party of the second part upon said easement and right of way, and said easement and right of way is described as follows, to-wit:

A rectangular strip of land 40 feet wide lying parallel with, and having as its westerly boundary line, the following described line:

beginning at the South quarter corner of Section 31, Township 5 South, Range 7 East, Boise Meridian, and running thence North 0°30' East a distance of 1,210.0 feet, comprising 1.11 acres, more or less, all of which is situate in Owyhee County, State of Idaho.

Said easement and right of way, and all ditch rights or interests in the nature of ditch rights created upon said easement and right of way, shall be appurtenant to the lands in said described Desert Land Entries and shall be appurtenant to any other lands to which water is conveyed through any pipeline or pipelines hereafter constructed upon said easement and right of way.

The purchase price for said easement and right of way is the sum of Four Thousand Dollars (\$4,000.00), which said sum has been paid by the party of the second part to the party of the first part coincidentally with the delivery of this instrument, and receipt of said sum of Four Thousand Dollars (\$4,000.00) is hereby acknowledged by the party of the first part.

The party of the second part in connection with the preparation of the above easement for the construction and installation thereon of a pipeline agrees to remove the excess soil therefrom to an existing wash adjacent to the right of way. For as long as the lands in said described Desert Land Entries remain in the name of the party of the second part or the immediate family of the party of the second part in the event they become heirs of the party of the second part, the party of the second part agrees to deliver to the party of the first part from such pipeline or pipelines on said easement and right of way as the party of the second part shall select, water from the facilities installed on the above described easement, in sufficient amount to irrigate a total of forty (40) acres, but such amount shall not exceed forty (40) miner's inches in any event, and the party of the first part

agrees to pay the party of the second part on a prorata basis the power costs necessary to operate said system. The party of the second part agrees to install risers on the supply line maintained on said easement, and the party of the first part shall provide all other attachments necessary for the transmission of such water to the place of intended use by the party of the first part. This agreement does not constitute a transfer or conveyance of any water permits or water rights to the party of the first part, and the party of the first part shall be responsible for obtaining any water permits he deems necessary for the establishment of his water rights and for establishing the priority of his water rights, and this agreement shall in nowise modify, alter or affect the priorities of the water rights of the party of the second part, individually or as executrix of the estate of William L. Austin, deceased. The party of the first part shall not be held liable for any damages caused to the pipeline or easement by the livestock of the party of the first part.

The party of the second part agrees to construct two road crossings over the pipeline or pipelines to be constructed upon said easement and right of way, one such crossing at each end of said right of way.

If the party of the second part shall be required to

give a mortgage on the easement and right of way herein granted by the party of the first part to the party of the second part, in order to secure repayment of any loan obtained by the party of the second part, then, in that event, the party of the first part agrees to ~~make~~^{execute} and deliver to the person or entity to whom such mortgage is given, or to any subsequent holder of such mortgage, an agreement subordinating any and all rights of the party of the first part in and to the pipeline, pipelines, water system and water supply to be constructed upon or transmitted across said right of way, to the lien of said mortgage, which said subordination agreement shall be duly acknowledged so as to entitle it to be recorded

The covenants herein contained shall bind, and the benefits and advantages hereof shall inure to, the heirs, personal representatives and assigns of the respective parties hereto.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and their seals the day and year first above written.
