Mr. Santo met w/ me and Jim Johnson in the state office after receiving the department's letter of proposed findings. We found that we had missed a 10-acre piece of ground. I had misunderstood what was irrigated out of the river. I had recommended only what was being irrigated at the time of the exam. I have corrected the exam to reflect the proper acres.

Dear Mr. Santo:

One of the conditions of approval of your water Permit No. 02-7087 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1976. If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
