Dear Mr. Laughlin:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Free Press, all submitted in proof of beneficial use under Permit No. 20700.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

RE: Permit No. 20700

Mr. Charles Laughlin
Star Route
Malba, Idaho

Dear Mr. Laughlin:

We enclose certificate of completion of works issued under Permit No. 20700, for the diversion of one second foot of water for irrigation and domestic use on Lot 3, Section 28, Township 1 South, Range 2 West, B.M., known as Noble Island. We also enclose departmental receipt No. 23706 for the \$5.00 fee paid in connection with this proof.

Your notice of beneficial use proof, which accompanied your affidavit in proof of completion of works, set August 25, 1951, as the date for making proof. Since this notice must be published once a week for four consecutive weeks prior to the date proof is to be made, we must ask that you set a later date that will be convenient for yourself and two witnesses. We will amend the notice and send a copy to the Nampa Free Press for publication.

You have not filled in the name of the Notary Public before whom proof of beneficial use is to be made. This should also be stated in the notice. We assume it will be F. M. Dille, who acknowledged your proof of completion of works. We shall await your further advice.

Very truly yours,

MARK R. KULP

Dear Sir:

Under the terms of your permit No. 20700 you are required to complete your diversion works and make proof of beneficial use on or before October 20, 1951.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is October 20, 1951, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.
