POINT OF DIVERSION

Permit No. 28835

RECEIVED
JAN 20 1966

Department of Reclamation

Comes now Betty L. Tate and
represent to the State Reclamation Engineer of the State of Idaho:

That she is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. 28835.

That the point of diversion is described in said Permit as being located:

SW 1/4, Section 1, T5S-R4E, B.M.

That he now requests that the point of diversion be changed to a point
located: Lot 4 SE SW 1/4, Section 34, T5S-R4E, B.M.

That the reason for desiring to make such change is as follows:

The original point of diversion was abandoned and by working in cooperation with
our neighbors, we built our pumping plant and main canal in and from Lot 9 at much
less cost than it would have cost had we built it in Section 3.

That no one will be injured by such change, and that such change will be made
at Permit Holder's own risk.

Re: Permit No. 28835 (new no. 02-2424)

Mr. William D. Tate
5501 Kootenai
Boise, Idaho

Dear Mr. Tate:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.
