P.O. Box 1368

Dear Mr. Gillespie:

This office has received the assignments submitted in behalf of Keith A. & Leona M. Johnson and William H. & Mildred Lemon.

We wish to advise you that the Department has no procedure for changing the records of ownership once a permit has been licensed. When a license is issued, it becomes appurtenant to the land and ownership is automatically conveyed with the land unless it is specifically withheld in the sales transaction. We will, however, place a copy of the assignments in our files (02-2279 & 02-2418) for future reference as to present ownership. The originals and one copy are herewith returned for your records.

We have also kept one copy each of the assignments conveying interest in Bybee Canal and Certificate No. 171.

The assignment of Keith A. Johnson to the Lemon's in connection with Permit 02-7012 has been recorded. We have kept the original for our file and are returning the two copies.

The assignment of William & Mildred Lemon in connection with Permit 02-7012 is being returned for additional information, as it does not set forth the party to which the assignment is made. We assume the assignment was made to convey interest in the permit to Mutual Life Insurance Company of New York, therefore, we have taken the liberty of partially completing the Department's 'assignment of permit' form for signature by Mr. & Mrs. Lemon. Please note that we will need the mailing address of Mutual of New York; also we would appreciate the address of Mr. & Mrs. Lemon for the permit file.

Please return the assignment for Permit 02-7012 at your earliest convenience. If you have any questions regarding the above, please let us know.

Sincerely,

Re: Permit No. 31648

Leona K. Johnson
Box 314
Grandview, Idaho 83624

Dear Mrs. Johnson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with those rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
