Dear Wes,

The two documents we discussed July 5, 1983, are enclosed for your review and signature, if they are acceptable. I noticed this morning your water right license (02-2407) was not issued for one inch per acre. Both the transfer and claim correspond to the ratio of .32 cfs to 28 acres issued under the license.

Both documents will need to be notarized. The fee for the transfer is \$50.00. The filing fee for .16 cfs on the claim is \$30.00.

If you have any questions before filing these documents, let's sit down and talk it over again. Thanks for your help in getting the water rights record straight.
