THE TRAVELERS INS. CO.

Dear Mr. Sackett:

As you may be aware, the assignment submitted with your October 7, 1970 letter for Vernon W. Goldsmith to James and Betty Batt, and from James and Betty Batt to The Travelers Insurance Company was held by legal counsel from the Department of Water Administration until the question of community property was settled in connection with the Goldsmith assignment.

As you may recall, Mr. Goldsmith was married at the time he acquired the permit, and subsequently got a divorce when a community property settlement was established. Mr. Goldsmith alone signed the assignment and his wife did not. The permit being personal property mentioned in the settlement, and Mrs. Goldsmith's attorney as well as Mr. Goldsmith's attorney could not clarify the community property interests in the assignment of this permit.

The Department at this time is recording all assignments and accepting them for the face value as we feel we have offered both parties adequate opportunity to contest the assignment. No specific contests being presented, we will leave our acceptance to future review by any complaining party.

Your patience and cooperation in this matter is appreciated.

ATTENTION: Mr. Bob Fleenor

Dear Bob:

I called you a few moments ago re water assignments pertaining to James S. Batt and Vernon W. Goldsmith. Please advise me whether permits numbered as follows:

51991	02-2159
29214	02-2398
53537	02-2354

now stand in the name of James S. Batt.

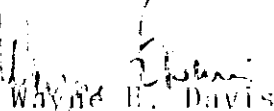

The problem was that all of these permits were at one time owned by the Goldsmith and Batt partnership. James S. Batt has succeeded to all of the land, water permits and so forth. Everything is now owned by James S. Batt.

Vernon W. Goldsmith was married to Jewell L. Goldsmith and a divorce was obtained by Vernon W. Goldsmith. Vernon W. Goldsmith succeeded to all of the right of his wife, Jewell. I need to know specifically if we need any assignment from Jewell L., and if so, what particular permits.

I am very interested in getting this matter wound up so that there will be no problem in respect to ownership of James S. Batt. I will appreciate your help.

Gentlemen:

Please be advised that the assignment of Permit 02-2398, by James S. Batt, is not acceptable, as Mr. Batt is not the owner of the permit. The permit would have to be assigned by Vernon W. Goldsmith, as our records indicate that he is the holder of Permit No. 02-2398. The assignments for Permit No. 02-2354, and 02-2159, are acceptable. However, they are both for only Mr. Batt's interests in the permits. If you wish to gain full control of these permits, you should also have Vernon W. We are enclosing two new assignment forms for your use in this matter. If we may be of any further assistance, please feel free to contact us.

Re: Permit No. 31991

Vernon W. Goldsmith & James Batt
RFD # 3
Twin Falls, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~and are now submitting proof of beneficial use~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
