CONVERSATION MEMORANDUM

DATE 4/24/84FILE 02-2353, 02-2437A15
02-2070NAME OF PARTY Ed GoodEMPLOYEE John K. Noyes

RE: met with Ed Good at his farm & went over
his irrigation system, pumping plants & etc.
Present use of water on his farm from the
three P.D.'s is shown on DSES aerial photo
& land covered by each P.D.. The use now
differs with the licenses in some instances,
however it is the intent to recognize the
way the farmer is using the water & will
be adjudicated according to the present
use.

License 02-2070 covers primarily the same
land as licensed - except C55 and some
acreage. License 02-2437 will be split
up into A & B to recognize water out
of P.D. gravity flow ditch & the sprinkler
land out of NESE 16 Sec 6. From Permit
02-2353 will be licensed for 6.42 C55
& 321 acres - measured 6.9 C55 in 1991
for this right

Ed Good has an agreement with the BLM
for irrigating their lands as noted on the
land list.

Gentlemen:

One of the conditions of approval of your water Permit No. 31989/02-2353 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Big Foot Bar Grazing Assoc.
LeRoy R. Davis, Sec.
Grandview, Idaho 83624

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a permit holder to make proof of beneficial use of water. The enclosed Order modifies your permit 31989/02-2353 to comply with these rules and regulations.

Proof of beneficial use of water was originally due under this permit on or before July 17, 1969. However, the Department failed to give you 60 days notice that said proof of beneficial use was due. Enclosed please find an Order which extends the time within which to submit proof of beneficial use of water to August 1, 1972.

If you have any questions regarding the above matters, please contact us.

Sincerely,

BOBBY D. FLEENOR
Assistant Director
