Re: Permit No. 31916/02-2313

Desert Sun Farm, Inc.
Box 482
Caldwell, Idaho 83605

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modified your permit to comply with these rules and regulations. Should you require additional information, we will be glad to supply it upon request at any time.

Very truly yours,
