Attention: Mrs. Edna T. Rule

Dear Mrs. Rule:

This is in connection with Permit No. 30987. In reply to your letter of January 6, 1965, you will find enclosed the three required affidavits, together with the Affidavit of Publication. Please let me know any fees involved, and I will promptly send the same. We would appreciate the license being sent to this office. You will note that we actually are submitting proof for less amount of water, and actually are applying for 240 miner's inches of water and are applying on less ground than set forth in the permit. I checked this out with Mr. Thomas of your office, and this is satisfactory, since the permit calls for more water and calls for more ground, but the ground upon which we applied the water is included in the legal description in the permit.

Sincerely yours,

SCHILLER, YOUNG & WILLIAMS
