Dear Mr. White:

Pursuant to our phone conversation of this date, I have reviewed your permit files and found their status to be as follows:

02-2192 - Proof of completion of works and application of water to beneficial use made on February 16, 1968. Awaiting field examination by the department.

02-2199 - Field examination made on August 7, 1970. Ready to be licensed.

02-2280 - Proof of application of water to beneficial use submitted on February 26, 1971. Awaiting field examination by the department.

63-3141 - License issued on April 9, 1963,

As proof has already been made on Permit No. 02-2192, we are herewith returning the proof affidavit received on February 24, 1971.

If you have any questions regarding the above or if we may be of further assistance, please feel free to contact us at any time.

Dear Elwood:

I think I finally got accurate knowledge concerning the water rights which you are concerned.

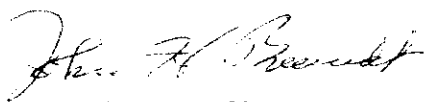

First the license has been issued for 1.78 CFS with priority of December 22, 1958 for your well water to be applied on the SE of the NE $\frac{1}{4}$ and the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 1, T. 1 N., R. 3 W.B.M.--160 acres. License has been issued and should be presented to the Department of Water Administration in due course of time, transferring said license on their books to Herke Stam. The actual license should be handed to Mr. Stam.

There is also a permit #02-2192 for 6.4 CFS priority of February 29, 1968 covering the E $\frac{1}{2}$ of Section 1 (except the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$) and the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$, all in T. 1 N., R. 3 W.B.M. Apparently this covers the land which Richardson now has and does not cover the lower 80 where the well is. This permit needs to be assigned partly to Richardson and partly to Stam. Assignment must be made by you with the Department of Water Administration in the State House in Boise by signing certain forms that they have there.

There is another permit #02-2280 for 1.6 CFS, which covers the SE of the SE $\frac{1}{4}$ Section 36, T. 2 N., R. 3 W.B.M..As near as I can guess this is the property you sold to the Allen Brothers. This is ready for license and should be assigned to them immediately before license is issued.

Very truly yours,

Dear Mr. White:

We acknowledge receipt of the depositions and affidavit of publication in the
Idaho Free Press submitted as proof of completion of works and beneficial use on Permit 30896.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Dear Mr. White:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit 30896.

We have mailed the notice to the Idaho Free Press
to be published once a week for four consecutive weeks prior to February 16,
1968, which is the hearing date when the permit holder C. Elwood White

and two disinterested witnesses must appear before _____
Roger L. Williams, notary public, to complete the enclosed
depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by C. Elwood White
_____. Be sure all the forms have the notary's
seal and are signed.

Please feel free to contact us if we may be of any assistance.

Re: Permit No. 30896

C. Elwood White
Route 2
Meridian, Idaho

Dear Mr. White:

Under the terms of your Permit No. 30896 you are required to complete your diversion works on or before Jan. 14, 1968. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the said permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

State Reclamation Engineer
