Dear Mr. Panzeri:

We acknowledge receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Owyhee Nugget, all submitted in Proof of Beneficial Use under Permit No. 21731.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 21731

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 15, 1950, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Marsing, Idaho before Leona S. Hawes, Notary Public,
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

Dear Mr. Panzeri:

We acknowledge receipt of your proof of Completion of Works under Permit No. 21731, accompanied by your check for the \$5.00 fee, and Certificate of Completion of Works will be sent you in a few days.

We have had to make several corrections in your notice of Beneficial Use Proof. In the first place, proof can only be made on 1.2 second feet of water instead of 2.4 as the Permit only calls for 1.2 second feet, or an inch to the acre for the 60 acres irrigated.

We have also changed the name of the Notary Public, as it is Leona S. Hawes and not Rodney Hawes who is the Notary Public.

A copy of the notice has been sent to the Owyhee Nugget with instructions to publish it once a week for four consecutive weeks prior to December 15, 1950, the date set for proof, and to send you the Affidavit of Publication, together with statement of costs.

We shall send Mrs. Hawes the necessary forms of deposition for making this proof, consisting of one for yourself and one for each of two witnesses, and at the time set, you should appear before her, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

Re: Permit No. 21731

Mr. William Panzeri
Box # 23
Marsing, Idaho

Dear Mr. Panzeri:

We enclose Permit No. 21731.

Since the application states that the works are completed, and that no additional time will be required for putting the water to beneficial use, we have allowed three months, or until January 9, 1951, within which to make these two statutory proofs that are required to complete the water right.

The first proof, or proof of completion of works, is made by executing Form 6 (enclosed) before a Notary Public, and returning to this Department, with the statutory fee of \$5.00.

Final or beneficial use proof requires publication once a week before making the proof in a county newspaper. The notice should be made in duplicate on Form 10 enclosed, setting time and place, and naming the Notary Public before whom you wish to make the proof. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication; and the proof may be taken at any place convenient for you and your two witnesses- probably at Marsing, as that is where you are located.

Both copies of Form 10 are to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
