Dear Mr. Siple:

This morning's mail brings us Affidavit of Publication in the Owyhee Chronicle, which with the depositions of yourself and two witnesses previously submitted, completes Proof of Beneficial Use under Permit No. 21401 in the name Block 57 Irrigation Company.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, the Field Engineer for this Department will try and contact you at the time he makes the examination in order that arrangements may be made to show him over the grounds.

Dear Mrs. Colley:

We are in receipt of your letter of June 1, and also a copy of your June 1 issue, containing Notice of Beneficial Use on Permit No. 21401.

We find this notice to be correct with two exceptions. The word "feet" in the seventh line of the first paragraph and also in the second line of the fourth paragraph should be "foot", as it is only a fraction of a cubic foot. Possibly our copy was not too clear in this respect, but we shall appreciate your making the correction in the subsequent issues.

Very truly yours,

Dear Mr. Siple:

We acknowledge receipt of your deposition in Proof of Completion of Works under Permit No. 21401 in the name of Block 57 Irrigation Company, also duplicate notice of Beneficial Use Proof to be made under this Permit on May 25, 1950.

It is obviously too late to have the notice published four times before May 25, 1950, as the notice just reached us this morning. This proof is due on or before June 13, 1950, but since the four publications cannot be completed before June 22, 1950, we have set June 24, 1950, as the date for making this proof.

A copy of the notice has been sent to the Owyhee Chronicle with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the Affidavit of Publication, together with statement of costs.

At the time set, you should appear before the Notary Public, Francis P. Pusateri, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions enclosed.

Meanwhile, we enclose Certificate of Completion of Works issued under this Permit for the diversion of 0.044 second foot of water from Snake River for the irrigation of 2.2 acres of land in Lot 6, Section 4, Township 3 North, Range 5 West, B.M.; together with Departmental Receipt No. 22368 for the \$5.00 fee.

Re: Permit No. 21401

Mr. V. A. Siple
Box 394
Homedale, Idaho

Dear Mr. Siple:

We enclose Permit No. 21401 in the name of Block 57 Irrigation Company, together with Departmental Receipt No. 22124 for the \$5.00 filing fee.

Since the application states that the works are completed, we have allowed three months, or until June 13, 1950, within which to make the statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

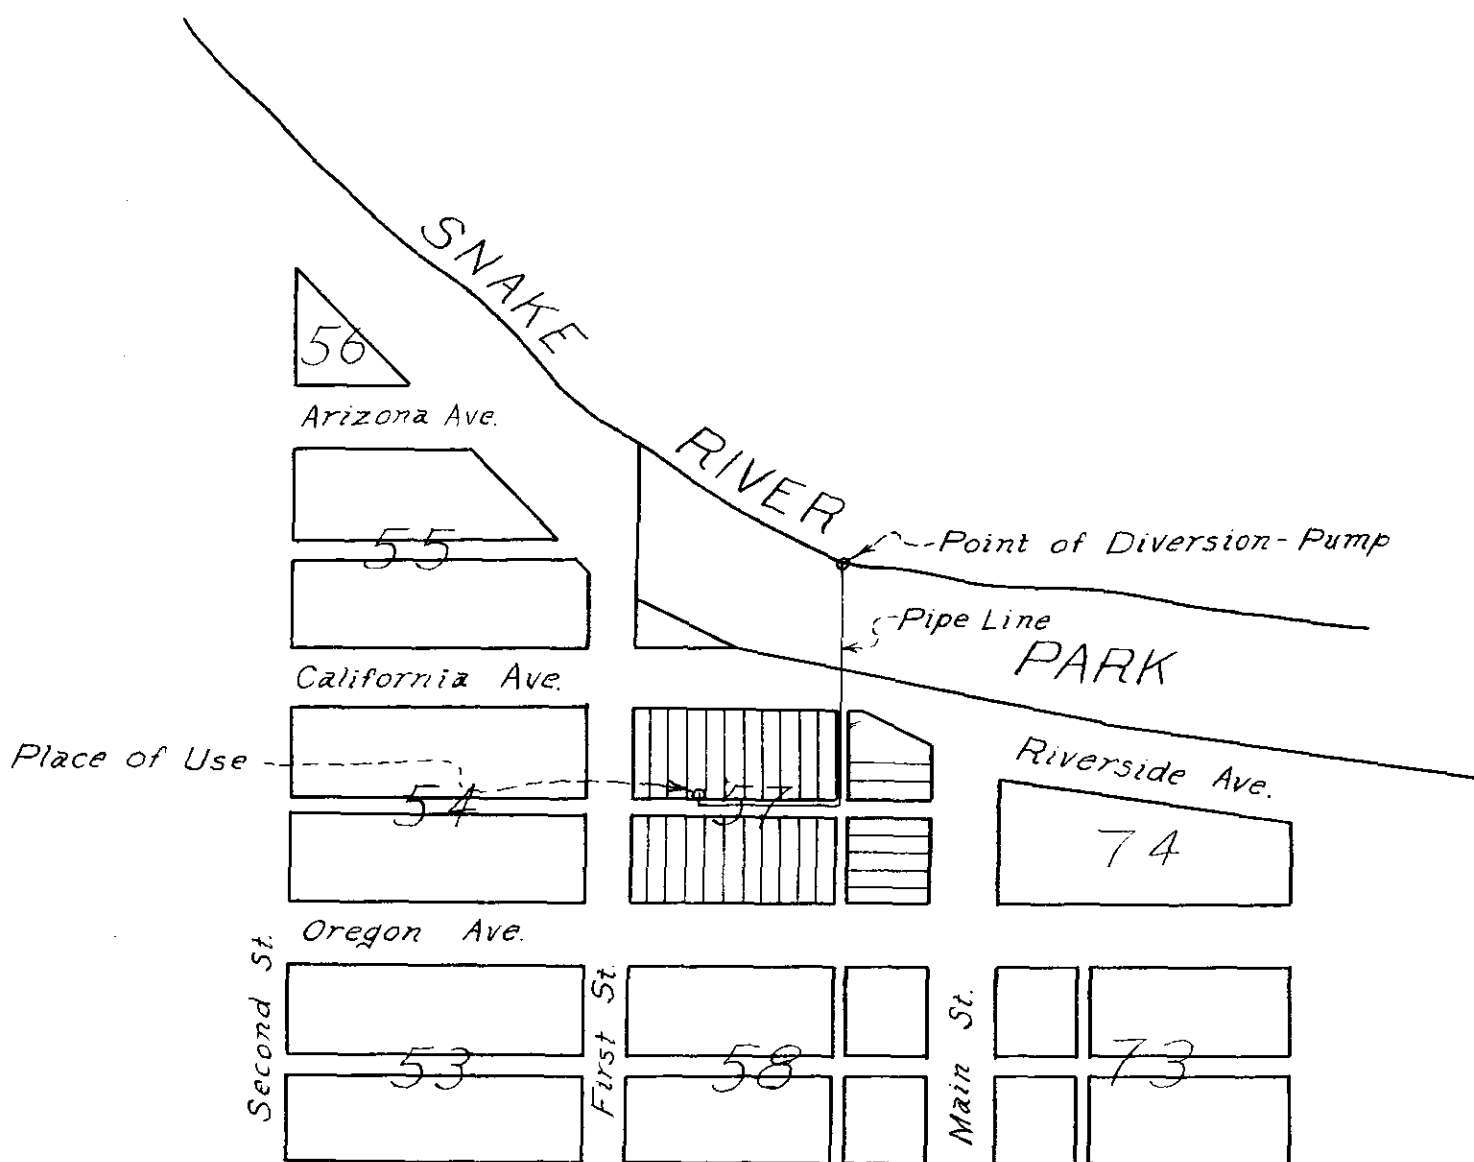

Very truly yours,

Dear Mr. Siple:

We acknowledge receipt of your letter of February 16, enclosing the application of Block 57 Irrigation Company to appropriate 2.2 inches of water from Snake River for the irrigation of 2.2 acres which, according to Question 14, seem to be located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ and Lot 6, Section 4, Township 3 North, Range 5 West.

The application is returned herewith for completion as follows:

1. Under Question 4, state the legal subdivision, that is, the forty acre tract and Lot No. where the diversion is made from the Snake River.

2. Under Question 14, give the acreage under each subdivision listed.

3. Furnish a sketch map in duplicate on the form enclosed, showing the place of diversion, place of use, and pipe line within their respective locations, designated by Lot No., or legal forty acre subdivisions, Section, Township and Range.

4. The application should be signed on the line indicated on the third page.
