

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 5th day of February, 1955, at Boise, County of Ada, State of Idaho, before Harley M. McDowell Notary Public, proof will be submitted of the application to beneficial use of 0.70 cubic feet per second of the waters of Snake River in accordance with the terms and conditions of Permit No. 21377 heretofore issued by the State Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Robert Lee Wood, Glenns Ferry, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 0.70 cubic feet.

The place where said water is used is Lot 10 (SW $\frac{1}{4}$ SW $\frac{1}{4}$) Sec. 2, T 6S, R 8E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 21377.

The source of supply from which such water is diverted is Snake River.

The date of priority which said user is prepared to establish is February 13, 1950.

MARK R. KULP

State Reclamation Engineer

License and Certificate of Water Right

License No. 21377

Amount 0.7 second foot

Water District No.

Priority February 13, 1950

THIS IS TO CERTIFY that A. P. TOWNSLEY
of Hammett, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 13 19 50; that Permit No. 21377
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.7 second foot, was issued thereunder on July 18, 19 52, showing that said works
were completed on the 15th day of July, 1952; and that on the 5th
day of February, 19 55,

ROBERT LEE WOOD, Assignee of A. B. Townsley,
of Glenss Ferry, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Snake River
, a tributary of Columbia River, for the purpose of irrigation and
domestic use, under Use Permit No. 21377 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5542, on the 15th day of August, 19 55;

The right hereby confirmed dates from February 13, 1950;

The Point of Diversion is located in Lot 9 or
in the SE ¼ SW ¼, Sec. 2, Tp. 6 S, R. 8 E., B. M. Elmore County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.7 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
6 S.	8 E.	2	SW ¼ SW ¼ (Lot 10)	35	35

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
15th day of August, 19 55.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29072
PERMIT No. 21377
DISTRICT No.

~~CANCELLED pursuant to sec. 41-811
Elmore Code Annotated, by order of
State Reclamation Engineer
DEC 11 1952~~

1. Name of Applicant: A. B. TOWNSLEY

Postoffice address: Hammett

County: Elmore

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: 0.70

cubic feet per second.

3. Source of water supply: Snake River

which is a tributary of Columbia River

4. Location of point of diversion:

feet distant from the

corner of Section , T. , R. , B. M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 9)

of Section 2 , T. 6 S. , R. 8 E. , B.M., County of Elmore *Anyhee*

5. Water is to be used for Irrigation and domestic purposes.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 1,000.00

8. Kind of works: Pump, pipe-line and ditches

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume: Electric operated pump

Diameter of pipe 8 inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is Three (3) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

*Robert Lee Good
Blenas Idaho*

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

21377

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21377This proof is for Beneficial Use In Water District No. _____1. Name of applicant Robert Lee Wood, Box 293, Glenns Ferry, Idaho2. Source of water supply: Snake River3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 9) of Section 3T. 6 S. R. 8 E. County of Elmore *Boise*

4. Describe works as they exist, giving dimensions and capacities of same: There is a 16" concrete pipe line 145' long extending from the river to the sump. Sump is 8' by 10' by 10' high. Large screen to protect the pump from debris. There is no pump house no protection. Pump and motor set on plank and timbers above the sump. Pump is a Pomona Turbine, single bowls, No. PD 8218. 6" column 12' long. Total lift 20'. 60' of 8" iron pipe extends South of the pump into the ditch. Irrigation is by gravity. 7 $\frac{1}{2}$ h.p. G. E. Motor 3 phase, No. ZC 4971. Mr. Wood says there is a heavy loss of water from the ditch making irrigation to the high point in the field difficult and intends to eventually install a closed concrete pipe line.

5. Water is used for: Irrigation and domestic purposes6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lot 10 (SW $\frac{1}{4}$ SW $\frac{1}{4}$) Section 2, Twp. 6 South, Range 8 East, B. M.See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Part of irrig. is by subbing.This examination was made on the 30th day of March, 19 55(Signed) E. M. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 5th day of February, 1955, at Boise, County of Ada, State of Idaho, before Harley M. McDowell Notary Public, proof will be submitted of the application to beneficial use of 0.70 cubic feet per second of the waters of Snake River in accordance with the terms and conditions of Permit No. 21377 heretofore issued by the State Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Robert Lee Wood, Glenss Ferry, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 0.70 cubic feet.

The place where said water is used is Lot 10 (SW 1/4 SW 1/4) Sec. 2, T 33, R 32, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 21377.

The source of supply from which such water is diverted is Snake River.

The date of priority which said user is prepared to establish is February 13, 1950.

FEB 25 1955

Department of Reclamation

Permit No. 21377

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Robert Lee Wood, residence, 6 miles west of Glenns Ferry, occupation, farming; postoffice address, PO Box 293, Glenns Ferry, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The number of my permit is 21377 and the date February 21, 1950. The date of priority I propose to establish is February 13, 1950.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The source of water is the Snake River and the pt. of diversion in the SE 1/4 SW 1/4 (Lot 9), Section 3, T 6 S - R 8 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works consist of 180 ft. of 16" concrete pipe out of the river to the sump which is made of 4"x10" timbers with dimensions 6'x8'. There is a 7 1/2 h.p. pump with turbine type motor. This discharges 78" of water through an 8" pipe with 20' lift. There is a 30' pipe, 8" in diameter which empties into a gravity ditch with 15" bottom, 3' depth, 4' wide at top and will carry up to 100" of water. There is 550 yards of ditch to the pt. of distribution and another 1/4 mile over land for distribution. Water was measured over a wier.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on Lot 10 (SW 1/4 SW 1/4) Sec. 2, T 6 S - R 8 E., B.M. 31.20 acres and an area of at least 12 or 13 acres more of acretian area from change in river level and from change in dyke that formerly made boundary. I irrigate approx. 35 acres on this lot. This is all cultivated land and all improvements mentioned above areas a direct result of said use.

21377

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None.....

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 35" is the minimum amount of water required for the purpose specified above.....

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. This was originally filed on by A. B. Townsley and assigned to me on 12/18/51.....

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This water was first used under an old use right by Wheeler Ladd before 1938. There was only 18-20 acres in that. Bert A Waller used under old use right about 1944; Floyd Landis used it in 1948 and 23 acres was put in under first permit by A.B. Townley in 1949. I have put the full 35 acres under cultivation.....

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.....

(Sign) Robert Lee, Wood

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise....., County of Ada.....

State of Idaho, on this 5..... day of February....., A. D. 19..55.

Harley W. McDonald

My commission expires 10/11/55.....

21377

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21377

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Gerald D. Green; age, 25; residence, 3 miles south of Hammett, Idaho; occupation, farmer; postoffice address, Hammett, Idaho.

Ques. 2. Are you acquainted with Robert Lee Wood, the holder of Permit No. 21377? How long have you known him and where does he reside?

Ans. I have known him about 8 years and know that he resides 6 miles west of Glenns Ferry.

Ques. 3. Have you read or heard read said Permit No. 21377, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of the water is the Snake River; place of diversion, SE $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 9), Sec. 3, T 6 S - R 8 E., B.M. There is 180' of 16" concrete pipe from the river to the sump which is made of 4" x 10" timbers and has dimensions of 6' x 8'. There is also a 7 $\frac{1}{2}$ h.p. pump with turbine type motor. The rate of discharge is 78" through and 8" pipe with 20' lift. 30' of 8" pipe drains into a gravity ditch which has a 15" bottom, 4' top and 3' depth. 550 yards of ditch are in place to the pt. of distribution and an additional 1/4 mile over the land for distribution.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate said works will safely conduct to place of use 78 inches of water and have seen this amount so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used for irrigation purposes on the SW $\frac{1}{4}$ SW $\frac{1}{4}$, (Lot 10) of Sec. 2, T 6 S - R 8 E., B.M. About 35 acres of the land is irrigated and an additional 13 or 14 acres is acretian land from change in river level and a dyke that formerly made a boundary. This is cultivated land and all the above mentioned improvements are a direct result of said use.

21377

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a sandy loam, good agricultural land of high productivity when artificially irrigated. This land needs about 2" to the acre of water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have known this land generally for 4 or 5 years and have known it well for the last two years. I farmed this land in 1953 and 1954.

(Signed) Gerald D. Green

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise,
County of Ada, State of Idaho, on this 5 day of February,
A. D. 1955.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21377

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Kenneth A. Seese; age, 32; residence, 6 miles west of Glenns Ferry, Idaho; occupation, farming; addressed, Hammett, Idaho.

Ques. 2. Are you acquainted with Robert Lee Wood, the holder of Permit No. 21377? How long have you known him and where does he reside?

Ans. I have known him over 20 years and know that he resides 6 miles west of Glenns Ferry, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21377, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of the water supply is the Snake River and the place of diversion, SE $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 9), Sec. 3, T 6 S - R 8 E., B.M. Works consist of 130' of 16" concrete pipe from river to sump. Sump is made of 4"x10" timbers and is 6'x8'. He has a 7 $\frac{1}{2}$ h.p. pump and turbine type motor which discharges 78" of water through an 8" pipe with 20' lift. A 30' pipe, 8" in diameter is placed to a gravity ditch which has 15" bottom, 4' top and 3' depth. There is 550 yards of ditch to the pt. of distribution and 1/4 mile additional over land for distribution.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the works will safely convey 78 inches of water and have seen this amount so conveyed.

a Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on SW $\frac{1}{4}$ SW $\frac{1}{4}$, (Lot 10), Sec. 2, T 6 S - R 8 E., B.M. About 35 acres is irrigated and 13 or 14 acres more of accretion land from change in river level and change in dyke that formerly made boundary. This is all cultivated land and all improvements listed above have been made as a direct result of said use.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land is a sandy loam soil, which is very good and productive when irrigated. I estimate the amount of water required for its profitable cultivation to be at a minimum the amount which is now being delivered.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I own land across the river and have seen this area ever since it was first developed before 1938.

(Signed) Kenneth A. Seese

RE: Permit No. 21377

Glenns Ferry Gazette
Glenns Ferry
Idaho

Gentlemen:

We have checked the notice in connection with Robert Lee Wood's
Permit No. 21377 appearing in your issue of January 13 and find same to be
correct with the exception of one small typographical error.

In the last line the word February is misspelled.

Please make this correction in your subsequent issues.

Very truly yours,

MARK R. KULP

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 5th day of February, 1955,
at Reiss, County of Ada, State of Idaho, before
Harley M. McDowell, Notary Public, proof will be submitted of the
application to beneficial use of 0.70 cubic feet per second of the waters of
Snake River in accordance with the terms and conditions of Permit No. 21377
heretofore issued by the State Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Robert Lee Wood
Glenns Ferry, Idaho

The use to which said water has been applied is irrigation and domestic

The amount applied to beneficial use is 0.70

The place where said water is used ~~at the place where the water is used~~

Lot 10 (SW $\frac{1}{4}$ SW $\frac{1}{4}$) Sec. 2, T 6 S - R 8 E., B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

private ditch.

The right to take water from such works is based upon Permit No. 21377

The source of supply from which such water is diverted is Snake River

The date of priority which said user is prepared to establish is February 13, 1950

MARK R. KULP

State Reclamation Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Jan. 6, 1955

(P. O.) Glenns Ferry, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
The Glenns Ferry Gazette of Glenns Ferry, Idaho published in
the county in which the works are situated.

Robert Lee Wood

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Permit No. 21377

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Ada

SS.

Robert Lee Wood, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 21377, and that his postoffice address is Glens Ferry.

State of Idaho

Second: That the name of the stream which said water is to be ~~directed~~ ^{DIVERTED} is

Snake River

Third: That the point of diversion of said water is SE 1/4 (Lot 9) Section 2,

T 6 S - R 8 E Boise Meridian.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Extension 9/15, 1952.

Fifth: That the use for which said water is intended is irrigation and domestic.

Sixth: That on the date above mentioned, the works constructed under said permit were (or ~~were not~~) fully completed and consisted of the following:

I. Kind of works: Pump with 7 H.P. motor and 62 ft. of 8 in. pipe to pump from the river onto the land. (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: Pump capable of producing in excess of the amt. of water required directed through 62 ft. of 8 in. piping.

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 35 Miner's inches second feet of water.

Eighth: That water appropriated under said permit is available for the irrigation of all of Lot 10 (SE 1/4), Sec. 2, T 6 S - R 8 E acres of land described as follows: This is a measured acreage of 31.2 acres however, accretion land mounts up to where it is estimated this lot would contain 43 or 44 acres of irrigable area.

Ninth: Remarks: That the above given amount of water is inadequate to irrigate this area of irrigable land and under supplemental application additional water is being requested; however, the works as set out in the original permit are completed at this time.

21377

Permit No. 21377

Application for Extension of Time FOR COMPLETION OF WORKS

Robert Lee Wood, of Glens Ferry

State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho No. 21377

Under the terms and conditions of said permit, construction work thereunder was required to be completed by February 21, 1952

That he has heretofore performed the following work described under said permit:
Had installed pump with 5 horsepower motor, and approximately 62 feet of 8 inch pipeline, but the power was not adequate to pump satisfactorily with the present fluctuation in the river level due to the Idaho Power dams, above.

costing \$1,000.00 (approximately)

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

Due to the assignment from Townsley and a misunderstanding on the date when this proof should be submitted and in addition the applicant's original design and engineering of the system did not contemplate the fluctuation in the river level so that the installation would have been adequate, these conditions have made completion impossible, within the required time.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of works under said permit to September 1, 1952

Subscribed and sworn to before me this 8th day of July, 1952

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. A. B. Townsley

Hammett, Idaho

Boise, Idaho

December 1, 1951

Dear Sir:-

Under the terms of your permit No.---**21377**---you are required to complete your diversion works on or before---**February 21, 1952** I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Dear Sir:

I write in behalf of A. B. Townsley and with reference to his application for permit, Permit No. 21377. In paragraph 4 of the application it is stated that the location of the point of diversion is in Lot 9 of Section 2, Township 6 South, Range 8 East, Boise Meridian, County of Elmore. This land is actually located in Owyhee County and the description should thus be corrected to show that it is located in Owyhee County rather than Elmore County.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 5th day of February, 1955, at Boise, County of Ada, State of Idaho, before Harley M. McDowell Notary Public, proof will be submitted of the application to beneficial use of 0.70 cubic feet per second of the waters of Snake River in accordance with the terms and conditions of Permit No. 21377 heretofore issued by the State Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Robert Lee Wood, Glens Ferry, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 0.70 cubic feet.

The place where said water is used is Lot 10 (SW $\frac{1}{4}$ SW $\frac{1}{4}$) Sec. 2, T 6S, R 8E, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 21377.

The source of supply from which such water is diverted is Snake River.

The date of priority which said user is prepared to establish is February 13, 1950.
