

14553

NOTICE FOR PUBLICATION

Notice is hereby given that at 2 p.m. on the 31st day of January, 1921, at Grandview, County of Owyhee, State of Idaho, before J. O. Ball, Notary Public, proof will be submitted of the completion of works for the diversion of 60 cubic feet per second of the waters of Snake river, in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is Grandview Irrigation District.

2. The postoffice address of such person or principal place of business of such corporation is Grandview, County of Owyhee, State of Idaho.

3. The number of such permit is 14553, and the date set for the completion of such work is February 13, 1921.

4. Said water is to be used for irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 60 cubic feet per second.

6. The amount of lands for which said water is available is 6285.46 acres, particularly described as follows: Approximately all lands included in the Grandview Irrigation District.

W. G. SWENDSEN,

Commissioner of Reclamation.

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 20676
Permit No. 14553
District No. 57-B and 56

1. Name of Applicant: Grandview Irrigation District.

Postoffice address: Grandview County: Owyhee State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: sixty (60) cubic feet per second.

3. Source of water supply: Snake River which is a tributary of Snake River.

4. Location of point of diversion: N. 59.10° E. 1281 feet distant from the $\frac{1}{2}$ common to corner of Sections 31-32, T. 5 S., R. 4 E., B. M., and is in ~~the~~ Lot 8 of Section 32, T. 5 S., R. 4 E., B. M., County of Owyhee.

5. Water is to be used for: Irrigation and domestic purposes.

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B. M., in the of Section , T. , R. , B. M.
- (b) Amount of power generated: H. P., under feet head.
- (c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$33,000

8. Kind of works: Pumping plant and canal.

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 16 feet; width at water line 26 feet; depth of water 3
feet; dimensions of flume
Diameter of pipe 36 inches; length of ~~canal~~ pipe 96 feet
" " canal 16 miles.
~~Average grade per mile~~ Lift 43 feet.

12. The time required for the completion of such work is one (1) years.

13. The time required for the complete application of the water to the proposed use is five (5) additional years.

14. The land to be irrigated is described in the following tabulation: See Remarks.

15. (a) Is reservoir to be used? No. If so, fill in (b) and (c) below.
(b) Name of reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Grandview Irrigation District Applicant.

By Charles Thomson Agent.
President.

Commissioner of Reclamation
Date of first receipt at office of ~~State Engineer~~ 10:15 A. M. Feb. 12, 1920.

March 6, 1981

The Honorable Walter H. Yarbrough
Idaho Senate
Statehouse
Boise, ID 83720

Dear Senator Yarbrough:

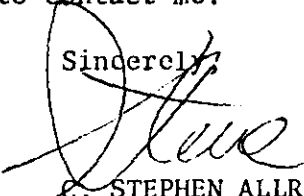

Per your request my staff has researched the water rights for the portion of Lot 5, Sec. 6, Twp. 5 S., Rge. 3 E., B.M. described in your letter dated February 23, 1981. They have found that the land is covered by three water rights. License No. 02-2069 (copy enclosed) established a water supply from the Snake River through a pump located on the property. License No. 02-2034 and Decreed Right No. 51-0001 provide water to the property via Grandview Irrigation District.

As you may be aware, this department has recently been authorized by the Fourth Judicial District Court to prepare a Proposed Finding of all Snake River water rights from Milner Dam downstream to where the Snake leaves the state near Homedale. This adjudication was initiated by a petition from a number of water-users who desire the water rights to be decreed to enable delivery of increasingly scarce water supplies within this reach of the Snake River.

As an owner of land adjoining the Snake River you will receive a formal summons to this court action in April, 1981. The summons will require that you claim any existing water rights, so you will need to submit a Notice of Claim to a Water Right based on License No. 02-2069 if the system is still in use. In addition, representatives of the Grandview Irrigation District will need to file claims on the District's water rights to enable the rights to be included in the Proposed Finding of water rights which is the department's findings for the District Court.

The information that you will receive along with the summons will explain the adjudication procedure and the steps that you will need to take at that time. If you have questions, please feel free to contact me.

Sincerely,

C. STEPHEN ALLRED
Director

Mr. Stephen Allred, Director
Department of Water Resources
450 W. State Street
BUILDING MAIL

Dear Steve:

You remember some time ago I discussed with you the possibility of looking up the water right on a certain piece of property which I purchased. The following is the legal description of that property, and I would appreciate it if you would look this over and inform me as to the status of the water right and if there is anything I should do to secure or firm up the water right on this piece of property:

Lot Five (5) of Section Six (6), Township Five (5) South of Range Three (3) East of the Boise Meridian, except that portion described as Tax No. Seven (7); and the Northeast Quarter of the Southwest Quarter (NE 1/4 SW 1/4), the East 25 feet of the Southeast Quarter of the Southwest Quarter (SE 1/4 SW 1/4) of Section Thirty-six (36), Township Four (4) South, Range Two (2) East of the Boise Meridian.

Also, would you please advise me if land under the Grand View Irrigation District would require any additional filings to secure the old water rights which have existed there for many years.

Thanking you in advance for this information, I remain

Very truly yours,

WALTER H. YARBROUGH
Senator, Dist. 19
Majority Caucus Chairman

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 14553This proof is for BEN. USE WATERIn Water District No. 14553

1. Name of applicant: Grandview Irrigation Dist.
2. Source of water supply: Snake River
3. Location of point of diversion: Is in the Lot 8 of Section 32
T. 5 S R. 4 E.B.M. County of Owyhee
4. Describe works as they exist, giving dimensions and capacities of same: Two Byron Jackson pumps
24" and 20" Resp. direct connected to Westinghouse motors of 300 and 150 H.P.
50' wood stave 36" pipe and 50' of same encased in reinforced concrete connect
with main canal which is 14 ft. bottom width by 4½ ft. deep. Banks have
slopes of 1½ to 1.
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): All the land within the Grandview Irrigation Dist.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

This examination was made on the 25, 26, & 28th day of Nov 1925(Signed) And H. Johnson

Examiner.

14553

Permit No. **14553**

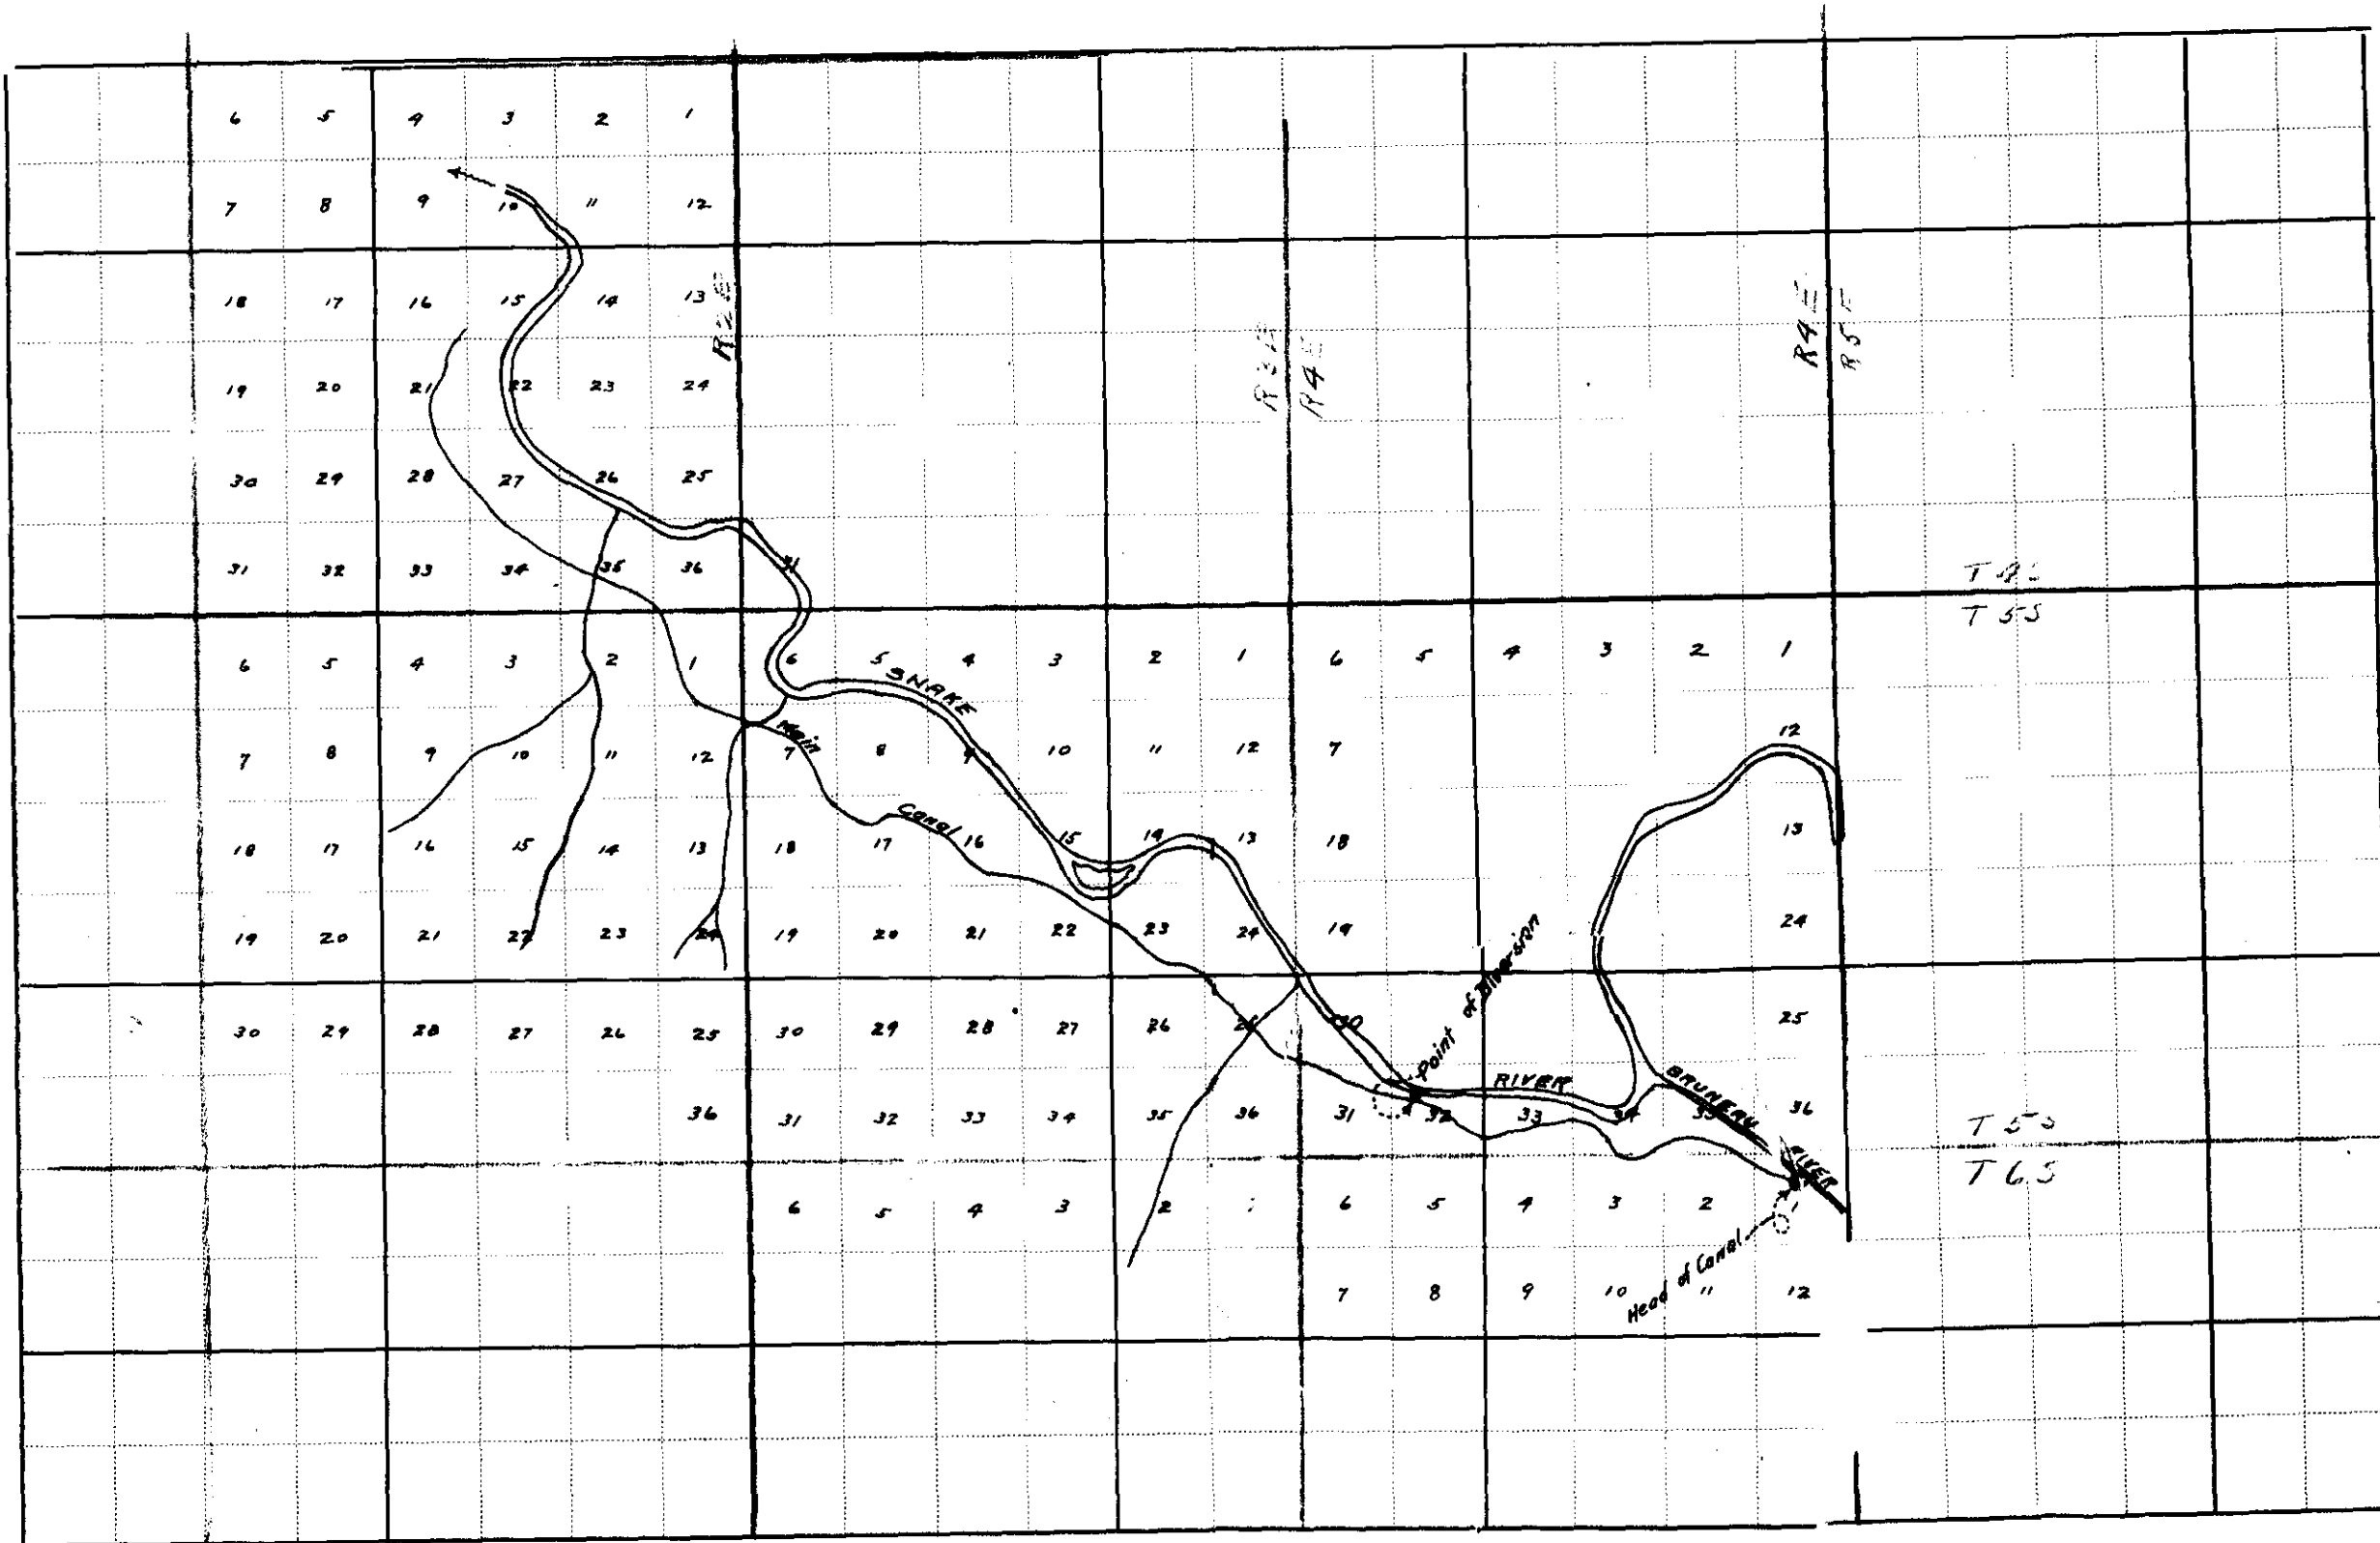

Examination for **BEN. USE**

County **OWYHEE**

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion, and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

NOTICE OF BENEFICIAL APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a.m. on the 16th day of January 1926, at Grandview, County of Owyhee, State of Idaho, before Clara Jenkins, a Notary Public, proof will be submitted of the application to beneficial use of sixty (60) cubic feet per second of the waters of Snake river in accordance with the terms and conditions of Permit No. 14553 heretofore issued by the department of Reclamation of the state of Idaho.

The name and postoffice address of the person or corporation holding said permit are Grandview Irrigation District, Grandview, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is sixty cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) all the lands within the Grandview Irrigation District.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Grandview Irrigation District Canal.

The right to take water from such works is based upon Permit No. 14553

The source of supply from which such water is diverted is Snake river.

The date of priority which said user is prepared to establish is February 12 1920.

W. G. SWENSEN,

Commissioner of Reclamation.

dec 10-jan 7

AFFIDAVIT OF PUBLICATION

I, Charles Pascoe, publisher of THE OWYHEE NUGGET, published weekly at Bruneau, Owyhee County, Idaho, do solemnly swear that a copy of the above notice, as per clipping attached, was published.....5.....in the regular entire issue of said newspaper, and not in any supplement thereof, for.....consecutive issues, commencing with the issue dated Dec. 10 1925, and ending with the issue dated Jan. 7 1926; that the said newspaper has been continuously published in said county during a period of seventy eight consecutive weeks prior to the first publication of this notice.

PERMIT No. 14553

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Fred Nelson, age 38, Grand View, Idaho, Superintendent of
Grand View Irrig. Dist., Grand View, Idaho.

Ques. 2. Are you acquainted with W.L. Vinson, Secretary of
The Grand View Irrigation District, the
holder of Permit No. 14553? How long have you known him and where does he reside?

Ans. Sixteen years, Resides at Grand View, Idaho.

Ques. 3. Have you read or heard read said Permit No. 14553, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Snake River, as source of supply, See map enclosed.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 60 second feet, 60 second feet,

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of all lands in the Grand View Irrigation District,
Cultivated, In the maturing of all crops, as shown on map filed
herewith.

14553

MICROFILMED

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Volcanic ash, One inch per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Stock holder, or landowner

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the irrigating seasons of 1920, 21, 22, 23, 24, and 1925.

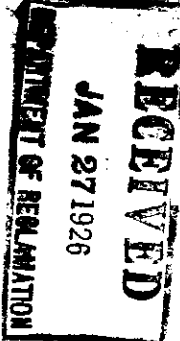

(Sign) Fred Nelson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Grand View, County of Owyhee, State of Idaho, on this 16th day of January, A. D. 1926.

Re: Permit No. 14553-

Mr. Chas. E. Blodgett, Sec'y,
Grandview Irrigation Dist.,
Grandview, Idaho.

Dear Sir:-

Our engineer has just made another investigation of the pumps installed under the terms of the above permit and, in his supplemental report, gives the capacity as 60 second feet, instead of 39, as in his former report. If you will return us the Certificate of Completion of Works issued February 26, 1923, it will be cancelled and a new one issued in lieu thereof, showing a capacity of 60 second feet.

The additional fees for this amount will amount to \$6.60, making the total fees for 60 second feet \$20.00, \$13.40 of which have already been paid.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

By
Chief Clerk.

Re: Permit No. 14553-

Mr. Chas. E. Blodgett, Sec'y,
Grandview Irrigation District,
Grandview, Idaho.

Dear Sir:-

Enclosed you will find certificate of completion
of works issued under the above permit, with receipt for
fees.

We are returning you herewith balance due you amounting
to \$18.00, as the fees for 38 second feet of water water
would be \$13.40 instead of \$31.40. It was evidently a
typographical error in our last letter advising you that
fees in the sum of \$31.40 were due.

Very truly yours,

W. G. SWENDSEN,

Commissioner of
Reclamation.

By
Chief Clerk.

Permit 14553

Mr. C. E. B. Roberts,
Federal Land Bank Appraiser,
Booding, Idaho

Dear Sir:

Reference is made to your letter of March 6th requesting information in regard to the water rights of the Grandview Irrigation District on Snake River.

Please be advised that the said District only has one permit at the present time. This is Permit No. 14553 filed February 12, 1920 for 60 second feet of water to be diverted from Snake River in Lot 8 of Section 32, T. 5 S. R. 4 E. Proof of completion of works was due under this permit on February 13, 1921, but as yet has not been made. It was stated in the permit that this appropriation is for auxiliary water to augment the water obtainable from the Bruneau River, and it is further stated that the works have already been completed and in operation for some time.

It will be of interest for you to know further that the Grandview Irrigation District secures its main water supply from the Bruneau River which is now, as I understand, in the process of being adjudicated. The water from Snake River is simply used, through a small pumping plant, to irrigate a portion of the land in the district which lies above the gravity canal leading from Bruneau River.

Trusting this will give you the information you desire, I am

Very truly yours,

W. G. SWENDSEN
Commissioner of Reclamation

Re: Permit No. 14553-Grandview Irr.Dist.

Mr. Charles Thomson,
President Board of Directors,
Grandview Irrigation District,
Grandview, Idaho.

Dear Sir:-

In looking over the file of the above numbered permit we find that all the papers are in for proof of completion of works and are satisfactory but that the certificate has been withheld pending receipt of fees. The engineer's report shows a capacity of 38 second feet. The fees would, therefore, amount to \$31.40, being \$5.00 for the first 10 second feet and 30 cents additional for each additional second foot, or fraction thereof. Upon receipt of these fees, the certificate of completion of works will be issued.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By

Chief Clerk.

14553

REPORT OF ENGINEER

This proof is for Comp. WorksIn Water District No. 57-A

1. State name of applicant and number of permit: Grandview Irr. Dist. - Permit 14553
2. State source of water supply: Snake River (Pumping System)
3. Location of point of diversion: Pumping plant in Lot 8, Sec. 32, Twp. 53., R. 4 E., B.M.

4. Describe works as they exist, giving dimensions and capacities of same: Pumping station 36'x14' built of concrete + lumber, equipped with 2 Byron Jackson pumps of 18" & 20" I.D. capacity respectively, direct connected to Westinghouse Motors. Riveted steel 3/4" cast iron fittings connect with 36" banded wood pipe. Lift of 46 feet to discharge into Main Canal about 80 ft from station, Main Canal 16 ft wide on bottom 3/4 from 5 to 6 ft deep. Distance from pumping station to lower end of system 18 miles (approx).

5. State whether or not water has been turned into works of diversion: yes

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Approximately all lands within the Grandview Irrigation Dist., 6285.46 acres.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? Grand View Irrigation District

9. Give names and amount of each right:

10. What large stream would the water here appropriated finally reach? Snake River

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

MICROFILMED

Remarks: This system is used in low water season to supplement the gravity supply which is derived from Bureau River at a point several miles above

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Grandview Irrigation District,
Grandview, Idaho

Boise, Idaho, December 6, 1920

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 14553

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before Feb. 13, 1921. Upon receipt of the blank, properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

and just sum of ONE THOUSAND AND NO/100 (\$1000.00) Dollars,

lawful money of the United States, to the payment of which sum, well and truly to be made, said principal and sureties bind themselves, their heirs, administrators, executors and assigns, jointly and severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 13th day of February, 1920, filed in the office of the State Engineer in Boise, Idaho, a certain application for permit to appropriate the public waters of the State of Idaho, the said application being thereupon numbered No. 20676, in accordance with which said application the State Engineer granted and issued to the said principal herein a certain permit numbered No. 14553, a full, true and complete copy of which application No. 20676 and permit No. 14553, is of record in the office of the State Engineer, in Book 51 of Permits, at page 14553

Now, if the above bounden principal shall faithfully carry to completion the said works of diversion as specified in said application No. 20676 and permit No. 14553 in the manner and form prescribed therein and within the time therein allowed, then the above obligation to be void otherwise to remain in full force and effect.

IN WITNESS WHEREOF. The said principal and sureties have hereunto set their hands and seals, this Sixth day of March, 1920
