Total number of acres irrigated: 2

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license shall be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.

RE: WATER RIGHT NO. 03-07045

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

RECEIVED

DEC 16 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

If you have any questions, please call me at 208-327-7946.

Sincerely,

A handwritten signature in cursive script that reads "Shelley W. Keen". The signature is written in dark ink and is positioned above the typed name.

Shelley W. Keen

JAN 26 1998

E. NARRATIVE/REMARKS/COMMENTS

A 2 HP pump supplies water to 2 acres of lawn, orchard, pasture and garden area via 2" buried mainline, 8 spouts and 25' portable hoses. There is 40' total lift from the river to the P/U (10' intake + 30' elevation). County assessor records show that the parcel consists of 2.48 acres. After subtracting out the home, parking and minor non-irrigated areas, two acres of irrigation can easily be quantified.

License 03-07010 is for the same parcel (see SKBA memo attached). It looks like the examiner licensed the wrong P/U. The owners of that license are located $\frac{3}{8}$ mi NE of this permit's P/U. The mistake will be verified and corrected in the SKBA review for A03-07010.

A domestic well is also used. No other water rights are used.

Required Head: 132.40 feet

Pump Horsepower: 2.00 horsepower

Pipe Roughness: 150.00 Note: pvc = 150, smooth and straight pipe
 aluminum - joint length 20' = 125, j
 30' = 130, joint length 40' = 132, j
 50' = 134, new riveted steel = 100
 old riveted steel = 100, old cast ir
 old pipes in poor condition = 60 to

Inside Diameter in Inches	Equivalent Length in Feet	Unit Head Loss	Total Friction Head Loss from Pipe Frict
1.75	500.00	24.52	
1.00	0.00	0.00	
1.00	0.00	0.00	
			24.52

Initial Estimate of Rate of Flow: 0.080 CFS

Computation of Rate of Flow: 0.08 CFS

Solution is shown in the Computation of Rate of Flow.
 Solution is obtained by entering an initial estimate of rate of flow,
 and by changing this factor until it approximates as closely as possible
 the Computation of Rate of Flow.

MEMO TO FILES

From: FEL

DATE: 5/21/90

APPLICANT: MATHEWS, MAYNARD E.

CLAIM NO: A03-07010

SUBJECT: POSSIBLE MIS-LOCATION OF LICENSED P.D. & P.V.

CAREFUL SCRUTINY SHOULD BE GIVEN TO THE P.D. & P.V. FOR THIS CLAIM. JOHN & LINDA RAMOS, 2215 N. RIVER ROAD, PAYETTE, ID 83661 - PH. 208-642-4760 ARE THE PRESENT OWNERS OF 2 AC. IN LT1, SESESE, SEC 21, T 09N, R 05W. ALL THEIR NEIGHBORS TELL THEM MAYNARD MATHEWS THE LICENSEE OF 03-07010 NEVER OWNED LIVED ON, OR IRRIGATED ANY OF THE RAMOS PROPERTY.

THE ORIGINAL MATHEWS APP. APPEARS TO INDICATE R P.D. & P.V. APPROX. $\frac{3}{8}$ OF A MILE NORTH & EAST OF THE RAMOS'S LAND. THIS SPOT IS ON THE EAST SHORE OF THE RIVER ACROSS FROM THE SOUTHERN TIP OF POOL ISLAND. THE SOUTHERN TIP OF POOL ISLAND IS CONSIDERABLY NORTH OF LOT1, WHERE THE RAMOS'S PROPERTY IS. ALTHOUGH CERTAINLY POSSIBLE, IT SEEMS UNLIKELY THAT MATHEWS WOULD HAVE FILED AN APP. WITH THIS MUCH DIFFERENCE IN THE RELATIONSHIP BETWEEN THE ISLAND & HIS PROPERTY.

THERE IS NO EVIDENCE OF OWNER ACCOMPANIMENT ON THE EXAMINER'S REPORT, SUGGESTING A SCENARIO, WHEN THE OTHER POINTS ARE CONSIDERED, THAT THE EXAMINER VISITED THE WRONG PROPERTY, FOUND A SYSTEM SIMILAR TO THAT APPLIED FOR, & RECOMMENDED AN AMENDMENT FOR CHANGE OF P.D. & P.V. THE APPLICANT, MATHEWS, RECEIVING THE RECOMMENDED CHANGE IN THE P.D. & P.V., WHICH HAD ONLY AN ASTERISK. ON THE MAP PAGE, ASSUMED THAT IT WAS CORRECT, SIGNED & RETURNED IT, WITH THE RESULTING LICENSE THAT MIGHT BE A PURTENANT TO THE WRONG LAND. THIS SCENARIO IS SOMEWHAT REASONABLE IN THE LIGHT OF THE INFORMATION GIVEN TO THE RAMOS'S BY OTHER OWNERS.

ANOTHER CONFUSING PIECE TO THE PUZZLE IS THAT THE RECEIPT, C016359, FOR FILING ADJ CLM. A03-07010, IS IN THE NAME OF JOHN & ELLEN KENNEDY, WHICH MAY INDICATE THAT MAYBE THE RAMOS'S NEIGHBORS DID NOT KNOW ALL THE DETAILS OF RIGHTS IN THE RAMOS'S VICINITY.

THE RAMOS'S ARE FILING AN APP FOR IRRIGATION OF 2 ACRES IN LOT1, COVERING THE IRRIGATION SYSTEM WHICH EXISTED ON THEIR PROPERTY PRIOR TO THEIR ACQUIRING THE LAND. IF THE INITIAL LICENSING WAS CORRECT THEN THE RAMOS'S APP. IS REDUNDANT. THE RAMOS'S HAVE ALSO FILED A GROUNDWATER DOMESTIC ADJUDICATION ON THIS LOCATION.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 02-07438

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise at (208)334-2190.

Sincerely,

Rita Fleck
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 02-07438

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

The information available to us at this time does not warrant refusing to issue you a permit but does merit cautioning you that any permit issued by the Department cannot deprive water users, with earlier rights, of their water supply.

The reason for conditioning the permit and explaining the potential interference problem is to make you aware that future tests may definitely show that diversion of water from your well should be administered together with the older surface water priorities of the river and it's tributaries. If this were to occur, it would essentially mean that there would not be water available for a diversion from your well since the surface water system is fully appropriated. By locating your well as far from the river as possible and by casing out upper water producing zones as the well is constructed, you may be able to reduce the amount of interference with the river.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of

RE: Application For Permit

Dear Mrs. Ramos:

This letter will acknowledge the receipt of the above referenced application to appropriate water from the Snake River. I am returning your application for the following reasons:

- 1) The application needs to be prepared and signed in permanent ink.
- 2) A map indicating the locations of the proposed point of diversion and places of use (items # 3 and # 9) is required.

Also enclosed is your receipt for the \$30.00 filing fee and a copy of the map that may be marked and returned with your application after the above items are addressed. Please return the application as soon as possible so that this office can continue processing your water right.

If you have questions or require assistance please contact me at 334-2190.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Robert B. Whitney'.
