RE: Permit No. 25336

Mr. Lew L. Boswell
Route 2
Payette, Idaho

Dear Mr. Boswell:

We enclose Certificate of Completion of Works issued on Permit No. 25336 for the diversion of 25.15 inches of water from Snake River with point of diversion in the $SE\frac{1}{4}NE\frac{1}{4}$ Section 16, Township 8 North, Range 5 West B.M. for irrigation of Lot 4 and 370 feet of Lot 5 of said Section.

We also enclose departmental receipt No. 27389 for the $5.00 completion of works fee.

Your notice for proof of beneficial use states the date for making this proof as June 7, 1955. Perhaps you did not understand that before this proof is made, notice must be published once a week for four weeks in a county newspaper. Please set a later date far enough ahead to allow for four weeks publication, also give the name of the Notary Public before whom the proof is to be made. This proof may be made at Payette or any place convenient for you and your two witnesses, but the place should be stated in the published notice.

Upon receipt of this advice, we shall send a copy of the notice to the Payette Valley Sentinel with instructions in regard to publishing.

Very truly yours,

Dear Sir:

Under the terms of your permit No. 25336 you are required to complete your diversion works and make proof of beneficial use on or before July 4, 1955.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is July 4, 1955, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Dear Mr. Boswell:

We return your application for permit to appropriate the public waters of the State of Idaho for the following corrections:

1. Question four should give the point of diversion to a 40 acre subdivision, Section, Township, and Range.

2. Answer questions 7, 8, 9, 10 and 11.

3. Answer question 12 stating the amount of time required to complete the works described and question 13 if any additional time is required to put the water to Beneficial Use.

4. Your application can only be approved for an inch to the acre of the land to be irrigated which we understand is 25.15 acres.

5. Application should be signed on the line indicated on the third page and it should be accompanied by two sketch maps on the forms enclosed showing the course of the stream, point of diversion, and cross-hatching or coloring the place of use.

Enclosed find application for permit to put 15 horse Turbine pump. capacity 1 second ft in Snake River at a point 70 ft north of where the line running east + west common to Lots 4 + 5 intersect the river. Can my filing be on 5 U in or do I have to go by the amt of acres 20.10-? our land is along the river across from Ontario and is sand 3 acre feet wont do it. Been for 5 years on end of gravity ditch with 3/ shares of stock + the reason for the pump is to get more water and out of the ditch you undoubtly will return filing to have me fill it out more fully as

Thanks in advance

Dear Mr. Boswell:

In reply to your letter of May 25, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 in the application.
