RE: Permits Nos. 22671 and 22672

Mr. Nathan J. Shepherd
Route 1
Weiser, Idaho

Dear Mr. Shepherd:

We enclose Certificate of Completion of Works, also License and Certificate of Water Right issued under Permit No. 22671, confirming your right to the use of 0.9 of a second foot of water from Snake River with priority of March 13, 1952, and point of diversion in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 10 North, Range 6 West, B.M., for the irrigation of land in the NW $\frac{1}{4}$ of said section.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under Permit No. 22672, confirming your right to the use of 0.44 second foot of water from a well in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 10 North, Range 6 West, B.M., for sprinkler irrigation of 27 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 3.

We also enclose departmental receipt No. 25267 for the \$20.00 fees paid in connection with proofs of completion of works and beneficial use on these two permits.

RE: Permits Nos. 22671 and G-22672

Mr. Nathan J. Shepherd
Route 1
Weiser, Idaho

Dear Mr. Shepherd:

We now have on file the report of our field engineer on examination for completion of works and beneficial use under the above numbered permits.

The report shows that under Permit No. 22671 you have irrigated 55 acres in the NW $\frac{1}{4}$ of Section 3, Township 10 North, Range 6 West, B.M., from Snake River, and Certificate of Completion of Works and License can be issued under this permit for the 0.9 of a second foot of water applied for, upon receipt of the statutory fees of \$5.00 for Certificate of Completion of Works, and \$8.00 for License. The latter being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

The report further shows that under Permit No. G-22672 you have irrigated 27 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 3, from your well located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said section. A Certificate of Completion of Works and License for 0.44 second foot of water can be issued under this permit, the fees for which amount to \$5.00 for Certificate of Completion of Works, and \$2.00 for License, since the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 3 is the only additional forty that has been irrigated.

Dear Mr. Shepherd:

We have received from Mr. John B. Lloyd the affidavits of publication in connection with your proofs of completion of work and beneficial use on Permits Nos. 22671 and C-22672.

This completes your proof but before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

RE: Permits Nos. 22671 and G-22672

Mr. Nathan J. Shepherd
Route 1
Weiser, Idaho

Dear Mr. Shepherd:

We are in receipt of your notices for proof of completion of works and beneficial use under the above numbered permits, and we have sent a copy of each to the Weiser Signal with instructions to publish them once a week for four consecutive weeks prior to June 16, 1952, and to send you the affidavits of publication together with statement of costs.

We have had to change the priority date to be established under these permits to the date your applications were filed in this department. The filing date is the earliest priority that can be established through the permit method. If it should be necessary, at any time, to establish an earlier priority, you may be able to do this through the District Court by proving continuous use over a period of years.

We shall send to Mr. John B. Lloyd, Notary Public, the necessary forms of deposition to be used in making these proofs and at the time set, you should appear before him together with two disinterested witnesses who are familiar with the terms of the permits and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

RE: Permits Nos. 22671 and G-22672

Mr. Nathan J. Shepherd
Route 1
Weiser, Idaho

Dear Mr. Shepherd:

In reply to your letter of May 5, 1952, requesting the forms for making proofs on the above numbered permits.

Notice, on Form 36 enclosed, should be made in duplicate for each permit, setting time and place and naming the Notary Public before whom proof is to be made. Proof may be made at any place convenient for you and your two witnesses, and the time should be set sufficiently far ahead to allow for the statutory four weeks' publication.

Both copies of Form 36, together with Form 11 which is authorization for us to have the notice published in the designated county newspaper at your expense, should be returned to this department, for each permit.

We shall then send copies of the notice to the designated newspaper with instructions in regard to publishing, and shall send you the necessary forms of deposition to be used in making this proof.

Dear Mr. Shepherd:

We have your letter of March 17, 1952, stating that you would like to file for a permit to use water from Snake River and also from a well, and enclosing an application to appropriate 1 second foot of water from Snake River, accompanied by your check for the \$5.00 filing fee.

We are not quite clear whether this is the application referred to from Snake River or whether you wish to make another filing and we therefore enclose two forms of application, one for surface water and the other from a well together with a pamphlet giving regulations and instructions in regard to filing same.

If the water from Snake River and from the well is to be used on the same land, one application will suffice, indicating the amount to be diverted from each source. But, if used on different land, separate applications will be required.
