

## Watermaster's Report

From 01 February, 2015 to 31 January, 2016

Water District No. 110

Name of Watermaster: James Cefalo

900 N. Skyline Dr. Ste. A, Idaho Falls, ID 83402

### **Affidavit of Watermaster**

STATE OF IDAHO, COUNTY OF BONNEVILLE } ss.

James Cefalo, being first duly sworn, deposes and says that he is Watermaster of Water District 110, having been lawfully appointed by the Director, Department of Water Resources Gary Spackman and that the volumes of water, stated in this report, prorated by him to the several users, are correct.

Watermaster District No. 110

Subscribed and sworn before me, this 19<sup>th</sup> day of September, 2016.

  
My Commission expires July 24, 2019  
Idaho Falls, Idaho, \_\_\_\_\_, 2016

I HEREBY CERTIFY, That \_\_\_\_\_ was lawfully appointed by me Watermaster of District No. \_\_\_\_\_, and that his bill for services rendered prorated to the several users, as herein sworn to, is to the best of my knowledge and belief, correct.

\_\_\_\_\_  
*Director, Department of Water Resources*

By \_\_\_\_\_

## SUMMARY

## **WATER DISTRICT 110**

### **2015 WATERMASTER REPORT**

Measurements were conducted by Water District 110 staff in accordance with the Water District 110 Resolutions and IDWR guidelines. Specific measurement information for the diversions within the district can be found in IDWR's WMIS database. Water district staff also took periodic ground water level measurements at wells scattered throughout the district. This data is stored in IDWR's file and is available to the public. In addition to measurement activities, water district staff reviewed aerial photos and diversion records to identify and any enforcement issues within the district and contacted water users as necessary to address the apparent violations. Financial reports, minutes, resolutions, and assessment records are summarized and attaché in separate documents. – James Cefalo

## PERSONNEL LISTING

**WATER DISTRICT 110  
2015 PERSONNEL**

|                |                       |
|----------------|-----------------------|
| James Cefalo   | Watermaster           |
| Wendy Murphy   | Financial Specialist  |
| Mandy Guderson | Secretary             |
| Heather Bohac  | Assistant Watermaster |
| Allison Torres | Assistant Watermaster |
| Kirk Jacobs    | Treasurer             |

**Advisory Committee**

Kirk Jacobs, Chairman  
Scott Clawson  
Don Parker  
Mike Cope  
Daren Bitter  
Keith Shuldberg

## **MINUTES OF ANNUAL MEETING**

Water District 110  
2015 Annual Meeting  
February 11, 2015

Kirk Jacobs called the meeting to order at 1:20pm.

A motion was made by Don Parker to nominate Kirk Jacobs as Meeting Chair and Wendy Murphy as Secretary. The motion was seconded and the motion carried.

Don Parker read the minutes of the Water District 110 Annual 2014 Meeting minutes for approval. Keith Shuldberg moved to approve the Minutes, Pat Hendricks seconded and the motion carried unanimously.

Wendy Murphy presented the financial report. The budget for assessments was \$78,275, but the actual amount collected was \$77,568. The budget for the IDWR contract was \$91,000, but the actual total was \$71,114, for a net income of \$6,472. Total assets for the district were \$76,270. The liabilities at year end totaled \$4,660 which is January expenses for IDWR. There was a discussion about the process of auditing the finances. Don Parker moved to accept the financial report as read. The motion was seconded, and the motion carried unanimously.

James Cefalo gave the Watermaster Report. James introduced Heather Bohac, Allison Torres, and Mandy Gunderson as the staff that work for WD 110 part-time as needed. James briefly discussed the issues about the Rangen matter. Heather Bohac discussed water measurements for the year. There were 286 sites to visit. Fourteen wells were not able to be measured this year, so they will be added to the 268 that should be normally monitored for a total of 282. Even though the department does not actively search for forfeited water rights when a transfer is applied for research is done to verify the water right use. There was then some discussion about how to protect water rights from potential forfeiture, including using the state's water bank, and keeping documentation about use. Heather reported about well depth measurements, explaining that the wells were measured both in the spring and fall. The overall trend is a reduction in ground water, but not as pronounced as seen in other areas in the ESPA. The water users felt a combined graph of the water levels would be helpful to get a general overview of the water levels in the area.

James reported that the Resolutions only included date changes to the prior year's resolutions. Wendy explained that the Budget included a 3% increase as part of the Governor's proposals, and expenses were anticipated to be the same. A motion was made by Don Parker to accept the Watermaster report and the Resolutions with date changes, Andy Dobson seconded and the motion passed unanimously.

Kirk proposed that the Board membership would be the same as the Jefferson-Clark Board. Keith Shuldberg would replace Doug Fransen, and there is still an open slot for an additional member. A motion was made by Andy Dobson, to accept the proposed Board; Jerry Dalling seconded the motion, and the motion carried unanimously. The elected board is Kirk Jacobs, Scott Clawson, Mike Cope, Daren Bitter, Keith Schuldberg, and Don Parker.

Hearing no other business, Don Parker moved to adjourn, the motion was seconded and the meeting adjourned at 2:05 pm.

  
Wendy Murphy, Secretary

## Record Keeping

How do we use measurement data we collect?

- Transfers/ WSB Leases
- Over Diversion Checks

Available online

<https://www.idwr.idaho.gov/apps/wm/WMS/>

## What is Forfeiture?

- 5 Consecutive Years of Non Use
- IDWR looks at forfeiture when reviewing water rights during Transfers & Water Supply Bank (WSB) Leases
- Ways to Avoid Forfeiture:
  - Be familiar with your WRs (know how much you have & where)
  - WSB
  - Utilize CRP / CREP Programs
  - Use Your Water (Document Use)

## Well Depths

- Show Big Picture Over Time
- Some Factors That Can Affect Measurement
  - Date / Time
  - Crop Irrigation
  - Soil Type
  - Recharge

## **APPROVED RESOLUTIONS**

- b) The 2015 budget for Water District No. 110 includes expenses related to measurement and reporting, and will be set at this annual meeting in accordance with item 7 of these resolutions.
  - c) Water District No. 110 will provide compensation to IDWR for clerical and financial account support services.
  - d) The watermaster shall maintain an office for the ensuing year within the IDWR Eastern Regional Office, located in Idaho Falls, Idaho.
  - e) IDWR will provide office space, vehicles and the use of all necessary office and field equipment in exchange for compensation as set in the budget for the ensuing year. This arrangement shall not give Water District No. 110 any ownership interest in any IDWR office space and equipment. However, any equipment purchased by Water District 110 will remain owned by water district 110.
- 5. Water District No. 110 includes one or more canal companies, government entities, or other water delivery entities. The following canal companies and government entities had cooperative agreements or other arrangements with the North Water Measurement District to annually measure and report diversions on their own and to the measurement district in order to promote efficiency in the administration of water rights and water management. But will pay a pro rata portion of the Watermaster salary.
  - 1) Montevew Canal Company
  - 2) Producers Canal Company
  - 3) Jefferson Irrigation Company
  - 4) United States Fish & Wildlife Service Camas National Wildlife Refuge
- 6. The entities designated above may have employees who measure and report diversions to the watermaster of Water District No. 110. The watermaster of Water District No. 110 may therefore appoint employees or agents of these entities as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District No. 110. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in these entities, including but not limited to the following:
  - a) Each entity responsible for data collection shall provide an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
  - b) Assistant watermasters shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information.
  - c) The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster and IDWR.

- d) The designated districts will first be given the opportunity to resolve unauthorized diversions, or other enforcement matters before action is taken by the watermaster or IDWR.
  - e) To the extent that assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster and the Director of IDWR.
- 7. The budget of Water District No. 110 for the fiscal year 2015 beginning February 1, 2015, and ending on January 31, 2016, be as follows:

See attached Budget

- 8. Assessment basis for measurement & reporting expenses: Diversions in Water District 110 that are not already measured by one of the canal companies or government entities identified in item 5 of these resolutions, and also have a diversion rate allowed by their water right in excess of 0.24 cfs and/or irrigation of more than five acres shall be measured directly by the water district in the ensuing year and assessed for measuring and reporting at the following rate;
  - a) \$25 per diversion, and;
  - b) A pro-rata share of the total expense for measuring and reporting, minus the total amount charged for all the diversions in the district required to measure, determined by the fraction of the recorded diversion rate for each water right is to the total recorded diversion rate of all water rights being measured in the district.
- 9. Kirk Jacobs be elected Water District No. 110 Treasurer. The duties of the treasurer will be to approve the expenses and disburse water district funds, and to prepare or oversee preparation of a written statement of the financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code, Section 42-619. Don Parker will also be a designated authorized signature for banking purposes.
- 10. An advisory committee shall be elected at each regular annual session to represent the interests of the water users and to provide input to the watermaster and the Director of IDWR. The advisory committee will consist of 5 members, including at least one water user from Hamer, one water user from Montevideo, and one from Mud Lake/Terreton Area.
- 11. WHEREAS Idaho Code 42-605 provides for voting by water users and election of an advisory committee, the water users of Water District No. 110 hereby resolve that the credentials for voting in any district meeting and for serving on the district advisory committee will be as follows:
  - a) Must be a water user of the district as evidenced by a valid water right or
  - b) Must have paid all assessments owed to the water district.

12. The annual Water District No. 110 meeting shall hereafter be held on the second Wednesday of February, of each year unless the Director of IDWR or the Water District No. 110 advisory committee should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
13. Copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Idaho Code § 42-615, shall be filed with the director of the Department of Water Resources in accordance with Idaho Code § 42-617.
14. The watermaster of Water District No. 110 shall be responsible for submitting to IDWR annual reports showing water use and such other information that may be deemed necessary by the Director of IDWR in accordance with Idaho Code § 42-606, § 42-708, and § 42-709.
15. The watermaster and assistant watermasters are authorized under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district to carry out the duties of the watermaster as instructed by IDWR. These duties include but are not limited to:
  - a) Monitoring diversion and measuring rate and volume of water diverted from ground water and other public water sources.
  - b) Measuring the depth to water in wells.
  - c) Monitoring the place, period, and nature of use of water to identify unauthorized diversion and use and to determine compliance with mitigation provisions required by agreement or order of IDWR.
16. All payments for assessments not received by May 1, 2015 shall accrue penalties in the amount of 10% of the charge and interest in the amount of 1% per month, as provided pursuant to Idaho Code § 42-617.
17. Be it also resolved, that the Watermaster is authorized pursuant to Idaho Code § 42-618, to withhold or suspend deliveries of water to any water users who have not paid their assessment charge by January 1 of the year following the billing date.

Water District 110 Advisory Meeting  
January 28, 2015  
IDWR, 900 N Skyline Dr, Suite A  
Idaho Falls, ID 83402

Meeting was called to order at 9:11 am by Kirk Jacobs. Those in attendance were: Kirk Jacobs, Scott Clawson, Daren Bitter, Heather Bohac, Allison Torres, James Cefalo, Wendy Murphy, and Mandy Gunderson.

Scott Clawson read the minutes from the September 9, 2014 and October 28, 2014 advisory meetings. Daren Bitter made a motion to approve the minutes as presented, Scott Clawson seconded. Motion carried.

There was some follow up discussion regarding costs associated with magnetic meter installation. Costs include reconfiguring the system, the meter, battery costs or power connections. There are also issues with power surges and lightning strikes. Scott recommends staying away from meters until absolutely necessary. James Cefalo proposed a resolution for those that have installed a magnetic meter to receive a reduction in their assessments because once they are calibrated measurements won't need to be made; just an annual meter reading would be required. After some discussion it was recommended to not present this resolution at this time. It was also recommended water users use the maximum consumption scenarios when the measurement is happening. The board requested a list identifying the complex systems within the district.

It was noted the relationship between water users in the district and the Department of Water Resources has improved significantly over the past several years. Questions were asked regarding the forfeiture concerns of the water users. When a transfer is filed, aerial photography is used to verify usage. Sometimes aerial photography has not shown use when a water right has been used. It is imperative a water user document irrigation of their ground for evidence if a transfer or something similar is filed and documentation is needed for completing the transaction. Aerial photography does not show the time of use; it is typically taken mid season while a water right might be used early or late in the season. When there is a protest to the transfer solid documentation is imperative.

Heather Bohac briefly recapped the amount of wells measured during the year. A more detailed report will be presented at the annual meeting. The USGS typically measured wells four times a year, and Water District 110 measures their wells twice a year, spring and fall. A map was presented to display the wells with depth measurements within the district. They are measured by the USGS, WD110, and IDWR. With the combination of the USGS wells the district would be measuring 22 wells. This is considerably more than other districts in the state. Heather asked how many wells they want measured and the frequency. Because the board felt the static water levels are important to track the low point for draw downs and the consistency of the USGS measurements, the board wanted to maintain the four times a year pattern established by the USGS.

James followed up to Gunderson's water right protest. Gunderson settled the protest and can move forward with the late claim. Murdock's claim for Hamer Canal shares was denied by the Adjudication Judge. It had been about 40 years the right had not been used.

James Cefalo indicated changes for the resolutions were only dates. Darren Bitter moved to accept the 2015 Draft Resolutions. Scott Clawson seconded the motion and the motion carried.

Wendy Murphy presented a draft Balance Sheet for January 31, 2015. The Checking Account Balance is \$76,437 and the Accounts Receivable is -\$169.28. Total current assets are \$76,268. Projected accounts payable for January are \$5,524, which is the bill from IDWR. Open Balance Equity is \$15,583; Current Retained Earnings is \$49,553; and Total Net Income is \$5,606. Total equity in the District is \$70,744. The Profit and Loss Budget vs. Actual for the 2014 year indicates Assessments were \$77,569 representing 99.1% of the projected income budget. Interest earned is \$17. Expenses as of January 2015 for the IDWR contract are \$71,961. There is a travel expense of \$18 bringing the total expenses as of January 2015 to \$71,979 representing 79.1% of the budgeted expenses. The district lacked personnel for about a two month period that accounts for being under budget. With the current assessment rates the projected income is expected to be \$77,569 and the expenses are projected to increase 3% from the previous year. Operations are anticipating a net loss of \$16,247. Darren Bitter made a motion to accept the financials as presented. Scott Clawson seconded. Motion carried.

No other business was brought before the committee and the meeting adjourned at 11:00 am.
