Mr. White:

I have had some recent discussions with Pete Peterson, Watermaster of WD 11. It appears there is still some diverse opinions about correct points of diversion for your rights on South Hoops Creek.

I have enclosed copies of portions of transfers #3345 & 3346. Part 2, area C shows what I believe to be the points of diversion you should take delivery of South Hoops Creek water. If a different 1/4 of 1/4 location is desired, then you would be required to file for a transfer of point of diversion.

If you have any questions, please give me a call.

Sincerely,

Harold W. Jones
Water Resource Supervisor

CC: Pete Peterson, WM
