WATER RESOURCES
WESTERN REGION

John Westra

I am sending these now. I was going to send minutes and treasurer's report but need to get Chairman's signature on Minutes. He is calving down Pollock way so haven't caught up with him. I will send them as soon as I get his signature. Please check my figures so I can get adopted budget done soon.

I took a computer class this last winter trying to understand and computerize our system to your records. As I don't have a computer it has made it hard to play with alternative ideas. It sure takes a lot of mathematics out of long-hand method.

After I had these reports all done, I discovered a mistake in our expenses and had to do them again. Hope they are right now. Will wait for you to check them before I make out Adopted Budget for 1994.

I had hoped to get down and see if a computer would be best for us. I will try to take some courses thru our school this coming winter. Will try again this year.

I have taken the figures for the Treasurer's Report right off our Check book. He hadn't noticed report in Watermasters Handbook until after I wrote this out for Dick. If you want it different than this, let us know.

It looks like a long season again this year. Hope it goes well for all of us.

Margery Clay
