RE: APPLICATION FOR WATER RIGHT PERMIT (POND)

Dear Applicant:

I received your letter of August 8 in which you requested the Idaho Department of Water Resources ("IDWR") to authorize construction of the pond for which you recently filed a water right application. You stated that you hoped to utilize the good weather while it lasts this year.

While I am most sympathetic with your request and your situation, I regret to inform you that IDWR cannot approve the construction works for a pond until the water right application is approved. This office will make every effort to expedite processing of your application to help you make progress in your pond project.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester". The signature is written in black ink and is positioned above the typed name and title.

Steve Lester
Water Rights Supervisor
