I Recently ran 2-Water Master Reports for Water District 57C.

I used AJS to get a name list for one and WRS to get two, the delivery list. I made my selection files for both by water district number.

I since have found out that neither list included all of the names or all of the delivery rights.

The main reason I have since found out is that many of the rights are missing the irrigation district flag.

So, reliability of getting all of the names with the rights would be better researched by the source and not by the water district number.

DIRECTOR

Dear Bob,

1. These are replacement reports from the ones handed out at your home February 5, 1996. Please disregard the old ones.
2. The reports lacked some owners due to the technical information for building the reports were missing.
3. The first report named, Water Master Report shows the original decree list of deliverable rights.
4. The second report named, Adjudication Water Master Report shows the same rights. It however, doesn't include all of the rights recommended to the court such as US DEPT OF INTERIOR rights. The intent here Bob, is to show the list of the owners as submitted to the director's report.
5. I am sending these replacement reports to yourself, John Fuquay, Sam Steiner, Jay Cox, Nick Nettleton and Don Barnhill.
6. If there is someone that needs a replacement list, not listed on Item #5, please contact me and I will send this letter with the replacement report as requested.
7. If you have any questions on how the old reports were made versus these new reports, please feel free to contact me.

Sincerely,

Ron Howerton
