MEMORANDUM

To: Castle Creek Water District #57C file.
Through: John Westra
From: Mel Schulte *MS*
Date: February 4, 1997

I attended the above referenced districts annual meeting on February 3rd at the Bob Collette ranch.

There were five water users in attendance. The meeting was conducted by Nick Nettleton and lasted about twenty minutes. They reported that last year was the first year in many years they called the water master to duty and that was only to lock one headgate.

Sam Steiner was re-elected water master but he was not in attendance at the meeting. A motion was made, seconded and voted on to retain the same budget as last year. In the only other significant business Jay Cox was elected to replace a position on the advisory committee but I don't recall who he is replacing.

The last item of discussion involved this years snow pack and their projection for water volume which everyone agreed appeared to be good.
