Mtg @ Big Wood Canal Co. & Lee Peterson
Issue: Big Wood Canal Co shareholders who
have pulled out of canal & installed pumps

Stough & Yeh

- Community Ditch (NR. grading?)
- diverting Carey Act H₂O & Decree water
- user has pulled out of ditch & put pump
on Little Wood River w/no transfer, mess device
etc... these are domestic uses.

BWCC

- if canal share & intake $< 1.5''$, they will
w/ave mess. device requirement.
- there are a few ~~to~~ dy pumps in violation
-
- there are some pumps not in BWCC or Anfalls
& have no RTS at all.

Carey Act Water - Big Wood Canal shares @
~~An Falls~~

Some users may have both decreed rts & Carey Act H₂O

Summary

- Wm has responsibility of all diversion from nat. stream / rivers
 - Wm shuts off diversions if as pt or other authority, may coord w/ EDWR on NDVS.
- BWCC will identify re-diversions & if they are sanctioned by them
- Allen / EDWR will assist w/ form & help identify the re-diversions Info needed:
 - Name & Address
 - PDS Location
 - # shares, PD sanctioned by BWCC
 - ~~best~~ near - device requirements
 - comments

Allen suggested that EDWR could add comments to DB / rts reflecting these changes.

BWCC needs policy / resolutions w/ criteria, as to what / how these would be ^{approved} ~~monitored~~, ~~monitored~~.

BWCC / WD 37 working w/ Brockway on GPSing of all diversions - could use help from EDWR
Should also look @ developing H₂O rts ^{Acctg.} program & database of diversions.
