Dear Mr. Niggerson;

Department of Water Resources

I wish to convey to you our sincere thanks for the public meeting which you conducted in Moore, Id. on Aug. 10th. I believe that this meeting did more to start mending the serious breach that had occurred in our community than any other action in the past three years. This is the first time all the concerned parties could meet and speak without the heated debates.

I have great hopes for your proposed "Lost River Water Compromise Committee". I would like to offer the services of myself and/or my husband David to serve on this committee if we could be of any help. I feel that with the gains made toward compromise last evening, this committee, if organized with all deliberate speed, is our best shot at finally reaching an agreement with all parties concerned.

Sincerely
Lois
