ATTN. Tim Luke F DWR

Tim,

Here is a revised copy of the water Rotation agreement between us and Reno. Dad said he had a discussion this morning with you about Sprocklein. I hope he clarified his lies about his right in our ditch and his so called irrigation of his land. Also he had no right tampering with our locked head gate especially after Doug Roberson told him he had no right in that ditch. I hope you will let Sprocklein know it is against the law to tamper with another persons water or head gate. The incident with Sprocklein occurred on October 6th. Thank you.

Sofie

Water Rotation Agreement

Reno Right No. 34-00470 A.

September 25, 2000

Johnson Right No. 34-00704 A. 34-0703A.

This agreement between Lynn Reno and Scott or Victor Johnson is for the purpose of combining water rights 34-00470 A., right 34-00704 A. and right 34-0703A. for irrigation of lands involved with these rights. Reno shall use the combined right approximately 80% of the irrigation season and Johnson shall use the combined right approximately 17% of the irrigation season. This agreement may be terminated if or when Reno or Johnson feel that the rotation of these water rights are no longer needed.

Lynn Reno

Scott or Victor Johnson
