C.L. "BUTCH" OTTER

Governor

DAVID R. TUTHILL, JR.

Director

August 7, 2007

Re: Notice Regarding Participation in a Ground Water District as a Nonmember for Mitigation Purposes Only, Blue Lakes and Snake River Farm Delivery Calls, Water District Nos. 34 and 130.

Affected Right No(s):

Dear Water Right Holder:

This letter provides notice pursuant to 2006 Idaho Session Laws 1089 that you may need to join a ground water district solely for mitigation purposes to ensure that the above referenced ground water rights are included in a 2007 mitigation or replacement water plan (herein referred to as mitigation plan) approved by the Idaho Department of Water Resources (Department).

Recipients of this notice have fifteen (15) days to petition to join a ground water district for mitigation of the above referenced ground water right(s) or provide evidence that the right(s) is included in one of several Department accepted mitigation plans provided by the Idaho Ground Water Appropriators (IGWA) and its member ground water districts, and the Idaho Dairy Association (IDA). Petitions to join a ground water district should be filed with the ground water district located nearest the lands to which your right(s) is appurtenant.

A warning letter was sent to you on April 30, 2007 notifying you that the right(s) identified above would likely be curtailed in 2007 as a result of the Blue Lakes Trout and Snake River Farm delivery calls. Fortunately, curtailment of junior ground water rights were avoided this year as a result of the mitigation plans provided by IGWA and IDA. Your water right(s) may not be covered by one of these mitigation plans.

The above referenced right(s) may not currently be included in a ground water district because they are either located outside the boundaries of a ground water district or are used for non-irrigation purposes. Other recipients of this notice include members of the Carey Valley Ground Water District (CVGWD), which was organized in November, 2006. The Department understands that the CVGWD is not an IGWA member and therefore not covered by IGWA's 2007 mitigation plan. If you are a member of the CVGWD you will need to work with the district to assure that the above right(s) are included or covered by an approved mitigation plan.

The Director of the Department may take any appropriate action within his authority to assure that recipients of this letter and the right or rights identified herein are covered by an approved mitigation plan. If your right(s) identified in this notice have already been included in a ground water district for mitigation purposes or is included in another approved mitigation plan, then please contact the water district watermaster directly or have the ground water district or other

August 7, 2007

Page 2

mitigating entity contact the watermaster with verification regarding inclusion of your rights. Generally, a petition for annexation or inclusion of rights in the ground water district for mitigation purposes is acceptable.

Maps and contact information for ground water districts can be found on the IDWR website at: http://www.idwr.idaho.gov/water/districts/other_water_districts.htm . Information pertinent to all orders and correspondence concerning the Thousand Springs delivery calls can be found on the IDWR website at: <http://www.idwr.idaho.gov/Calls/Spring%20Users%20Calls/default.htm> . The delivery call was made under the Department's Rules for Conjunctive Management of Surface and Ground Water Sources (IDAPA 37.03.11). This notice has been sent pursuant to the Director's Order of May 19, 2005 and July 8, 2005, issued in response to the Blue Lakes Trout and Snake River Farm delivery calls, and Legislative House Bill No. 737, 2006 Idaho Session Laws 1089, adopted by the Idaho Legislature in 2006.

Sincerely,

A handwritten signature in dark ink, reading "David R. Tuthill, Jr." with a stylized flourish at the end.

David R. Tuthill, Jr.
Director
