Dear Mr. Tuthill:

In viewing the 2008 year end summary for the "Water District #34-Big Lost River Above Reservoir Flow Accounting" system, it was noticed that there was a total of 4,846.3AF overage of delivered decree water as shown in the attachment.

Would you please explain in writing to the Board of Directors of the Big lost River Irrigation District why there is a 4,846.3AF overage in the distribution of the water above the reservoir. The river was connected from May 18, 2008 until July 18, 2008 where over 90% of the overage is shown to have occurred.

Thank you for your attention to this matter. We look forward to your answer.

Sincerely,

James Rindfleisch, Manager and
Board members of Big Lost River Irrigation District
