

WATER DISTRICT MEETING NOTES

DISTRICT # 65A, SQUAW CREEK

March 6, 2006

I attended the annual meeting today in Ola. Results follow:

The meeting was "status quo" with the same officers, watermaster, budget and assessments.

The same three people were elected to the Advisory Committee and Credentials Committee: Vaughn Spiker, Mark Johns and Debbie Carlock.

Debbie and another new person represented "new blood" attending the meeting, a welcome addition.

MacKenzie was not present so discussion of Ola problems was minimal.

Snow pack for Sagehen Reservoir looks very good. This might mean a later start date for use of storage water, increasing the chances for good carryover for next year.

I mentioned that Western Region will be primarily focused on completing the SRBA for the first half of this year. Public service will still be provided but at reduced levels, things might take longer. Encouraged them to make appointments instead of dropping in, and to use the Internet if they can (gave them updated guides to IDWR website).

2007 meeting - 1st Monday of March, Ola Community Hall but at 12:00 (not 1:00.)
