Steve or John,
Do either of you know whether WD 78-C or 78-A keeps records on water stored or released at Brundage and Goose Lake reservoirs? The 2004 water district records would be in your office.

Subject: Reservoir storage and release data

Hello,

I am looking for reservoir storage and release data in the Little Salmon River subbasin for the year 2004. I believe the water districts there are Big Creek (District 78A) and Goose Creek (District 78C). I think the only reservoirs are Goose Lake and Brundage Reservoirs.

If it is in hard copy, my fax # is 373-0143.

Thank you so much for any information you can provide!
