Concerning the water delivered in Water District 41 in 2007

The tradition of letting ditches take all the water they wanted continued this past year. Water was short on the 20th of May and I started adjusting the ditches to their decreed amounts at that time. Water was short the rest of the year in the landing drainage, but there was enough in the rest of the valley to fill the other rights until the 10th of July when some of the younger rights were cut. After some rains in the end of July the cut rights were turned back on. I started pulling the locks off on Sept. 15th.
