Tim - Try 862-9214 for Nate Robinson. Try 678-1101 for Kelly Adams (I think that is his work phone). I just spoke to the Oakley Canal Co. (862-3356 9 am to 2 pm) on Birch & Cottonwood Creeks. They have 2 brand-new ditch riders who don't know anything at this point; James Mullen will do Cottonwood Cr, and Rychael Ure will do Birch Creek. I don't know if they would be helpful for what you have in mind.

Jim,

Do you have a phone number for Nate Robinson or Kelley Adams. Who is the current watermaster for Birch and Cottonwood Creeks? Is it Slint Muhlestein still?

You probably know that other involved family members basin 45 would include someone from the Cranney family (maybe Mike)
Pickett family (maybe David)
Funk family (maybe Darrell)
Louis Bettencourt is buying up a lot of land over in that area.
Robinson family
Critchfield family

Lambert Produce and Drakos have a lot of land holdings but we have still not resolved their NOV so not sure to include them.

These are just suggestions in addition to Jim's

Tim - How about Russell Patterson or Joe Tugaw from 45-O, Basil Fairchild from 45-A, Nate Robinson from 45-B, & Kelly Adams from 45-C. These guys are all active in their various districts. I did not list the various watermasters, as I thought that might be a conflict of interest. I can find more names if you need them.

Jim, Allen,

I need to organize a Water District 140 steering committee and meeting rather quickly and need some help with names or potential contacts. Any suggestions on water users from Birch, Basin, and Goose Creeks, as well as WD45-O Golden Valley area? Let me know.

Tim
