RE: Reconstruction of existing diversion

Gentlemen:

As you know I again met with Rod today to clarify the letter I wrote 3/29/2006 regarding this matter. I now understand the pump will be relocated to a place closer to the diversion point. This detail does not matter to IDWR, the point of diversion is the issue. To clarify this matter please change the wording of the last sentence of the 3/29 letter to read; "I understand the new structure will divert to a buried pipeline that will convey water to the delivery system".

This letter is intended to supplement my 3/29/2006 letter.

I hope this clarification helps. If you need something more please feel free to contact this office.

Sincerely,

Allen Merritt, PE
Southern Region Manager
